## Abstracts

This market research report examines the foreign trade of South Africa and its perspectives on the global market for electro-cardiographs.

The report will be of considerable interest primarily to relevant strategic planners, senior company officials and importers/exporters, since it features invaluable information on electro-cardiographs export/import operations in South Africa. The 2013-2023 period is covered, with more emphasis on foreign trade in 2023.

The report studies how South Africa behaves on the global market for electro-cardiographs. It also assesses the dynamics of country's foreign trade in electro-cardiographs in 2013-2023. The report indicates major suppliers and consumers of electro-cardiographs in South Africa. The final chapter provides in-depth analysis of prospects for the country's foreign trade in electro-cardiographs, as well the forecast for the development of the market for electro-cardiographs up to 2028. Such parameters as trade value (\$) and net weight (kg) are used in the analysis. We present average price forecast for electro-cardiographs.

More than 10 tables and diagrams comprise data on foreign trade in over 100 countries.
