Abstracts

The civil aviation flight simulation and simulation training market developed out of the need to replicate real flying training by using motion and visual systems for pilot training, evaluation of performance and for research purposes. Given the importance of aircraft safety, flight training and simulation has evolved to become a key market within the aviation Industry. Visiongain has determined that the value of the global civil aviation flight simulation and simulation training market in 2013 will reach \$5,487 million.

Visiongain expects that the market will become increasingly competitive as providers are motivated by the need to adopt advanced motion and visual technologies which replicate updated flight models and comply with regulatory requirements whilst still maintaining reasonable unit costs for their customers. The growing global demand for air travel and the subsequent hiring of new pilots over the next twenty years will provide simulator and training services providers with ample opportunities to develop and expand their businesses.

Why you should buy The Civil Aviation Flight Simulation and Simulation Training Market 2013-2023

What is the future of the world civil aviation flight simulation and simulation training market? Visiongain's comprehensive analysis contains highly quantitative content delivering clear conclusions benefiting your analysis and illustrates new opportunities and potential revenue streams helping you to remain competitive. This definitive report will benefit your decision making and help to direct your future business strategy.

Avoid falling behind your competitors, missing critical business opportunities or losing industry influence. In our new report you will discover forecasts from 2013-2023 at the

global, submarket, and regional level. The report also assesses technologies, competitive forces and expected product pipeline developments. Read on to discover the prospects for the civil aviation flight simulation and simulation training sector and find out what its future market prospects are.

We guarantee that you will receive key information benefitting you in the following way:

View global civil aviation flight simulation and simulation training market forecasts and analysis from 2013-2023 to keep your knowledge ahead of your competition and ensure you exploit key business opportunities

The report provides detailed sales projections of the market, the competitors, and the commercial drivers and restraints allowing you to more effectively compete in the market. In addition to market forecasts from 2013-2023, our new study shows current market data, and market shares

You will also discover original critical analysis, revealing insight into commercial developments

Why struggle to find key elusive market data? Why miss critical information? Our thorough report provides instant market insight

Our 242 page report provides 131 tables, charts, and graphs. Let our analysts guide you with a comprehensive assessment of the current and future civil aviation flight simulation and simulation training market prospects.

This analysis will achieve quicker, easier understanding. Also you will gain from our analyst's industry expertise allowing you to demonstrate your authority on the civil aviation flight simulation and simulation training sector

Understand what thought leaders are thinking. Leaders hold vital knowledge. Be part of this understanding.

By reading the exclusive expert interviews contained in the report you will keep up to speed with what is truly happening in the industry. Don't fall behind. You will gain a thorough knowledge on the civil aviation flight simulation and simulation training sector finding strategic advantages for

your work and will learn how your organisation can benefit.

Read the full transcripts of exclusive expert opinion interviews from leading industry specialists informing your understanding and allowing you to assess prospects for investments and sales opportunities.

Bombardier

CAE Inc.

Diamond Visionics LLC

NGRAIN Corporation

Pacific Simulators Limited

Scalable Display Technologies

Discover sales predictions for the key end use submarkets from 2013-2023

What are the secrets of the civil aviation flight simulation and simulation training industry's progress? How will these aviation markets expand? Which flight simulation and simulation training submarkets will generate the most revenue? Use our forecasts and expert insight to grow your business and give you more industry influence. Find where you can gain and how your organisation can succeed. Avoid falling behind.

Stay informed about the potential for each of these civil aviation flight simulation and simulation training submarkets with individual forecasts and analysis from 2013-2023.

Full Flight Simulation (FFS)

Fixed-base Flight Training Devices (FFTD)

Commercial Airliner Pilot Simulation Training (CA)

Business Aircraft Pilot Simulation Training (BA)

Understand the prospects for the regional civil aviation flight simulation and simulation training markets - find out where the highest revenues and opportunities will be

Learn about the market potential for civil aviation flight simulation and simulation training companies in the developed and developing countries, from 2013.onwards. You will see where and how opportunities exist with revealing individual market forecasts and analysis from 2013-2023 for 6 regional markets.

North America forecast 2013-2023

Europe forecast 2013-2023

Asia Pacific forecast 2013-2023

South America forecast 2013-2023

Middle East forecast 2013-2023

Africa forecast 2013-2023

Find out about the market dynamics & opportunities in 6 regional markets

Understand industry activity with detailed data revealing where companies are earning their revenues and with what products and with which technology.

You will be able to examine 6 detailed tables of significant regional flight simulation and simulation training contracts, projects & programmes

Explore the factors affecting product developers, and everyone within the value chain. Learn about the forces influencing market dynamics.

