This market research report examines the foreign trade of South Africa and its perspectives on the global market for urea.

The report will be of considerable interest primarily to relevant strategic planners, senior company officials and importers/exporters, since it features invaluable information on urea export/import operations in South Africa. The 2005-2015 period is covered, with more emphasis on foreign trade in 2015.

The report studies how South Africa behaves on the global market for urea. It also assesses the dynamics of country's foreign trade in urea in 2005-2015. The report indicates major suppliers and consumers of urea in South Africa. The final chapter provides in-depth analysis of prospects for the country's foreign trade in urea, as well the forecast for the development of the market for urea up to 2020. Such parameters as trade value (\$) and net weight (kg) are used in the analysis. We present average price forecast for urea.

More than 10 tables and diagrams comprise data on foreign trade in over 100 countries.
