Abstracts

The global Blood Processing Devices and Consumables market size is poised to register 8.4% growth from 2024 to 2030, presenting significant growth prospects for companies operating in the industry. The industry study analyzes the global Blood Processing Devices and Consumables market across By Product (Devices, Consumables), By End-User (Hospitals and Clinics, Diagnostic Laboratories, Others).

The blood processing devices and consumables market are witnessing robust growth due to increasing demand for blood components, rising prevalence of blood disorders, and technological advancements in blood processing systems. Blood processing devices and consumables are used in blood banks, transfusion centers, and clinical laboratories to collect, process, and store blood components, such as red blood cells, platelets, and plasma, for transfusion therapy and therapeutic applications. With a focus on product innovation and operational efficiency, blood centers, hospitals, and medical device manufacturers are investing in automated blood processing systems, leukoreduction filters, and blood storage containers to optimize blood component production, ensure product quality, and enhance patient safety in transfusion medicine and regenerative therapies.

Blood Processing Devices and Consumables Market Drivers, Trends, Opportunities, and Growth Opportunities

This comprehensive study discusses the latest trends and the most pressing challenges

for industry players and investors. The Blood Processing Devices and Consumables market research analyses the global market trends, key drivers, challenges, and opportunities in the industry. In addition, the latest Future of Blood Processing Devices and Consumables survey report provides the market size outlook across types, applications, and other segments across the world and regions. It provides data-driven insights and actionable recommendations for companies in the Blood Processing Devices and Consumables industry.

Key market trends defining the global Blood Processing Devices and Consumables demand in 2024 and Beyond

The industry continues to remain an attractive hub for opportunities for both domestic and global vendors. As the market evolves, factors such as emerging market dynamics, demand from end-user sectors, a growing patient base, changes in consumption patterns, and widening distribution channels continue to play a major role.

Blood Processing Devices and Consumables Market Segmentation- Industry Share, Market Size, and Outlook to 2030

The Blood Processing Devices and Consumables industry comprises a wide range of segments and sub-segments. The rising demand for these product types and applications is supporting companies to increase their investment levels across niche segments. Accordingly, leading companies plan to generate a large share of their future revenue growth from expansion into these niche segments. The report presents the market size outlook across segments to support Blood Processing Devices and Consumables companies scaling up production in these sub-segments with a focus on expanding into emerging countries.

Key strategies adopted by companies within the Blood Processing Devices and Consumables industry

Leading Blood Processing Devices and Consumables companies are boosting investments to capitalize on untapped potential and future possibilities across niche market segments and surging demand conditions in key regions. Further, companies are leveraging advanced technologies to unlock opportunities and achieve operational excellence. The report provides key strategies opted for by the top 10 Blood Processing Devices and Consumables companies.

Blood Processing Devices and Consumables Market Study- Strategic Analysis Review

The Blood Processing Devices and Consumables market research report dives deep into the qualitative factors shaping the market, empowering you to make informed decisions-

Industry Dynamics: Porter's Five Forces analysis to understand bargaining power, competitive rivalry, and threats that impact long-term strategy formulation.

Strategic Insights: Provides valuable perspectives on key players and their approaches based on comprehensive strategy analysis.

Internal Strengths and Weaknesses: Develop targeted strategies to leverage strengths, address weaknesses, and capitalize on market opportunities.

Future Possibilities: Prepare for diverse outcomes with in-depth scenario analysis. Explore potential market disruptions, technology advancements, and economic changes.

Blood Processing Devices and Consumables Market Size Outlook- Historic and Forecast Revenue in Three Cases

The Blood Processing Devices and Consumables industry report provides a detailed analysis and outlook of revenue generated by companies from 2018 to 2023. Further, with actual data for 2023, the report forecasts the market size outlook from 2024 to 2030 in three case scenarios- low case, reference case, and high case scenarios.

