Abstracts

This market research report examines the foreign trade of Ukraine and its perspectives on the global market for petroleum bitumen.

The report will be of considerable interest primarily to relevant strategic planners, senior company officials and importers/exporters, since it features invaluable information on petroleum bitumen export/import operations in Ukraine. The 2002-2008 period is covered, with more emphasis on foreign trade in 2008.

The report studies how Ukraine behaves on the global market for petroleum bitumen. It also assesses the dynamics of country's foreign trade in petroleum bitumen in 2002-2008. The report indicates major suppliers and consumers of petroleum bitumen in Ukraine. The final chapter provides in-depth analysis of prospects for the country's foreign trade in petroleum bitumen, as well the forecast for the development of the market for petroleum bitumen in 2010-2013. Such parameters as trade value (\$) and net weight (kg) are used in the analysis. We present average price forecast for petroleum bitumen.

More than 10 tables and diagrams comprise data on foreign trade in over 100 countries.