Explore the strengths, weaknesses, opportunities and threats (SWOT) factors affecting the industry and product development. Discover what the present and future outlook for business will be. Learn about the following business critical issues -

Research and development (R&D) strategy

Technological issues and constraints.

Supply and demand dynamics

Competition from new product types

Increasing specialisation by leading players

Increasing industry consolidation.

Demographic changes

Identify who the leading companies are in the civil aviation flight simulation and simulation training industry

Our report reveals the technologies and companies which hold the greatest potential. In particular, exploring and analyzing the activities of these companies: See where the expected gains will be. Prospects for advances in the civil aviation flight simulation and simulation training industry are strong, and from 2013 the sector holds many opportunities for revenue growth. View Visiongain's assessment of the prospects for established competitors, rising companies, and new market entrants. Our work explains that potential, helping you stay ahead. Gain a thorough understanding of the competitive landscape with profiles of 12 leading civil aviation flight simulation and simulation training companies examining their positioning, capabilities, product portfolios, R&D activity, services, focus, strategies, M&A activity, and future outlook.

Airbus

Boeing

Bombardier

CAE

Flight Safety International

Indra Sistemas

L-3 Link Simulation & Training

Lufthansa Flight Training GmbH

Mechtronix Systems

Pan Am International Flight Academy

Rockwell Collins

SIM Industries

Discover critical market share data for the leading civil aviation flight simulation and simulation players, but also further segmented by technology and application.

Leading 8 Commercial Airliner Full Flight Simulator Manufacturer Market Share

Leading 6 Business Aircraft Full Flight Simulator Manufacturer Market Share

Leading 7 Aircraft Full Flight Simulator Manufacturer Market Share

Leading 4 Full Flight Simulator Manufacturer's Product Delivery Units Market Share

Leading 5 Business Aircraft Flight Simulation Training Provider Market Share

Leading 11 Commercial Airliner Flight Simulation Training Provider Market Share

Leading 11 Aircraft Flight Simulation Training Provider Market Share

Discover Information found nowhere else in this independent assessment of the

civil aviation flight simulation and simulation training market

The Civil Aviation Flight Simulation and Simulation Training Market 2013-2023 report provides impartial civil aviation flight simulation and simulation training sector analysis. With the independent business intelligence found only in our work, you will discover where the prospects are for profit. In particular, our new research provides you with key strategic knowledge: Our informed forecasts, independent and objective analysis, exclusive interviews and revealing company profiles will provide you with that necessary edge, allowing you to gain ground over your competitors.

With this report you are less likely to fall behind in understanding or miss crucial business opportunities. You will save time and receive recognition for your market insight. See how you this report could benefit and enhance your research, analysis, company presentations and ultimately your individual business decisions and your company's prospects.

What makes this report unique?

Visiongain consulted widely with leading industry experts and full transcripts from 6 of these exclusive interviews with Bombardier, CAE, Diamond Visionics, NGRain, Pacific Simulators and Scalable Display Technologies are included in the report. Visiongain's research methodology involves an exclusive blend of primary and secondary sources providing informed analysis. This methodology allows insight into the key drivers and restraints behind market dynamics and competitive developments. The report therefore presents an ideal balance of qualitative analysis combined with extensive quantitative data including global, submarket and regional markets forecasts from 2013-2023

How The Civil Aviation Flight Simulation and Simulation Training Market 2013-2023 report can benefit you

Visiongain's report is for anyone requiring analysis of the civil aviation flight simulation and simulation training market. You will discover market forecasts, technological trends, predictions and expert opinion providing you with independent analysis derived from our extensive primary and secondary research. Only by purchasing this report will you receive this critical business intelligence revealing where revenue growth is likely and where the lucrative potential market prospects are. Don't miss this key opportunity to

gain a competitive advantage.

If you buy our report today your knowledge will stay one step ahead of your competitors. Discover how our report could benefit your research, analyses and strategic decisions, saving you time. To gain an understanding of how to tap into the potential of this market and stay one step ahead of the competition you must order now our report **The Civil Aviation Flight Simulation and Simulation Training Market 2013-2023: Avoid missing out -order our report now.**

Contents

1. EXECUTIVE SUMMARY

- 1.1 Global Civil Aviation Flight Simulation and Simulation Training Market Overview
- 1.2 Benefits of this Report
- 1.3 Who is this Report for?
- 1.4 Methodology
- 1.5 Global Civil Aviation Flight Simulation and Simulation Training Market Forecast 2013-2023
- 1.6 Civil Aviation Flight Simulation and Simulation Training Submarket Forecasts 2013-2023
- 1.7 Civil Aviation Flight Simulation and Simulation Training Regional Market Forecasts 2013-2023

