## Abstracts

The report on global Angioplasty Balloons market evaluates the growth trends of the industry through historical study and estimates future prospects based on comprehensive research. The report extensively provides the market share, growth, trends and forecasts for the period 2018-2025. The market size in terms of revenue (USD MN) is calculated for the study period along with the details of the factors affecting the market growth (drivers and restraints).

### Drivers

Technological advancement

Rising cases of cardiovascular diseases

### Restraints

High cost

Stringent safety regulations

Furthermore, the report quantifies the market share held by the major players of the industry and provides an in-depth view of the competitive landscape. This market is classified into different segments with detailed analysis of each with respect to geography for the study period:

Base Year: 2018

Estimated Year: 2019

Forecast Till: 2025

The comprehensive value chain analysis of the market will assist in attaining better product differentiation, along with detailed understanding of the core competency of each activity involved. The market attractiveness analysis provided in the report aptly measures the potential value of the market providing business strategists with the latest growth opportunities.

The report classifies the market into different segments based on product type, application and end-user. These segments are studied in detail incorporating the market estimates and forecasts at regional and country level. The segment analysis is useful in understanding the growth areas and probable opportunities of the market.

The report also covers the complete competitive landscape of the worldwide market with company profiles of key players. A detailed description of each has been included, with information in terms of H.Q, future capacities, key mergers & acquisitions, financial overview, partnerships, collaborations, new product launches, new product developments and other latest industrial developments.

#### SEGMENTATIONS IN THE REPORT:

##### By Product Type:

Normal Balloons

Scoring Balloons

Drug Eluting Balloon

Cutting Balloon

##### By Applications:

Coronary

Peripheral

By End-User:

Hospitals

Ambulatory Surgical Centers

Catheterization Labs

By Geography:

North America (NA) – US, Canada & Rest of North America

Europe (EU) – UK, Germany, France & Rest of Europe
