Market Dynamics- Impact Analysis and Post-COVID Outlook of Cannabis Concentrate Industry

Optimistic economic conditions are observed in H2-2023 across multiple scenarios. The current edition of the Cannabis Concentrate Market Study identifies brighter views for 2023 and an increasingly optimistic global outlook over the forecast period.

However, the market is also constrained by challenges of geopolitical instability and conflicts with the Russia-Ukraine war and inflation conditions in the US and other markets, and rising interest rates continue to restrain the market growth prospects.

The four case scenarios considered for countries in the study are -

Sluggish economic growth, with emphasis on savings and low expenditure

Despite growth fluctuations, consumer confidence remains robust and gains continue for companies

Investments in technology deployment and productive investments

Stronger consumer demand and higher investments supporting solid growth

Cannabis Concentrate Market Trends- Emerging markets present strong growth prospects

According to the World Bank, over 85% of the world's population lives in the Asia Pacific, the Middle East and Africa (MEA), or South America. An increasing volume of companies are expanding their production and marketing bases to these countries as the consumption power of individuals continues to strengthen.

Several new market entrants are targeting niche economically attractive Cannabis Concentrate segments when expanding into these markets. We anticipate the Cannabis Concentrate sales growth in developing countries to continue to accelerate rapidly over the forecast period.

North America Cannabis Concentrate Industry: Market Trends, Share, Size, Growth, Opportunity and Forecast 2023-2028

The past few quarters have been encouraging for North American Cannabis Concentrate market suppliers. A large number of Cannabis Concentrate companies are reporting profitability after several quarters of margin declines. Focus on increasing operational efficiency, capturing niche market opportunities, and others are widely observed. The North American Cannabis Concentrate industry research identifies the key market trends, driving forces, and growth opportunities across 3 countries including the United States, Canada, and Mexico markets.

Europe Cannabis Concentrate Industry: Market Trends, Share, Size, Growth, Opportunity and Forecast 2023-2028

Leading European Cannabis Concentrate companies are focusing on customer orientation, sustainable supply chains, and economic value creation to succeed in long-

term market conditions. As Asian manufacturers enter the European markets, the region's electronics and semiconductors sector is undergoing a paradigm shift. The European Cannabis Concentrate industry is also facing the significant impact of the Russia-Ukraine war. The insights report analyzes the Western European Cannabis Concentrate countries including Germany, France, Spain, the United Kingdom, Italy, and other European countries including Russia, Turkey, and others.

Asia Pacific Cannabis Concentrate Industry: Market Trends, Share, Size, Growth, Opportunity and Forecast 2023-2028