2. INTRODUCTION TO THE CIVIL AVIATION FLIGHT SIMULATION AND SIMULATION TRAINING MARKET

- 2.1 Terminology
- 2.2 Brief History of Civil Flight Simulation
- 2.3 The Demand of Air Travel
- 2.4 Market Structure Overview
- 2.5 Market Definition

3. THE GLOBAL CIVIL AVIATION FLIGHT SIMULATION AND SIMULATION TRAINING MARKET FORECAST 2013-2023

- 3.1 Global Civil Aviation Flight Simulation and Simulation Training Market Forecast 2013-2023
- 3.2 Global Civil Aviation Flight Simulation and Simulation Training Market Analysis
- 3.3 Global Civil Aviation Flight Simulation and Simulation Training Market Drivers & Restraints
- 3.4 Global Civil Aviation Flight Simulation and Simulation Training Market Drivers Analysis
 - 3.4.1 Long Term Cost Saving Opportunities
 - 3.4.2 General Recovery in the Civil Aviation Industry
 - 3.4.3 Surge in Aircraft Sales
 - 3.4.4 Government Authorisation and Derivatives for Pilot Training
 - 3.4.5 Proven Results and Efficacy of Simulation

- 3.4.6 COTS Market and the Plurality of Firms Creates Competition and Advancement
- 3.5 Global Civil Aviation Flight Simulation and Simulation Training Market Restraints Analysis
 - 3.5.1 Cost per Unit of Producing FFS or FSTD Systems
 - 3.5.2 Global Economic Stagnation and Threatened State Finances
 - 3.5.3 Regulatory Rules Imposed by Aviation Authorities
 - 3.5.4 Pilot Shortages in Commercial and Business Operators
 - 3.5.5 Weak Demand from Smaller Nations

4. THE CIVIL AVIATION FLIGHT SIMULATION AND SIMULATION TRAINING SUBMARKET FORECASTS 2013-2023

- 4.1 Civil Aviation Flight Simulation and Simulation Training Submarkets 2013-2023
- 4.2 Civil Aviation Flight Simulation Full Flight Simulator (FFS) and Fixed-base Flight Training Device (FFTD) Submarket 2013-2023
 - 4.2.1 Civil Aviation Flight Simulation Full Flight Simulator (FFS) Submarket 2013-2023
 - 4.2.2 Civil Aviation Flight Simulation Fixed-base Flight Training Device (FFTD) Submarket 2013-2023
- 4.3 Civil Aviation Simulation Training Commercial Airliner (C.A.) and Business Aircraft (B.A.) Submarket 2013-2023
 - 4.3.1 Civil Aviation Simulation Training Commercial Airliner (C.A.) Submarket 2013-2023
 - 4.3.2 Civil Aviation Simulation Training Business Aircraft (B.A.) Submarket 2013-2023
- 4.4 Civil Aviation Flight Simulation (F.S.) and Simulation Training (S.T.) Submarket 2013-2023

5. REGIONAL CIVIL AVIATION FLIGHT SIMULATION AND SIMULATION TRAINING MARKETS FORECAST 2013-2023

- 5.1 Regional Civil Aviation Flight Simulation and Simulation Training Markets Share Forecast 2013-2023
- 5.2 North American Civil Aviation Flight Simulation and Simulation Training Market 2013-2023
 - 5.2.1 North American Civil Aviation Flight Simulation and Simulation Training Market Drivers & Restraints
 - 5.2.2 Will The North American Civil Aviation Flight Simulation and Simulation Training Market Stay Attractive?
 - 5.2.3 North American Civil Aviation Flight Simulation and Simulation Training Market Contracts & Programmes

5.3 European Civil Aviation Flight Simulation and Simulation Training Market 2013-2023

5.3.1 European Civil Aviation Flight Simulation and Simulation Training Market Drivers & Restraints

5.3.2 Will European Civil Aviation Flight Simulation and Simulation Training Market Still Be The Second Largest Player in 2023?

