Abstracts

2020 Anemia in Chronic Kidney Disease PIPELINE HIGHLIGHTS

Anemia in Chronic Kidney Disease is one of the widely researched conditions during 2020 with 25 companies actively focusing on realizing pipeline's potential.

Development of Anemia in Chronic Kidney Disease medicines is identified as integral to the strategy of the majority of companies operating in the industry.

Global Anemia in Chronic Kidney Disease market presents promising new product pipeline with NME Projects, pivotal trials, and rapidly phase-advancing therapeutic candidates. Increasing number of companies are assessing the feasibility of developing treatment options for Anemia in Chronic Kidney Disease.

Good progress is anticipated during 2020 and 2021 with Anemia in Chronic Kidney Disease pipeline molecules advancing from pre-clinical investigation to completion of advanced Phase clinical trials. Anemia in Chronic Kidney Disease pipeline continues to expand and progress with novel mechanisms and diverse routes of administration being tested by companies.

Anemia in Chronic Kidney Disease DRUG DEVELOPMENT PIPELINE OVERVIEW

The "Anemia in Chronic Kidney Disease pipeline Research Monitor, 2020" report is an analytical research study on the progress achieved by pipeline companies during the year along with its historical development, current status, and outlook.

This Anemia in Chronic Kidney Disease pipeline review explores high-potential early to late-stage pipeline projects with a continued focus on new insights, accelerated processes, and pipeline progression.

The competitive intelligence report on Anemia in Chronic Kidney Disease presents detailed insights into therapeutic drug pipeline development, industry news, deals, and

analysis across the length and breadth of the Anemia in Chronic Kidney Disease pipeline. Information on R&D pipeline updates, results of key clinical trials are also included in the report.

Anemia in Chronic Kidney Disease DRUG PROFILES

Anemia in Chronic Kidney Disease development pipeline including projects in early- and late-stage development are detailed in the report. Details of clinical trial data and submissions to regulatory authorities are also provided. For the drug candidates included in the report, the following information is provided-

Current Status of Development including phase advancements, regulatory approvals of phases, acquisitions, licensing and technology transfers, product launches in various markets, and others.

Phase of development

Mechanism of Action

Route of Administration

Companies involved including originator, licensing companies, developer, investors, and others

New molecular entity details

Orphan drug designation and other special status provided by regulators

Anemia in Chronic Kidney Disease COMPANY PROFILES

Both small size and large size pharmaceutical companies are investing their resources in Anemia in Chronic Kidney Disease drug development operations. Further, financial institutions are extending support to small pharmaceutical companies, universities, and other researchers for the development of treatment of Anemia in Chronic Kidney Disease. Partnerships and acquisitions are also increasingly observed in the pipeline.

This research report presents an analysis of 25 Anemia in Chronic Kidney Disease companies including company overview, key snapshot, contact information, and their strategies on accelerating Anemia in Chronic Kidney Disease pipeline development. Mid-stage and early portfolios of these companies are analyzed in detail in the report.

Companies analyzed in the report include- 3SBio Inc, Akebia Therapeutics Inc, Amgen Inc, Apotex Inc, Bayer AG, Biocad, Cadila Healthcare Ltd, Chong Kun Dang Pharmaceutical Corp, Dong-A Socio Holdings Co Ltd, FibroGen Inc, GlaxoSmithKline Plc, Great Bay Bio, Japan Tobacco Inc, Jiangsu Hansoh Pharmaceutical Group Co Ltd, Jiangsu Hengrui Medicine Co Ltd, Liminal BioSciences Inc, Panacea Biotec Ltd, Pangen Biotech Inc, PharmaEssentia Corp, PhytoHealth Corp, Pieris Pharmaceuticals Inc, SunBio Inc, Taisho Pharmaceutical Holdings Co Ltd, UBI Pharma Inc, Xenetic Biosciences Inc

REASONS TO BUY

The current market conditions are forcing companies and investors worldwide to prioritize their investments and accelerate pipeline candidates only through careful quantitative assessment.

This research work assists decision makers in pharmaceutical companies towards successful pipeline development through critically evaluated pipeline data

Buyers can identify most promising drug candidates for treatment of Anemia in Chronic Kidney Disease

It allows users to strengthen their pipeline through acquisitions, licensing and collaborations

Users can estimate possible delays in the delivery of pipeline or launch of new products

Stay ahead of competition through understanding their pipeline progression, strategies and outlook

The report details all the pipeline candidates under investigation in various stages of development from Phase I through to Phase III to enable business development managers to understand the impact of new launches.

Optimize your licensing and technology transfer strategies through identification of prospect partners

Contents

1. INTRODUCTION TO ANEMIA IN CHRONIC KIDNEY DISEASE

- 1.1 Anemia in Chronic Kidney Disease- Disease overview
- 1.2 Anemia in Chronic Kidney Disease- Market Size
- 1.3 Anemia in Chronic Kidney Disease- Companies Involved

2. ANEMIA IN CHRONIC KIDNEY DISEASE PIPELINE SNAPSHOT- 2020

- 2.1 Anemia in Chronic Kidney Disease Pipeline by Phase
- 2.2 Anemia in Chronic Kidney Disease Pipeline by Mechanism of Action
- 2.3 Anemia in Chronic Kidney Disease Pipeline by Route of Administration
- 2.4 Anemia in Chronic Kidney Disease Pipeline- New Molecular Entities
- 2.5 Anemia in Chronic Kidney Disease Pipeline- Orphan Drug Designation/ Special Designation

3. ANEMIA IN CHRONIC KIDNEY DISEASE DRUG PROFILES

- 3.1 Current Status
- 3.2 Anemia in Chronic Kidney Disease Drug Snapshot
- 3.3 Anemia in Chronic Kidney Disease Therapeutic Candidates- Originator/Licensor
- 3.4 Route of Administration
- 3.5 Mechanism of Action
- 3.6 NME
- 4.1 3SBio Inc Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials
- 4.2 Akebia Therapeutics Inc Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials
- 4.3 Amgen Inc Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials
- 4.4 Apotex Inc Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials
- 4.5 Bayer AG Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials
- 4.6 Biocad Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials
- 4.7 Cadila Healthcare Ltd Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials
- 4.8 Chong Kun Dang Pharmaceutical Corp Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials
- 4.9 Dong-A Socio Holdings Co Ltd Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials
- 4.10 FibroGen Inc Anemia in Chronic Kidney Disease Pipeline Insights and Clinical

Trials

4.11 GlaxoSmithKline Plc Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials

4.12 Great Bay Bio Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials

4.13 Japan Tobacco Inc Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials

4.14 Jiangsu Hansoh Pharmaceutical Group Co Ltd Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials

4.15 Jiangsu Hengrui Medicine Co Ltd Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials

4.16 Liminal BioSciences Inc Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials

4.17 Panacea Biotec Ltd Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials

4.18 Pangen Biotech Inc Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials

4.19 PharmaEssentia Corp Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials

4.20 PhytoHealth Corp Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials

4.21 Pieris Pharmaceuticals Inc Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials

4.22 SunBio Inc Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials

4.23 Taisho Pharmaceutical Holdings Co Ltd Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials

4.24 UBI Pharma Inc Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials

4.25 Xenetic Biosciences Inc Anemia in Chronic Kidney Disease Pipeline Insights and Clinical Trials

5. ANEMIA IN CHRONIC KIDNEY DISEASE MARKET NEWS AND UPDATES

6. APPENDIX

6.1 Sources and Methodology

6.2 Contact Information
