Abstracts

The global Companion Animal Health market size is poised to register 9.15% growth from 2024 to 2030, presenting significant growth prospects for companies operating in the industry. The industry study analyzes the global Companion Animal Health market across By Product (Vaccines, Pharmaceuticals, Feed Additives, Diagnostics, Others), By Animal Type (Dogs, Cats, Equine, Others), By Distribution Channel (Retail, E-commerce, Hospital Pharmacies), By End-User (Point-of-care/In-house Testing, Hospitals & Clinics, Others).

The companion animal health market is expected to experience robust growth, propelled by increasing pet ownership rates, growing human-animal bond, and rising expenditure on pet healthcare products and services. With a focus on preventive care, wellness treatments, and specialty therapies, manufacturers are innovating to develop a wide range of veterinary pharmaceuticals, nutraceuticals, and medical devices to meet the diverse healthcare needs of companion animals. Additionally, advancements in veterinary medicine, such as regenerative therapies and personalized treatment approaches, are driving market expansion as pet owners increasingly prioritize the health and well-being of their beloved pets.

Companion Animal Health Market Drivers, Trends, Opportunities, and Growth Opportunities

This comprehensive study discusses the latest trends and the most pressing challenges for industry players and investors. The Companion Animal Health market research analyses the global market trends, key drivers, challenges, and opportunities in the industry. In addition, the latest Future of Companion Animal Health survey report provides the market size outlook across types, applications, and other segments across the world and regions. It provides data-driven insights and actionable recommendations for companies in the Companion Animal Health industry.

Key market trends defining the global Companion Animal Health demand in 2024 and Beyond

The industry continues to remain an attractive hub for opportunities for both domestic and global vendors. As the market evolves, factors such as emerging market dynamics, demand from end-user sectors, a growing patient base, changes in consumption patterns, and widening distribution channels continue to play a major role.

Companion Animal Health Market Segmentation- Industry Share, Market Size, and Outlook to 2030

The Companion Animal Health industry comprises a wide range of segments and sub-segments. The rising demand for these product types and applications is supporting companies to increase their investment levels across niche segments. Accordingly, leading companies plan to generate a large share of their future revenue growth from expansion into these niche segments. The report presents the market size outlook across segments to support Companion Animal Health companies scaling up production in these sub-segments with a focus on expanding into emerging countries.

Key strategies adopted by companies within the Companion Animal Health industry

Leading Companion Animal Health companies are boosting investments to capitalize on untapped potential and future possibilities across niche market segments and surging demand conditions in key regions. Further, companies are leveraging advanced technologies to unlock opportunities and achieve operational excellence. The report provides key strategies opted for by the top 10 Companion Animal Health companies.

Companion Animal Health Market Study- Strategic Analysis Review

The Companion Animal Health market research report dives deep into the qualitative factors shaping the market, empowering you to make informed decisions-

Industry Dynamics: Porter's Five Forces analysis to understand bargaining power, competitive rivalry, and threats that impact long-term strategy formulation.

Strategic Insights: Provides valuable perspectives on key players and their approaches based on comprehensive strategy analysis.

Internal Strengths and Weaknesses: Develop targeted strategies to leverage strengths, address weaknesses, and capitalize on market opportunities.

Future Possibilities: Prepare for diverse outcomes with in-depth scenario analysis. Explore potential market disruptions, technology advancements, and economic changes.

Companion Animal Health Market Size Outlook- Historic and Forecast Revenue in Three Cases

The Companion Animal Health industry report provides a detailed analysis and outlook of revenue generated by companies from 2018 to 2023. Further, with actual data for 2023, the report forecasts the market size outlook from 2024 to 2030 in three case scenarios- low case, reference case, and high case scenarios.

Companion Animal Health Country Analysis and Revenue Outlook to 2030

The report analyses 22 countries worldwide including the key driving forces and market size outlook from 2021 to 2030. In addition, region analysis across Asia Pacific, Europe, the Middle East, Africa, North America, and South America is included in the study. For each of the six regions, the market size outlook by segments is forecast for 2030.

North America Companion Animal Health Market Size Outlook- Companies plan for focused investments in a changing environment

The US continues to remain the market leader in North America, driven by a large

consumer base, the presence of well-established providers, and a strong end-user industry demand. Leading companies focus on new product launches in the changing environment. The US economy is expected to grow in 2024 (around 2.2% growth in 2024), potentially driving demand for various Companion Animal Health market segments. Similarly, Strong end-user demand is encouraging Canadian Companion Animal Health companies to invest in niche segments. Further, as Mexico continues to strengthen its trade relations and invest in technological advancements, the Mexico Companion Animal Health market is expected to experience significant expansion, offering lucrative opportunities for both domestic and international stakeholders.

Europe Companion Animal Health Market Size Outlook-Companies investing in assessing consumers, categories, competitors, and capabilities

The German industry remains the major market for companies in the European Companion Animal Health industry with consumers in Germany, France, the UK, Spain, Italy, and others anticipated to register a steady demand throughout the forecast period, driving the overall market prospects. In addition, the proactive approach of businesses in identifying and leveraging new growth prospects positions the European Companion Animal Health market for an upward trajectory, fostering both domestic and international interest. Leading brands operating in the industry are emphasizing effective marketing strategies, innovative product offerings, and a keen understanding of consumer preferences.

Asia Pacific Companion Animal Health Market Size Outlook- an attractive hub for opportunities for both local and global companies

The increasing prevalence of indications, robust healthcare expenditure, and increasing investments in healthcare infrastructure drive the demand for Companion Animal Health in Asia Pacific. In particular, China, India, and South East Asian Companion Animal Health markets present a compelling outlook for 2030, acting as a magnet for both domestic and multinational manufacturers seeking growth opportunities. Similarly, with a burgeoning population and a rising middle class, India offers a vast consumer market. Japanese and Korean companies are quickly aligning their strategies to navigate changes, explore new markets, and enhance their competitive edge. Our report utilizes in-depth interviews with industry experts and comprehensive data analysis to provide a comprehensive outlook of 6 major markets in the region.

