Chart Plotter Market Outlook

The Chart Plotter Market size is expected to register a growth rate of 7.2% during the forecast period from \$890.7 Million in 2025 to \$1449.1 Million in 2032. The Chart Plotter market is a thriving business that is poised to keep growing and presents potential growth opportunities for companies across the industry value chain.

The comprehensive market research report presents 12-year historic and forecast data on Chart Plotter segments across 22 countries from 2021 to 2032. Key segments in the report include By Type (GPS Based Chart Plotter, GNSS Based Chart Plotter), By Application (Yachts, Fishing Boat, Others), By End-User (Defense, Commercial). Over 70 tables and charts showcase findings from our latest survey report on Chart Plotter markets.

Chart Plotter Market Insights, 2025

The chart plotter market is expanding as maritime industries, recreational boating, and commercial shipping adopt advanced navigation systems for enhanced safety and efficiency. Brands like Garmin, Raymarine, and Furuno are innovating with high-resolution touchscreen displays, AI-based route optimization, and real-time weather tracking. The integration of GPS, radar, sonar, and IoT connectivity has made modern chart plotters essential for accurate positioning and hazard detection. The demand for

networked navigation solutions is growing, with boaters and shipping companies opting for cloud-connected systems that provide remote monitoring, predictive analytics, and fleet management capabilities. As sustainability concerns rise, chart plotters with fuel optimization and route efficiency algorithms are gaining traction in commercial shipping.

Five Trends that will define global Chart Plotter market in 2025 and Beyond

A closer look at the multi-million market for Chart Plotter identifies rapidly shifting consumer preferences across categories. By focusing on growth and resilience, leading Chart Plotter companies are prioritizing their investments across categories, markets, and geographies. The report analyses the most important market trends shaping the new landscape to support better decisions for the long and short-term future. The impact of tariffs by the US administration also significantly impact the profitability of Chart Plotter vendors.

What are the biggest opportunities for growth in the Chart Plotter industry?

The Chart Plotter sector demonstrated remarkable resilience over the past year across developed and developing economies. Further, the market presents significant opportunities to leverage the existing momentum towards actions by 2032. On the other hand, recent macroeconomic developments including rising inflation and supply chain disruptions are putting pressure on companies. The chapter assists users to identify growth avenues and address business challenges to make informed commercial decisions with unique insights, data forecasts, and in-depth market analyses.

Chart Plotter Market Segment Insights

The Chart Plotter industry presents strong offers across categories. The analytical report offers forecasts of Chart Plotter industry performance across segments and countries. Key segments in the industry include%li%By Type (GPS Based Chart Plotter, GNSS Based Chart Plotter), By Application (Yachts, Fishing Boat, Others), By End-User (Defense, Commercial). The largest types, applications, and sales channels, fastest growing segments, and the key factors driving each of the categories are included in the report.

Forecasts of each segment across five regions are provided from 2021 through 2032 for Asia Pacific, North America, Europe, South America, Middle East, and African regions. In addition, Chart Plotter market size outlook is provided for 22 countries across these

regions.

Market Value Chain

The chapter identifies potential companies and their operations across the global Chart Plotter industry ecosystem. It assists decision-makers in evaluating global Chart Plotter market fundamentals, market dynamics, and disruptive trends across the value chain segments.

Scenario Analysis and Forecasts

Strategic decision-making in the Chart Plotter industry is multi-faceted with the increased need for planning across scenarios. The report provides forecasts across three case scenarios%li%low growth, reference case, and high growth cases.

Asia Pacific Chart Plotter Market Analysis%li%A Promising Growth Arena for Business Expansion

As companies increasingly expand across promising Asia Pacific markets with over 4.5 billion population, the medium-to-long-term future remains robust. The presence of the fastest-growing economies such as China, India, Thailand, Indonesia, and Vietnam coupled with strengthening middle-class populations and rising disposable incomes drive the market. In particular, China and India are witnessing rapid shifts in consumer purchasing behavior. China is recovering steadily with optimistic forecasts for 2025. Further, Japanese and South Korean markets remain stable with most companies focusing on new product launches and diversification of sales channels.

The State of Europe Chart Plotter Industry 2025%li%Focus on Accelerating Competitiveness

As companies opt for an integrated agenda for competitiveness, the year 2025 presents optimistic scenarios for companies across the ecosystem. With signs of economic recovery across markets, companies are increasing their investments. Europe is one of the largest markets for Chart Plotter with demand from both Western Europe and Eastern European regions increasing over the medium to long-term future. Increasing omnichannel shopping amidst robust consumer demand for value purchases shapes the market outlook. The report analyses the key Chart Plotter market drivers and opportunities across Germany, France, the United Kingdom, Spain, Italy, Russia, and other Europe.

The US Chart Plotter market Insights%li%Vendors are exploring new opportunities within the US Chart Plotter industry.

Easing inflation coupled with strengthening consumer sentiment is encouraging aggressive actions from the US Chart Plotter companies. Market players consistently focusing on innovation and pursuing new ways to create value are set to excel in 2025. In addition, the Canadian and Mexican markets offer lucrative growth pockets for manufacturers and vendors. Focus on private-brand offerings and promotions, diversified sales channels, expansion into niche segments, adoption of advanced technologies, and sustainability are widely observed across the North American Chart Plotter market.

Latin American Chart Plotter market outlook rebounds in line with economic growth.

Underlying demand remains higher among urban consumers with an optimistic economic outlook across Brazil, Argentina, Chile, and other South and Central American countries. Increased consumer spending has been reported in Q1 -2025 and the prospects remain strong for rest of 2025. Aggressive ecosystem moves to create new sources of income are widely observed across markets in the region. Marketing activities focused on customer insights, operations, and support functions are quickly gaining business growth in the region.

Middle East and Africa Chart Plotter Markets%li%New Opportunities for Companies Harnessing Diversity

Rapid growth in burgeoning urban locations coupled with a young and fast-growing population base is attracting new investments in the Middle East and African Chart Plotter markets. Designing expansion and marketing strategies to cater to the local consumer base supports the market prospects. In addition to Nigeria, Algeria, South Africa, and other markets, steady growth markets in Ethiopia, Rwanda, Ghana, Tanzania, the Democratic Republic of Congo, and others present significant prospects for companies. On the other hand, Middle Eastern Chart Plotter markets including the UAE, Saudi Arabia, Qatar, and Oman continue to offer lucrative pockets of growth.

Competitive Landscape%li%How Chart Plotter companies outcompete in 2025?

The ability to respond quickly to evolving consumer preferences and adapt businesses to niche consumer segments remains a key growth factor. The report identifies the

leading companies in the industry and provides their revenue for 2024. The market shares of each company are also included in the report. Further, business profiles, SWOT analysis, and financial analysis of each company are provided in detail. Key companies analyzed in the report include B&G, Furuno Electric Co. Ltd, Garmin International, Humminbird, Japan Marina Co. Ltd, Lowrance, Navionics Srl, ONWA Marine Chartplotter Co. Ltd, Raymarine (FLIR System), Simrad.
