This market research report examines the foreign trade of Lithuania and its perspectives on the global market for stearic acid.

The report will be of considerable interest primarily to relevant strategic planners, senior company officials and importers/exporters, since it features invaluable information on stearic acid export/import operations in Lithuania. The 2005-2015 period is covered, with more emphasis on foreign trade in 2015.

The report studies how Lithuania behaves on the global market for stearic acid. It also assesses the dynamics of country's foreign trade in stearic acid in 2005-2015. The report indicates major suppliers and consumers of stearic acid in Lithuania. The final chapter provides in-depth analysis of prospects for the country's foreign trade in stearic acid, as well the forecast for the development of the market for stearic acid up to 2020. Such parameters as trade value (\$) and net weight (kg) are used in the analysis. We present average price forecast for stearic acid.

More than 10 tables and diagrams comprise data on foreign trade in over 100 countries.

Table of Content
