Abstracts

This market research report examines the foreign trade of Slovakia and its perspectives on the global market for electrical energy.

The report will be of considerable interest primarily to relevant strategic planners, senior company officials and importers/exporters, since it features invaluable information on electrical energy export/import operations in Slovakia. The 2011-2021 period is covered, with more emphasis on foreign trade in 2021.

The report studies how Slovakia behaves on the global market for electrical energy. It also assesses the dynamics of country's foreign trade in electrical energy in 2011-2021. The report indicates major suppliers and consumers of electrical energy in Slovakia. The final chapter provides in-depth analysis of prospects for the country's foreign trade in electrical energy, as well the forecast for the development of the market for electrical energy up to 2026. Such parameters as trade value ($) and net weight (kg) are used in the analysis. We present average price forecast for electrical energy.

More than 10 tables and diagrams comprise data on foreign trade in over 100 countries.