5.3.3 European Civil Aviation Flight Simulation and Simulation Training Market Contracts & Programmes

5.4 Asia Pacific Civil Aviation Flight Simulation and Simulation Training Market 2013-2023

5.4.1 Asia Pacific Civil Aviation Flight Simulation and Simulation Training Market Drivers & Restraints

5.4.2 What Factors are Driving Growth in Asia Pacific Civil Aviation Flight Simulation and Simulation Training?

5.4.3 Asia Pacific Civil Aviation Flight Simulation and Simulation Training Market Contracts & Programmes

5.5 South American Civil Aviation Flight Simulation and Simulation Training Market 2013-2023

5.5.1 South American Civil Aviation Flight Simulation and Simulation Training Market Drivers & Restraints

5.5.2 Where are the Opportunities in the South American Civil Aviation Flight Simulation and Simulation Training Market?

5.5.3 South American Civil Aviation Flight Simulation and Simulation Training Market Contracts & Programmes

5.6 Middle Eastern Civil Aviation Flight Simulation and Simulation Training Market 2013-2023

5.6.1 Middle Eastern Civil Aviation Flight Simulation and Simulation Training Market Drivers & Restraints

5.6.2 Will the Middle Eastern Civil Aviation Flight Simulation and Simulation Training Market Surpass South America?

5.6.3 Middle Eastern Civil Aviation Flight Simulation and Simulation Training Market Contracts & Programmes

5.7 African Civil Aviation Flight Simulation and Simulation Training Market 2013-2023

5.7.1 African Civil Aviation Flight Simulation and Simulation Training Market Drivers & Restraints

5.7.2 When will the African Civil Aviation Flight Simulation and Simulation Training Market Deliver on its Potential?

5.7.3 African Civil Aviation Flight Simulation and Simulation Training Market Contracts & Programmes

6. SWOT ANALYSIS OF THE CIVIL AVIATION FLIGHT SIMULATION AND SIMULATION TRAINING MARKET 2013-2023

6.1 Strengths

- 6.1.1 Cost Advantages
- 6.1.2 Long Term Demand
- 6.1.3 Best Practice

6.2 Weaknesses

- 6.2.1 Delayed Uptake
- 6.2.2 Barriers to Entry
- 6.2.3 Technological Limitations

6.3 Opportunities

- 6.3.1 Market and Technological Openness
- 6.3.2 Growing Markets
- 6.3.3 A Move towards the 'Online World'
- 6.3.4 Low Cost Carriers
- 6.3.5 Adapting to New Training Requirements

6.4 Threats

- 6.4.1 Double Dip Recession
- 6.4.2 Intellectual Property Rights
- 6.4.3 Uncertain Fuel Prices

7. EXPERT OPINION

7.1 Bombardier Inc.

- 7.1.1 Profile of Mr Leon Botteron
- 7.1.2 Products and Services
- 7.1.3 Bombardier Aerospace Operations
- 7.1.4 Technologies Impacting the Civil Aviation Flight Simulation and Simulation Training Market
- 7.1.5 Challenges for the Industry

7.2 CAE Inc.

- 7.2.1 Profile of Mr Nick Leontidis
- 7.2.2 CAE Products and Services
- 7.2.3 CAE Inc. Business Operations
- 7.2.4 Current Trends in the Global Market
- 7.2.5 Technological Developments in the Global Market

7.3 Diamond Visionics LLC

- 7.3.1 Profile of Mr Daniel Peters

- 7.3.2 Diamond Visionics Products
- 7.3.3 Customer Based and Operations
- 7.3.4 Industry Developments
- 7.3.5 Future Market Opportunities
- 7.3.6 Trends for the Market
- 7.4 NGRain Corporation
 - 7.4.1 Profile of Mr Carl Byers
 - 7.4.2 NGRain's Products and Services
 - 7.4.3 NGRain's Areas of Operation
 - 7.4.4 Industry Trends and Developments
 - 7.4.5 Market Challenges and Opportunities
 - 7.4.6 Simulation Product Market Outlook
- 7.5 Pacific Simulators Limited
 - 7.5.1 Profile of Mr Iain Pero and Pacsim Products
 - 7.5.2 Customer Base and Current Trends
 - 7.5.3 Technological Developments for the Business
 - 7.5.4 Challenges and Opportunities for the Industry
- 7.6 Scalable Display Technologies
 - 7.6.1 Profile of Mr Andrew Jamison and Company Service
 - 7.6.2 Technological Developments and Factors to Consider

8. LEADING COMPANIES IN THE CIVIL AVIATION FLIGHT SIMULATION AND SIMULATION TRAINING MARKET

- 8.1 Airbus S.A.S
 - 8.1.1 How does Airbus S.A.S perform in the Civil Aviation Simulation Training Market?
 - 8.1.2 Airbus Flight Training Services Competitors
- 8.2 Boeing Company
 - 8.2.1 Will Boeing Company Stay Competitive In The Civil Aviation Flight Simulation and Simulation Training Market?
 - 8.2.2 Boeing Training & Flight Services Competitors
- 8.3 Bombardier Inc.
 - 8.3.1 What Strategy has Bombardier Aerospace Adopted in the Civil Aviation Simulation Training Market?
 - 8.3.2 Bombardier Aircraft Training Competitors
- 8.4 CAE Inc.
 - 8.4.1 Will CAE Inc. Achieve a Monopoly In The Civil Aviation Flight Simulation and Simulation Training Market?
 - 8.4.2 CAE Inc. Competitors

8.4.3 CAE Inc. M&A Activity

8.5 FlightSafety International Inc.

8.5.1 Which Sector of the he Flight Simulation and Simulation Training Market is FlightSafety International Inc. Focusing on?

