## Abstracts

The comprehensive research on Automotive Glass market outlook to 2026 presents future market demand and segment-wise growth outlook. As the automotive market demand recovers swiftly from the harsh market condition in early 2020, Automotive Glass demand is likely to recover in the near-term future. The long-term outlook for Automotive Glass market size remains robust as companies emphasize investments in technology and process optimization.

COVID-19 impact on the automotive industry

Automotive companies are strategizing focused R&D investments and CAPEX and planning targeted product portfolio in current COVID-19 pandemic conditions.

Automotive OEMs, suppliers, financial institutions, and logistic companies faced truncation of demand, loss of consumer confidence, disruptions in supply chains among others.

Most automakers reacted by reducing costs and preserving cash during the first half of the year. With recovering China, most markets in Europe, and the US during H1 2020, most companies like Ford, Volkswagen, and others witnessed a recovery in retail unit sales. On the other hand, demand for second-hand vehicles also witnessed significant growth during the year.

Automotive Glass industry outlook and post COVID-19 pandemic opportunities-

The report presents forecasts for Automotive Glass market revenue over the next six years from 2020 to 2026 across three coronavirus spread conditions-

Mild COVID impact scenario: Global Economic recovery will begin from early 2021 and recovery is quicker

Harsh COVID impact scenario: Economic recovery will begin from mid-2021 and the economy faces recession and weak supply-demand conditions

Severe COVID impact scenario: Economic recovery will not start before late 2021 and the second outbreak of COVID is observed

#### Growth Opportunities, Market Risks, and Strategy Analysis-

The report details strategic growth opportunities, potential market drivers, and risks in global and country-level Automotive Glass markets from 2020 to 2026. Key strategies being opted by leading OEM companies, suppliers of parts and components, distribution companies, and other automotive players in the near-term and long-term future. Potential market risks, emerging trends, and top-level strategies are included in the report.

#### Segment growth outlook of Automotive Glass across markets

The market analysis report presents the potential growth opportunities across types and applications of Automotive Glass industry size. The report models the long-term impact of new product developments, shifting consumer patterns, and swiftly changing industry dynamics on different Automotive Glass types and Automotive Glass end-user applications.

#### Strategic analysis of leading Automotive Glass companies

To make better planning decisions by OEMs, suppliers, and other automotive stakeholders, the report presents the strategic analysis of leading Automotive Glass companies. Opportunities in emerging markets, autonomous mobility, and technology trends are analyzed in the report.

#### Automotive Glass market size forecast across 15 countries

The US, Canada, Germany, the UK, France, Spain, China, India, Japan, Republic of Korea, Brazil, Argentina, Saudi Arabia, and other countries across North America, Latin America, Europe, Middle East Africa, and Asia Pacific are included in the report.