Blood Processing Devices and Consumables Country Analysis and Revenue Outlook to 2030

The report analyses 22 countries worldwide including the key driving forces and market size outlook from 2021 to 2030. In addition, region analysis across Asia Pacific, Europe, the Middle East, Africa, North America, and South America is included in the study. For each of the six regions, the market size outlook by segments is forecast for 2030.

North America Blood Processing Devices and Consumables Market Size Outlook- Companies plan for focused investments in a changing environment

The US continues to remain the market leader in North America, driven by a large consumer base, the presence of well-established providers, and a strong end-user industry demand. Leading companies focus on new product launches in the changing environment. The US economy is expected to grow in 2024 (around 2.2% growth in 2024), potentially driving demand for various Blood Processing Devices and Consumables market segments. Similarly, Strong end-user demand is encouraging Canadian Blood Processing Devices and Consumables companies to invest in niche segments. Further, as Mexico continues to strengthen its trade relations and invest in technological advancements, the Mexico Blood Processing Devices and Consumables market is expected to experience significant expansion, offering lucrative opportunities for both domestic and international stakeholders.

Europe Blood Processing Devices and Consumables Market Size Outlook-Companies investing in assessing consumers, categories, competitors, and capabilities

The German industry remains the major market for companies in the European Blood Processing Devices and Consumables industry with consumers in Germany, France, the UK, Spain, Italy, and others anticipated to register a steady demand throughout the forecast period, driving the overall market prospects. In addition, the proactive approach of businesses in identifying and leveraging new growth prospects positions the European Blood Processing Devices and Consumables market for an upward trajectory, fostering both domestic and international interest. Leading brands operating in the industry are emphasizing effective marketing strategies, innovative product offerings, and a keen understanding of consumer preferences.

Asia Pacific Blood Processing Devices and Consumables Market Size Outlook- an attractive hub for opportunities for both local and global companies

The increasing prevalence of indications, robust healthcare expenditure, and increasing investments in healthcare infrastructure drive the demand for Blood Processing Devices and Consumables in Asia Pacific. In particular, China, India, and South East Asian Blood Processing Devices and Consumables markets present a compelling outlook for 2030, acting as a magnet for both domestic and multinational manufacturers seeking growth opportunities. Similarly, with a burgeoning population and a rising middle class, India offers a vast consumer market. Japanese and Korean companies are quickly aligning their strategies to navigate changes, explore new markets, and enhance their competitive edge. Our report utilizes in-depth interviews with industry experts and comprehensive data analysis to provide a comprehensive outlook of 6 major markets in the region.

Latin America Blood Processing Devices and Consumables Market Size Outlook- Continued urbanization and rising income levels

Rising income levels contribute to greater purchasing power among consumers, spurring consumption and creating opportunities for market expansion. Continued urbanization and rising income levels are expected to sustainably drive consumption growth in the medium to long term.

Middle East and Africa Blood Processing Devices and Consumables Market Size Outlook- continues its upward trajectory across segments

Robust demand from Middle Eastern countries including Saudi Arabia, the UAE, Qatar, Kuwait, and other GCC countries supports the overall Middle East Blood Processing Devices and Consumables market potential. Fueled by increasing healthcare expenditure of individuals, growing population, and high prevalence across a few markets drives the demand for Blood Processing Devices and Consumables.

Blood Processing Devices and Consumables Market Company Profiles

The global Blood Processing Devices and Consumables market is characterized by intense competitive conditions with leading companies opting for aggressive marketing to gain market shares. The report presents business descriptions, SWOT analysis, growth strategies, and financial profiles. Leading companies included in the study are Abbott, Becton, Dickinson and Company, Biomerieux SA, Bio-Rad Laboratories Inc, Danaher., F. Hoffmann-La Roche Ltd, Grifols, S.A., Haemonetics Corp, Immucor Inc, Macopharma, Terumo Corp, ThermoGenesis Holdings Inc

Recent Blood Processing Devices and Consumables Market Developments

The global Blood Processing Devices and Consumables market study presents recent market news and developments including new product launches, mergers, acquisitions, expansions, product approvals, and other updates in the industry.