Latin America Companion Animal Health Market Size Outlook- Continued urbanization and rising income levels

Rising income levels contribute to greater purchasing power among consumers, spurring consumption and creating opportunities for market expansion. Continued urbanization and rising income levels are expected to sustainably drive consumption growth in the medium to long term.

Middle East and Africa Companion Animal Health Market Size Outlook- continues its upward trajectory across segments

Robust demand from Middle Eastern countries including Saudi Arabia, the UAE, Qatar, Kuwait, and other GCC countries supports the overall Middle East Companion Animal Health market potential. Fueled by increasing healthcare expenditure of individuals, growing population, and high prevalence across a few markets drives the demand for Companion Animal Health.

Companion Animal Health Market Company Profiles

The global Companion Animal Health market is characterized by intense competitive conditions with leading companies opting for aggressive marketing to gain market shares. The report presents business descriptions, SWOT analysis, growth strategies, and financial profiles. Leading companies included in the study are Agrolabo SpA, Boehringer Ingelheim GmbH, Ceva, Elanco, IDEXX Laboratories Inc, Indian Immunologicals Ltd, Merck & Co. Inc, Norbrook, Vetoquinol S.A., Virbac, Zoetis

Recent Companion Animal Health Market Developments

The global Companion Animal Health market study presents recent market news and developments including new product launches, mergers, acquisitions, expansions, product approvals, and other updates in the industry.

Contents

1. EXECUTIVE SUMMARY

- 1.1 Companion Animal Health Market Overview and Key Findings, 2024
- 1.2 Companion Animal Health Market Size and Growth Outlook, 2021- 2030
- 1.3 Companion Animal Health Market Growth Opportunities to 2030
- 1.4 Key Companion Animal Health Market Trends and Challenges
 - 1.4.1 Companion Animal Health Market Drivers and Trends
 - 1.4.2 Companion Animal Health Market Challenges
- 1.5 Competitive Landscape and Key Players
- 1.6 Competitive Analysis- Growth Strategies Adopted by Leading Companion Animal Health Companies

2. COMPANION ANIMAL HEALTH MARKET SIZE OUTLOOK TO 2030

- 2.1 Companion Animal Health Market Size Outlook, USD Million, 2021- 2030
- 2.2 Companion Animal Health Incremental Market Growth Outlook, %, 2021- 2030
- 2.3 Segment Snapshot, 2024

3. COMPANION ANIMAL HEALTH MARKET- STRATEGIC ANALYSIS REVIEW

- 3.1 Porter's Five Forces Analysis
 - * Threat of New Entrants
 - * Threat of Substitutes
 - * Intensity of Competitive Rivalry
 - * Bargaining Power of Buyers
 - * Bargaining Power of Suppliers
- 3.2 Value Chain Analysis
- 3.3 SWOT Analysis

4. COMPANION ANIMAL HEALTH MARKET SEGMENTATION ANALYSIS AND OUTLOOK

- 4.1 Market Segmentation and Scope
- 4.2 Market Breakdown by Type, Application, and Other Segments, 2021-2030
 - By Product
 - Vaccines
 - Pharmaceuticals

- OTC
- Prescription
- Feed Additives
- Diagnostics
- Others
- By Animal Type
 - Dogs
 - Cats
 - Equine
 - Others
- By Distribution Channel
 - Retail
 - E-commerce
 - Hospital Pharmacies
- By End-user
 - Point-of-care/In-house Testing
 - Hospitals & Clinics
 - Others

4.3 Growth Prospects and Niche Opportunities, 2023- 2030

4.4 Regional comparison of Market Growth, CAGR, 2023-2030

5. REGION-WISE MARKET OUTLOOK TO 2030

5.1 Key Findings for Asia Pacific Companion Animal Health Market, 2025

5.2 Asia Pacific Companion Animal Health Market Size Outlook by Type, 2021- 2030

5.3 Asia Pacific Companion Animal Health Market Size Outlook by Application, 2021- 2030

5.4 Key Findings for Europe Companion Animal Health Market, 2025

5.5 Europe Companion Animal Health Market Size Outlook by Type, 2021- 2030

5.6 Europe Companion Animal Health Market Size Outlook by Application, 2021- 2030

5.7 Key Findings for North America Companion Animal Health Market, 2025

5.8 North America Companion Animal Health Market Size Outlook by Type, 2021- 2030

5.9 North America Companion Animal Health Market Size Outlook by Application, 2021- 2030

5.10 Key Findings for South America Companion Animal Health Market, 2025

5.11 South America Pacific Companion Animal Health Market Size Outlook by Type, 2021- 2030

5.12 South America Companion Animal Health Market Size Outlook by Application, 2021- 2030

5.13 Key Findings for Middle East and Africa Companion Animal Health Market, 2025

5.14 Middle East Africa Companion Animal Health Market Size Outlook by Type, 2021-2030

5.15 Middle East Africa Companion Animal Health Market Size Outlook by Application, 2021- 2030

6. COUNTRY-WISE MARKET SIZE OUTLOOK TO 2030

6.1 US Companion Animal Health Market Size Outlook and Revenue Growth Forecasts

6.2 US Companion Animal Health Industry Drivers and Opportunities

6.3 Canada Market Size Outlook and Revenue Growth Forecasts

6.4 Canada Companion Animal Health Industry Drivers and Opportunities
