## Abstracts

This market research report examines the foreign trade of United States and its perspectives on the global market for ethylene.

The report will be of considerable interest primarily to relevant strategic planners, senior company officials and importers/exporters, since it features invaluable information on ethylene export/import operations in United States. The 2013-2023 period is covered, with more emphasis on foreign trade in 2023.

The report studies how United States behaves on the global market for ethylene. It also assesses the dynamics of country's foreign trade in ethylene in 2013-2023. The report indicates major suppliers and consumers of ethylene in United States. The final chapter provides in-depth analysis of prospects for the country's foreign trade in ethylene, as well the forecast for the development of the market for ethylene up to 2028. Such parameters as trade value (\$) and net weight (kg) are used in the analysis. We present average price forecast for ethylene.

More than 10 tables and diagrams comprise data on foreign trade in over 100 countries.
