## Abstracts

The global demand for Chikungunya Fever treatment options is expected to report strong growth over the medium to long term future driven by consumption in major markets. Strong growth prospects of drugs for Chikungunya Fever are driving leading companies to invest their resources on the pipeline.

Companies quickly advancing their drug candidates to advanced phases will evolve as top performers. However, challenges of completing clinical trials on schedules and inadequate financial support are holding some of the Chikungunya Fever pipeline companies from advancing their products.

### Chikungunya Fever Report Description

The H1-2019 pipeline review report on Chikungunya Fever is a comprehensive study on drug candidates across different phases worldwide. This report evaluates each of the pipeline products in terms of their current status, regulatory progress and expected phase completion date.
