Abstracts

Dried Longan Market Outlook

The global Dried Longan market is expected to register a growth rate of 6.3% during the forecast period from \$1.1 Billion in 2024 to \$1.8 Billion in 2032. The Dried Longan market is a thriving business that is poised to keep growing and presents potential growth opportunities for companies across the industry value chain.

The comprehensive market research report presents 12-year historic and forecast data on Dried Longan segments across 22 countries from 2021 to 2032. Key segments in the report include By Type (Baked Dried, Freeze Dried), Packaging (Bagged, Canned), Application (Direct Consumption, Candy and Snacks, Others), Distribution Channel (Online, Offline). Over 70 tables and charts showcase findings from our latest survey report on Dried Longan markets.

Dried Longan Market Insights, 2025

The dried longan market in 2025 is expanding due to its increasing recognition as a nutritious, traditional fruit with health benefits including antioxidant and immune-boosting properties. Popular in Asian cuisine and traditional medicine, dried longan finds applications in snacks, desserts, teas, and health supplements. Technological

advancements in drying processes, including hot air and freeze-drying, help preserve flavor, texture, and bioactive compounds. The market sees growing export demand from producing countries such as Thailand, Vietnam, and China, catering to diasporic and health-conscious consumers worldwide. Organic and preservative-free variants are gaining prominence. Packaging innovations focus on extended shelf life and convenience. Regulatory frameworks ensure quality, safety, and proper labeling to foster consumer confidence. The dried longan market reflects the rising interest in ethnic superfoods and functional ingredients in 2025.

Five Trends that will define global Dried Longan market in 2025 and Beyond

A closer look at the multi-million global market for Dried Longan identifies rapidly shifting consumer preferences across categories. By focusing on growth and resilience, leading Dried Longan companies are prioritizing their investments across categories, markets, and geographies. The report analyses the most important market trends shaping the new landscape to support better decisions for the long and short-term future.

What are the biggest opportunities for growth in the Dried Longan industry?

The Dried Longan sector demonstrated remarkable resilience over the past year across developed and developing economies. Further, the market presents significant opportunities to leverage the existing momentum towards actions by 2030. On the other hand, recent macroeconomic developments including rising inflation and supply chain disruptions are putting pressure on companies. The chapter assists users to identify growth avenues and address business challenges to make informed commercial decisions with unique insights, data forecasts, and in-depth market analyses.

Dried Longan Market Segment Insights

The Dried Longan industry presents strong offers across categories. The analytical report offers forecasts of Dried Longan industry performance across segments and countries. Key segments in the industry include By Type (Baked Dried, Freeze Dried), Packaging (Bagged, Canned), Application (Direct Consumption, Candy and Snacks, Others), Distribution Channel (Online, Offline). The largest types, applications, and sales channels, fastest growing segments, and the key factors driving each of the categories are included in the report.

Forecasts of each segment across five regions are provided from 2021 through 2032 for Asia Pacific, North America, Europe, South America, Middle East, and African regions.

In addition, Dried Longan market size outlook is provided for 22 countries across these regions.

Market Value Chain

The chapter identifies potential companies and their operations across the global Dried Longan industry ecosystem. It assists decision-makers in evaluating global Dried Longan market fundamentals, market dynamics, and disruptive trends across the value chain segments.

Scenario Analysis and Forecasts

Strategic decision-making in the Dried Longan industry is multi-faceted with the increased need for planning across scenarios. The report provides forecasts across three case scenarios low growth, reference case, and high growth cases.

Asia Pacific Dried Longan Market Analysis A Promising Growth Arena for Business Expansion

As companies increasingly expand across promising Asia Pacific markets with a combined population of over 4.5 billion, the medium-to-long-term future remains robust. The presence of the fastest-growing economies such as China, India, Thailand, Indonesia, and Vietnam coupled with strengthening middle-class populations and rising disposable incomes drive the market. In particular, China and India are witnessing rapid shifts in consumer purchasing behavior. China is recovering steadily with optimistic forecasts for 2025. Further, Japanese and South Korean markets remain stable with most companies focusing on new product launches and diversification of sales channels.

The State of Europe Dried Longan Industry 2025 Focus on Accelerating Competitiveness

As companies opt for an integrated agenda for competitiveness, the year 2025 presents optimistic scenarios for companies across the ecosystem. With signs of economic recovery across markets, companies are increasing their investments. Europe is one of the largest markets for Dried Longan with demand from both Western Europe and Eastern European regions increasing over the medium to long-term future. Increasing omnichannel shopping amidst robust consumer demand for value purchases shapes the market outlook. The report analyses the key Dried Longan market drivers and

opportunities across Germany, France, the United Kingdom, Spain, Italy, Russia, and other Europe.

The US Dried Longan market Insights Executives are most excited about opportunities for the US Dried Longan industry.

Easing inflation coupled with strengthening consumer sentiment is encouraging aggressive actions from the US Dried Longan companies. Market players consistently focusing on innovation and pursuing new ways to create value are set to excel in 2025. In addition, the Canadian and Mexican markets offer lucrative growth pockets for manufacturers and vendors. Focus on private-brand offerings and promotions, diversified sales channels, expansion into niche segments, adoption of advanced technologies, and sustainability are widely observed across the North American Dried Longan market.

Latin American Dried Longan market outlook rebounds in line with economic growth.

Underlying demand remains higher among urban consumers with an optimistic economic outlook across Brazil, Argentina, Chile, and other South and Central American countries. Increased consumer spending has been reported since H2-2024 and the prospects remain strong for 2025. Aggressive ecosystem moves to create new sources of income are widely observed across markets in the region. Marketing activities focused on customer insights, operations, and support functions are quickly gaining business growth in the region.

Middle East and Africa Dried Longan Markets New Opportunities for Companies
Harnessing Diversity

Rapid growth in burgeoning urban locations coupled with a young and fast-growing population base is attracting new investments in the Middle East and African Dried Longan markets. Designing expansion and marketing strategies to cater to the local consumer base supports the market prospects. In addition to Nigeria, Algeria, South Africa, and other markets, steady growth markets in Ethiopia, Rwanda, Ghana, Tanzania, the Democratic Republic of Congo, and others present significant prospects for companies. On the other hand, Middle Eastern Dried Longan markets including the UAE, Saudi Arabia, Qatar, and Oman continue to offer lucrative pockets of growth.

Competitive Landscape How Dried Longan companies outcompete in 2025?

The ability to respond quickly to evolving consumer preferences and adapt businesses to niche consumer segments remains a key growth factor. The report identifies the leading companies in the industry and provides their revenue for 2024. The market shares of each company are also included in the report. Further, business profiles, SWOT analysis, and financial analysis of each company are provided in detail. Key companies analyzed in the report include LEMBERONA, Urban Platter, Jo-Family Family Company Limited, Chew Green, On Kee Dry Seafood Co., Ltd, Phootawan Thai Dried Fruit, Thai Ao Chi, Jiaozuo Hailian Food Co.Ltd., Shanghai Tonggu Trade Ltd.
