## **Abstracts**

Global Refrigerated Display Cases Market is estimated to reach \$24.6 Billion by 2024; growing at a CAGR of 9.5% from 2016 to 2024. Refrigerated Display Cases are designed to store and display food products at retail stores, supermarkets, and grocery stores. It also ensures food safety and increases the shelf life. Surge in demand for fresh-cut products and ready-to-eat foods have led to advancements in refrigerated display cases that enables the food industry to display their products as well as to maintain quality for longer period of time. Moreover, growing awareness on environmental conservation, manufacturers are now investing in technologies that would reduce power consumption in stores, recycle article containers and others.

The factors propelling the growth of the global market include increased consumption of chilled and frozen food, growth in food industry, rising demand from medical and biomedical sector, and need for energy-efficient refrigerated cases. Though, restricted adoption among remote areas would restrain the market growth. Besides, growing commercial infrastructure in emerging economies and technological advancements would create future opportunities in years to come.

The global refrigerated display cases market is bifurcated on the basis of type, product design, and geography. Type is bifurcated as plug-in RDC and remote RDC. Product design is further categorized as vertical, horizontal, and hybrid & semi-hybrid.

By geography, the market has been bifurcated into North America, Europe, Asia-Pacific and Rest of the World (RoW). The U.S., Canada, and Mexico are covered under North America wherein Europe covers UK, Germany, France, Italy, and others. Asia-Pacific covers China, Japan, India, South Korea, and others. RoW covers South America, Middle East, and Africa.

The key players operating in this market include United Technologies Corp., Illinois Tool Works, Inc., Dover Corporation, Epta S.p.a, Panasonic Corporation, AHT Cooling System GmbH, Hussmann Corporation, Beverage-Air Corporation, Blue Star Ltd., and Daikin Industries, Ltd., among others.

The key takeaways from the report

The report will provide a detailed analysis of Global Refrigerated Display Cases Market with respect to major segments such as type, and product design

The report will include the qualitative and quantitative analysis with market estimation over 2015-2024 and compound annual growth rate (CAGR) between 2016 and 2024

Comprehensive analysis of market dynamics including factors and opportunities will be provided in the report

An exhaustive regional analysis of Global Refrigerated Display Cases Market from 2015 to 2024 has been included in the report

Profile of the key players in the Global Refrigerated Display Cases Market will be provided, which include key financials, product & services, new developments and business strategies
