Abstracts

The comprehensive research on Automotive Sunroof market outlook to 2026 presents future market demand and segment-wise growth outlook. As the automotive market demand recovers swiftly from the harsh market condition in early 2020, Automotive Sunroof demand is likely to recover in the near-term future. The long-term outlook for Automotive Sunroof market size remains robust as companies emphasize investments in technology and process optimization.

COVID-19 impact on the automotive industry

Automotive companies are strategizing focused R&D investments and CAPEX and planning targeted product portfolio in current COVID-19 pandemic conditions.

Automotive OEMs, suppliers, financial institutions, and logistic companies faced truncation of demand, loss of consumer confidence, disruptions in supply chains among others.

Most automakers reacted by reducing costs and preserving cash during the first half of the year. With recovering China, most markets in Europe, and the US during H1 2020, most companies like Ford, Volkswagen, and others witnessed a recovery in retail unit sales. On the other hand, demand for second-hand vehicles also witnessed significant growth during the year.

Automotive Sunroof industry outlook and post COVID-19 pandemic opportunities-

The report presents forecasts for Automotive Sunroof market revenue over the next six years from 2020 to 2026 across three coronavirus spread conditions-

Mild COVID impact scenario: Global Economic recovery will begin from early 2021 and recovery is quicker

Harsh COVID impact scenario: Economic recovery will begin from mid-2021 and the economy faces recession and weak supply-demand conditions

Severe COVID impact scenario: Economic recovery will not start before late 2021 and the second outbreak of COVID is observed