8.5.2 FlightSafety International Inc. Competitors

8.6 Indra Sistemas S.A

8.6.1 What Advantages does Indra Sistemas S.A have in the Civil Aviation Flight Simulation Market?

8.6.2 Indra Sistemas S.A Competitors

8.7 L-3 Link Simulations and Training

8.7.1 How has the Acquisition of Thales Simulations and Training affected L-3 Link Simulations and Training?

8.7.2 L-3 Link Simulations and Training Competitors

8.7.3 L-3 Link Simulations and Training M&A Activity

8.8 Lufthansa Flight Training GmbH

8.8.1 What Makes Lufthansa Flight Training GmbH A Unique Player In The Civil Aviation Simulation Training Market?

8.8.2 Lufthansa Flight Training GmbH Competitors

8.9 Mechtronix Systems Inc.

8.9.1 What Simulation & Training Products does Mechtronix Systems Inc. Offer?

8.9.2 Mechtronix Systems Inc. Competitors

8.10 Pan Am International Flight Academy

8.10.1 Pan Am International Flight Academy to be Purchased by ANA Holdings

8.10.2 Pan Am International Flight Academy Competitors

8.10.3 Pan Am International Flight Academy M&A Activity

8.11 Rockwell Collins Inc.

8.11.1 What Role Does Rockwell Collins Inc. Play in the World Civil Aviation Flight Simulation Market?

8.11.2 Rockwell Collins Inc. Competitors

8.12 SIM Industries

8.12.1 What is SIM Industries' Development Strategy?

8.12.2 SIM Industries Competitors

8.13 Other Leading Companies in the Global Civil Aviation Flight Simulation and Simulation Training Market

9. CONCLUSION

9.1 Global Civil Aviation Flight Simulation and Simulation Training Market Outlook

9.2 Civil Aviation Flight Simulation and Simulation Training Market Drivers & Restraints

9.3 Global Civil Aviation Flight Simulation and Simulation Training Market Forecast
2013-2023

9.4 Civil Aviation Flight Simulation and Simulation Training Submarket Forecasts
2013-2023

9.5 Civil Aviation Flight Simulation and Simulation Training Regional Market Forecasts
2013-2023

10. GLOSSARY

About

Expert Opinion

Bombardier Inc.

Bombardier is the world's only manufacturer of planes and trains. Bombardier* Aerospace designs, manufactures and supports innovative aviation products for the business, commercial, specialized and amphibious aircraft markets. Also, Bombardier is one of the only business jet manufacturers to provide training on its own aircraft programs. This includes Learjet*, Challenger* and Global* flight and maintenance technician training, provided through its state-of-the-art classroom technology systems, and its suite of high fidelity training devices and certified Level D Full Flight Simulators. Bombardier operates two flagship training facilities – in Montréal and Dallas – and worldwide facilities through Authorized Training Provider (ATP) agreements.

The following interview was conducted in August 2013. The interviewee from Bombardier Aerospace, Mr. Leon Botteron, is the General Manager of Bombardier Aircraft Training.

Visiongain would like to thank Mr Leon Botteron and Bombardier for their cooperation and contribution.

Profile of Mr Leon Botteron

Visiongain: Could you outline your background and role with Bombardier?

Mr Leon Botteron: I am the General Manager of Bombardier Aircraft Training. I have over 25 years of experience in the Aerospace industry. I began my career with Bombardier in 2000 as the Director of Business Analysis for Bombardier FlexJet and then held several management positions within Bombardier including Director for Strategic Planning & Operational Excellence, Director of Finance, and Regional Vice President, Bombardier Business Aircraft Service Centres. Appointed to my current position of General Manager, Bombardier Aircraft Training in August 2009, I am responsible for leading the Bombardier Aircraft Training business with locations in Montréal and Dallas, and I lead a team of 275 whose key focus is providing Bombardier customers with the highest quality learning experience through advanced training methods and exceptional customer service. Additional responsibilities include managing

Bombardier's Authorized Training Provider network both domestically and internationally to ensure quality training is available to over 10,000 customers worldwide.

I would like to order
