Abstracts

This market research report examines the foreign trade of Trinidad and Tobago and its perspectives on the global market for phosphates of potassium.

The report will be of considerable interest primarily to relevant strategic planners, senior company officials and importers/exporters, since it features invaluable information on phosphates of potassium export/import operations in Trinidad and Tobago. The 2013-2023 period is covered, with more emphasis on foreign trade in 2023.

The report studies how Trinidad and Tobago behaves on the global market for phosphates of potassium. It also assesses the dynamics of country's foreign trade in phosphates of potassium in 2013-2023. The report indicates major suppliers and consumers of phosphates of potassium in Trinidad and Tobago. The final chapter provides in-depth analysis of prospects for the country's foreign trade in phosphates of potassium, as well the forecast for the development of the market for phosphates of potassium up to 2028. Such parameters as trade value (\$) and net weight (kg) are used in the analysis. We present average price forecast for phosphates of potassium.

More than 10 tables and diagrams comprise data on foreign trade in over 100 countries.
