Abstracts

Advertising Display Companies are revising their long-term strategies to emerge stronger in the post-COVID pandemic scenario. After facing series of challenges such as supply chain disruption, demand fluctuations, other pressing concerns during 2020, companies are revising their strategies through modifying the composition of product portfolios, investing in capital expenditures, R&D strategies, mergers and acquisitions, and other growth strategies.

The report analyzes multiple recovery scenarios considering evolving Advertising Display market demand, economic recovery conditions, and other global and regional changes. The impact of the COVID-19 crisis on long-term Advertising Display markets, growth outlook across types and application segments, strategies for emerging from the crisis are detailed in the report. The global semiconductors and electronics industry witnessed diverse trends over the past two years with manufacturing and other heavy industries facing operational challenges due to restricted cash flow during the pandemic. On the other hand, data center services, cloud computing, and other online supporting sectors gained significantly from the market trends. End-user spending of Advertising Display market is expected to rebound significantly over the near term future.

Key Strategies set to impact the global Advertising Display companies beyond 2021

To emerge strongly from the COVID-19 crisis, Advertising Display companies are likely to develop effective crisis-management strategies including emphasis on next-generation products, and solutions, Modestly reducing Advertising Display R&D budgets, Constant monitoring on Advertising Display market trends, Systematic

approaches to investment/divestment, Carefully launching marketing strategies, Strengthening long term contracts, Others

The global semiconductors, electronics, information, communication, and technology industry witnessed diverse trends over the past two years with manufacturing and other heavy industries facing operational challenges. On the other hand, data center services, cloud computing, and other online supporting sectors gained significantly from the market trends.

Report Description

Introduction to Advertising Display market research, 2021

The global Advertising Display market report presents comprehensive coverage of Advertising Display market trends, drivers, opportunities, and presents unique market opportunities for companies operating and expanding in the Advertising Display industry. It is a focused research study on Advertising Display markets and presents the outlook for global and regional markets over the eight years to 2028.

The strategic analytical multi-client study presents unbiased and actionable insights into the global Advertising Display markets. Compiled with transparent methodology, the Advertising Display market report enables clients to gain a clear understanding of the Advertising Display market trends and insights.

Post COVID-19 Recovery Scenarios

Both recovery scenarios suggest year-on-year revenue growth in the Advertising Display market during 2021. Most end-user markets continue to recover, mostly due to the demand in 2020 was lower than in previous years. Beyond 2021, Advertising Display companies will have to formulate long-term plans, evaluate potential scenarios, and re-orient both strategies and operations to emerging market trends through constant monitoring of industry shifts and geopolitical responses.

The report presents analysis and outlook across two post COVID-19 recovery scenarios along with pre-COVID cases.

To enable companies to quickly analyze the Advertising Display industry landscape and to re-align their strategies to stay ahead of the competition, the report presents the below scenarios:

Reference Case: Contained health impact, rapid recovery and quick growth rebound

Severe Case: High levels of health impact, prolonged recovery and slow economic rebound

Pre COVID Case: Comparative study of different outlook cases with pre-COVID cases

Segmentation Analysis of Advertising Display markets

The Advertising Display market study analyzes short-term and long-term trends, insights, niche opportunities, across types, applications, end-user markets, and countries. Six regions including Asia Pacific, Europe, North America, Latin America, Middle East & Africa.
