## **Abstracts**

Burns Pipeline Report is a comprehensive report on the pre-clinical and clinical stage pipeline candidates under development as of H1 2023. For each of the Burns pipeline candidate, details of leading companies, phase of development, mechanism of action, route of administration, molecule type, and other critical information is provided. In addition, recent Burns market trends, developments, and other market updates are provided in the Burns pipeline study.

The global Burns industry is characterized by a robust pipeline. The report estimates a promising pipeline for Burns between 2023 and 2030. Further, emerging companies play an important role in the global share of the Burns pipeline. It is developed through intense primary and secondary research including discussions with pharmaceutical company executives and members of industry associations and other industry stakeholders.

### **Overview of Burns Drug Development Pipeline: 2023 Update**

The Burns condition has one of the most promising pipelines with the presence of a large number of pharmaceutical companies. Amidst significant unmet market potential for Burns, several small and large-scale companies are investing in advancing their pipeline candidates into advanced phases.

The current Burns pipeline study examines the state of the drug pipeline and provides insights into the global vitiligo industry. A complete pipeline review of the current treatments and therapies being developed for Burns, Data, and insights into pipeline

candidates including a detailed overview of the highlighted target and drug characteristics, companies, and developments are included.

#### Looking Ahead: 2023 Burns Pipeline Analysis and Outlook

This quarterly updated report provides data and critical insights into the current pipeline of therapeutic candidates in development with the potential to address Burns. The current status of each of the Burns drug pipeline candidates is provided in the study. In addition, developing and licensing/partner companies, originators, alternative drug names, special status, phase, trial details, route, target, molecule type, and others are provided in the study.

#### Preclinical Burns Pipeline Drugs

The global vitiligo therapeutic pipeline is characterized by a significant number of drug candidates in the preclinical drug discovery and research phases. Driven by robust market growth prospects for Burns therapeutic drugs, a large number of companies are investing in the preclinical Burns pipeline. The report provides the current status and other developments of each drug candidate.

#### Clinical Phase Burns Pipeline Drugs

The report showcases the pipeline candidates currently underway focusing on medications that are in Phase I, Phase I/II, Phase II, Phase II/III, and Phase III stages of development. The chapter presents the number of projects in clinical development by pipeline phase.

#### Burns Clinical Trials Landscape

The report provides in-depth information on the Burns clinical trials of each pipeline product. To support pharmaceutical companies to understand the suitable countries for clinical trials, study types, and other parameters to minimize complexity and increase success rates, the report offers details of all potential clinical trials.

#### Burns companies in Pipeline

Amidst growth in R&D investment, pharmaceutical companies increasingly emphasize strengthening their pipeline product portfolio to ensure time-efficient drug developments. The Burns pipeline assessment report provides details of drug companies, originators, licensing and collaborating partners, and others involved in the Burns pipeline industry.

#### Market Developments

The report offers recent market news and developments in the Burns markets. To support companies developing innovative therapies in both the preclinical and clinical

stages of development, the chapter provides recent deals, mergers, and development news in the industry.

#### Scope of the Report

An introduction to the Burns disease, diagnosis, and therapeutic snapshots including available options and the companies involved in the industry

Analysis of Burns drugs in the preclinical phase of development including discovery and research

Most promising Burns drugs in the clinical stage of development including phase 1, phase 2, and phase 3

Leading companies investing in the Burns drug development pipeline

Burns pipeline drug details-

- Drug name and alternative names

- Current status of the pipeline candidate

- Route of administration

- Mechanism of Action

- Molecule type

- Clinical trials completed and ongoing

- Companies involved in the development, technology providers, licensing/collaborations, etc.

Business profiles of leading Burns companies

Recent Burns market news and developments

## Contents

### **1. BURNS PIPELINE ASSESSMENT, 2023**

- 1.1 Burns Pipeline Snapshot
- 1.2 Companies investing in the Burns industry

### **2 LOOKING AHEAD: OUTLOOK OF THE GLOBAL BURNS PIPELINE FROM 2023 TO 2030**

- 2.1 Burns Drugs by Phase of Development
- 2.2 Burns Drugs by Mechanism of Action
- 2.3 Burns Drugs by Route of Administration
- 2.4 Burns Drugs by New Molecular Entity
- 2.5 Burns Drugs by Companies, Universities, and Institutes

### **3. DRUG PROFILES OF BURNS PRECLINICAL PIPELINE CANDIDATES**

- 3.1 Current Status of Burns Drug Candidates, 2023
- 3.2 Preclinical Burns Drug Snapshots

### **4. DRUG PROFILES OF BURNS CLINICAL PIPELINE CANDIDATES**

- 4.1 Current Status of Burns Drug Candidates, 2023
- 4.2 Burns Drugs in Development- Originator/Licensor
- 4.3 Burns Drugs in Development- Route of Administration
- 4.4 Burns Drugs in Development- New Molecular Entity (NME)

### **5. BURNS CLINICAL TRIALS ANALYSIS**

- 5.1 Preclinical Trial Snapshots
- 5.2 Phase 1 Clinical Trial Snapshots
- 5.3 Phase 2 Clinical Trial Snapshots
- 5.4 Phase 3 Clinical Trial Snapshots

### **6. BURNS PIPELINE COMPANIES ACTIVE IN 2023**

- 6.1 Leading Burns companies investing in new drug development
  - 6.1.1 Company Business Description

- 6.1.2 Company Pipeline snapshot
- 6.2 Leading Burns Universities/Institutes researching drug development

## **7. BURNS MARKET NEWS AND DEVELOPMENTS**

- 7.1 Recent Burns Developments
- 7.2 Burns Pipeline News

## **8. APPENDIX**

- 8.1 Sources and Research Methodology
- 8.2 Customization options
- 8.3 Legal Disclaimer