Contents

1. EXECUTIVE SUMMARY

1.1 Blood Processing Devices and Consumables Market Overview and Key Findings, 2024

1.2 Blood Processing Devices and Consumables Market Size and Growth Outlook, 2021- 2030

1.3 Blood Processing Devices and Consumables Market Growth Opportunities to 2030

1.4 Key Blood Processing Devices and Consumables Market Trends and Challenges

1.4.1 Blood Processing Devices and Consumables Market Drivers and Trends

1.4.2 Blood Processing Devices and Consumables Market Challenges

1.5 Competitive Landscape and Key Players

1.6 Competitive Analysis- Growth Strategies Adopted by Leading Blood Processing Devices and Consumables Companies

2. BLOOD PROCESSING DEVICES AND CONSUMABLES MARKET SIZE OUTLOOK TO 2030

2.1 Blood Processing Devices and Consumables Market Size Outlook, USD Million, 2021- 2030

2.2 Blood Processing Devices and Consumables Incremental Market Growth Outlook, %, 2021- 2030

2.3 Segment Snapshot, 2024

3. BLOOD PROCESSING DEVICES AND CONSUMABLES MARKET- STRATEGIC ANALYSIS REVIEW

3.1 Porter's Five Forces Analysis

* Threat of New Entrants

* Threat of Substitutes

* Intensity of Competitive Rivalry

* Bargaining Power of Buyers

* Bargaining Power of Suppliers

3.2 Value Chain Analysis

3.3 SWOT Analysis

4. BLOOD PROCESSING DEVICES AND CONSUMABLES MARKET SEGMENTATION ANALYSIS AND OUTLOOK

4.1 Market Segmentation and Scope

4.2 Market Breakdown by Type, Application, and Other Segments, 2021-2030

By Product

Devices

Consumables

By End Use

Hospitals and Clinics

Diagnostic Laboratories

Others

4.3 Growth Prospects and Niche Opportunities, 2023- 2030

4.4 Regional comparison of Market Growth, CAGR, 2023-2030

5. REGION-WISE MARKET OUTLOOK TO 2030

5.1 Key Findings for Asia Pacific Blood Processing Devices and Consumables Market, 2025

5.2 Asia Pacific Blood Processing Devices and Consumables Market Size Outlook by Type, 2021- 2030

5.3 Asia Pacific Blood Processing Devices and Consumables Market Size Outlook by Application, 2021- 2030

5.4 Key Findings for Europe Blood Processing Devices and Consumables Market, 2025

5.5 Europe Blood Processing Devices and Consumables Market Size Outlook by Type, 2021- 2030

5.6 Europe Blood Processing Devices and Consumables Market Size Outlook by Application, 2021- 2030

5.7 Key Findings for North America Blood Processing Devices and Consumables Market, 2025

5.8 North America Blood Processing Devices and Consumables Market Size Outlook by Type, 2021- 2030

5.9 North America Blood Processing Devices and Consumables Market Size Outlook by Application, 2021- 2030

5.10 Key Findings for South America Blood Processing Devices and Consumables Market, 2025

5.11 South America Pacific Blood Processing Devices and Consumables Market Size Outlook by Type, 2021- 2030

5.12 South America Blood Processing Devices and Consumables Market Size Outlook by Application, 2021- 2030

5.13 Key Findings for Middle East and Africa Blood Processing Devices and

Consumables Market, 2025

5.14 Middle East Africa Blood Processing Devices and Consumables Market Size Outlook by Type, 2021- 2030

5.15 Middle East Africa Blood Processing Devices and Consumables Market Size Outlook by Application, 2021- 2030

6. COUNTRY-WISE MARKET SIZE OUTLOOK TO 2030

6.1 US Blood Processing Devices and Consumables Market Size Outlook and Revenue Growth Forecasts

6.2 US Blood Processing Devices and Consumables Industry Drivers and Opportunities

6.3 Canada Market Size Outlook and Revenue Growth Forecasts

6.4 Canada Blood Processing Devices and Consumables Industry Drivers and Opportunities

