Abstracts

This market research report examines the foreign trade of Russia and its perspectives on the global market for scintigraphic apparatus.

The report will be of considerable interest primarily to relevant strategic planners, senior company officials and importers/exporters, since it features invaluable information on scintigraphic apparatus export/import operations in Russia. The 2013-2023 period is covered, with more emphasis on foreign trade in 2023.

The report studies how Russia behaves on the global market for scintigraphic apparatus. It also assesses the dynamics of country's foreign trade in scintigraphic apparatus in 2013-2023. The report indicates major suppliers and consumers of scintigraphic apparatus in Russia. The final chapter provides in-depth analysis of prospects for the country's foreign trade in scintigraphic apparatus, as well the forecast for the development of the market for scintigraphic apparatus up to 2028. Such parameters as trade value (\$) and net weight (kg) are used in the analysis. We present average price forecast for scintigraphic apparatus.

More than 10 tables and diagrams comprise data on foreign trade in over 100 countries.