6.6 Mexico Market Size Outlook and Revenue Growth Forecasts

6.6 Mexico Blood Processing Devices and Consumables Industry Drivers and Opportunities

6.7 Germany Market Size Outlook and Revenue Growth Forecasts

6.8 Germany Blood Processing Devices and Consumables Industry Drivers and Opportunities

6.9 France Market Size Outlook and Revenue Growth Forecasts

6.10 France Blood Processing Devices and Consumables Industry Drivers and Opportunities

6.11 UK Market Size Outlook and Revenue Growth Forecasts

6.12 UK Blood Processing Devices and Consumables Industry Drivers and Opportunities

6.13 Spain Market Size Outlook and Revenue Growth Forecasts

6.14 Spain Blood Processing Devices and Consumables Industry Drivers and Opportunities

6.16 Italy Market Size Outlook and Revenue Growth Forecasts

6.16 Italy Blood Processing Devices and Consumables Industry Drivers and Opportunities

6.17 Rest of Europe Market Size Outlook and Revenue Growth Forecasts

6.18 Rest of Europe Blood Processing Devices and Consumables Industry Drivers and Opportunities

6.19 China Market Size Outlook and Revenue Growth Forecasts

6.20 China Blood Processing Devices and Consumables Industry Drivers and Opportunities

6.21 India Market Size Outlook and Revenue Growth Forecasts

- 6.22 India Blood Processing Devices and Consumables Industry Drivers and Opportunities
- 6.23 Japan Market Size Outlook and Revenue Growth Forecasts
- 6.24 Japan Blood Processing Devices and Consumables Industry Drivers and Opportunities
- 6.26 South Korea Market Size Outlook and Revenue Growth Forecasts
- 6.26 South Korea Blood Processing Devices and Consumables Industry Drivers and Opportunities
- 6.27 Australia Market Size Outlook and Revenue Growth Forecasts
- 6.28 Australia Blood Processing Devices and Consumables Industry Drivers and Opportunities
- 6.29 South East Asia Market Size Outlook and Revenue Growth Forecasts
- 6.30 South East Asia Blood Processing Devices and Consumables Industry Drivers and Opportunities
- 6.31 Rest of Asia Pacific Market Size Outlook and Revenue Growth Forecasts
- 6.32 Rest of Asia Pacific Blood Processing Devices and Consumables Industry Drivers and Opportunities
- 6.33 Brazil Market Size Outlook and Revenue Growth Forecasts
- 6.34 Brazil Blood Processing Devices and Consumables Industry Drivers and Opportunities
- 6.36 Argentina Market Size Outlook and Revenue Growth Forecasts
- 6.36 Argentina Blood Processing Devices and Consumables Industry Drivers and Opportunities
- 6.37 Rest of South America Market Size Outlook and Revenue Growth Forecasts
- 6.38 Rest of South America Blood Processing Devices and Consumables Industry Drivers and Opportunities
- 6.39 Middle East Market Size Outlook and Revenue Growth Forecasts
- 6.40 Middle East Blood Processing Devices and Consumables Industry Drivers and Opportunities
- 6.41 Africa Market Size Outlook and Revenue Growth Forecasts
- 6.42 Africa Blood Processing Devices and Consumables Industry Drivers and Opportunities

7. BLOOD PROCESSING DEVICES AND CONSUMABLES MARKET OUTLOOK ACROSS SCENARIOS

- 7.1 Low Growth Case
- 7.2 Reference Growth Case
- 7.3 High Growth Case

8. BLOOD PROCESSING DEVICES AND CONSUMABLES COMPANY PROFILES

8.1 Profiles of Leading Blood Processing Devices and Consumables Companies in the Market

8.2 Business Descriptions, SWOT Analysis, and Growth Strategies

8.3 Financial Performance and Key Metrics

Abbott

Becton, Dickinson and Company

Biomerieux SA

Bio-Rad Laboratories Inc

Danaher.

F. Hoffmann-La Roche Ltd
