Abstracts

Duck Meat Market Outlook

The global Duck Meat market is expected to register a growth rate of 3.2% during the forecast period from \$1.3 Billion in 2024 to \$1.7 Billion in 2032. The Duck Meat market is a thriving business that is poised to keep growing and presents potential growth opportunities for companies across the industry value chain.

The comprehensive market research report presents 12-year historic and forecast data on Duck Meat segments across 22 countries from 2021 to 2032. Key segments in the report include By Type (Fresh Duck Meats, Processed Duck Meats), Distribution Channel (Supermarkets and Hypermarkets, Specialist Retailers, Convenience Stores, Others). Over 70 tables and charts showcase findings from our latest survey report on Duck Meat markets.

Duck Meat Market Insights, 2025

The duck meat market in 2025 is gaining traction as consumers seek alternatives to conventional poultry, driven by its distinctive taste and perceived nutritional benefits, such as higher protein and essential fatty acids. Demand is particularly strong in regions with culinary traditions rooted in duck consumption, such as parts of Asia and Europe, but expanding interest in gourmet and ethnic cuisines is stimulating growth in North America and other emerging markets. Supply chain improvements, including enhanced

breeding techniques and processing efficiencies, are addressing past challenges of cost and availability. Furthermore, the market is influenced by a growing focus on sustainable farming practices and animal welfare standards, which shape consumer trust and willingness to pay a premium for ethically sourced duck meat.

Five Trends that will define global Duck Meat market in 2025 and Beyond

A closer look at the multi-million global market for Duck Meat identifies rapidly shifting consumer preferences across categories. By focusing on growth and resilience, leading Duck Meat companies are prioritizing their investments across categories, markets, and geographies. The report analyses the most important market trends shaping the new landscape to support better decisions for the long and short-term future.

What are the biggest opportunities for growth in the Duck Meat industry?

The Duck Meat sector demonstrated remarkable resilience over the past year across developed and developing economies. Further, the market presents significant opportunities to leverage the existing momentum towards actions by 2030. On the other hand, recent macroeconomic developments including rising inflation and supply chain disruptions are putting pressure on companies. The chapter assists users to identify growth avenues and address business challenges to make informed commercial decisions with unique insights, data forecasts, and in-depth market analyses.

Duck Meat Market Segment Insights

The Duck Meat industry presents strong offers across categories. The analytical report offers forecasts of Duck Meat industry performance across segments and countries. Key segments in the industry include By Type (Fresh Duck Meats, Processed Duck Meats), Distribution Channel (Supermarkets and Hypermarkets, Specialist Retailers, Convenience Stores, Others). The largest types, applications, and sales channels, fastest growing segments, and the key factors driving each of the categories are included in the report.

Forecasts of each segment across five regions are provided from 2021 through 2032 for Asia Pacific, North America, Europe, South America, Middle East, and African regions. In addition, Duck Meat market size outlook is provided for 22 countries across these regions.

Market Value Chain

The chapter identifies potential companies and their operations across the global Duck Meat industry ecosystem. It assists decision-makers in evaluating global Duck Meat market fundamentals, market dynamics, and disruptive trends across the value chain segments.

Scenario Analysis and Forecasts

Strategic decision-making in the Duck Meat industry is multi-faceted with the increased need for planning across scenarios. The report provides forecasts across three case scenarios: low growth, reference case, and high growth cases.

Asia Pacific Duck Meat Market Analysis: A Promising Growth Arena for Business Expansion

As companies increasingly expand across promising Asia Pacific markets with a combined population of over 4.5 billion, the medium-to-long-term future remains robust. The presence of the fastest-growing economies such as China, India, Thailand, Indonesia, and Vietnam coupled with strengthening middle-class populations and rising disposable incomes drive the market. In particular, China and India are witnessing rapid shifts in consumer purchasing behavior. China is recovering steadily with optimistic forecasts for 2025. Further, Japanese and South Korean markets remain stable with most companies focusing on new product launches and diversification of sales channels.

The State of Europe Duck Meat Industry 2025: Focus on Accelerating Competitiveness

As companies opt for an integrated agenda for competitiveness, the year 2025 presents optimistic scenarios for companies across the ecosystem. With signs of economic recovery across markets, companies are increasing their investments. Europe is one of the largest markets for Duck Meat with demand from both Western Europe and Eastern European regions increasing over the medium to long-term future. Increasing omnichannel shopping amidst robust consumer demand for value purchases shapes the market outlook. The report analyses the key Duck Meat market drivers and opportunities across Germany, France, the United Kingdom, Spain, Italy, Russia, and other Europe.

The US Duck Meat market Insights: Executives are most excited about opportunities for the US Duck Meat industry.

Easing inflation coupled with strengthening consumer sentiment is encouraging aggressive actions from the US Duck Meat companies. Market players consistently focusing on innovation and pursuing new ways to create value are set to excel in 2025. In addition, the Canadian and Mexican markets offer lucrative growth pockets for manufacturers and vendors. Focus on private-brand offerings and promotions, diversified sales channels, expansion into niche segments, adoption of advanced technologies, and sustainability are widely observed across the North American Duck Meat market.

Latin American Duck Meat market outlook rebounds in line with economic growth.

Underlying demand remains higher among urban consumers with an optimistic economic outlook across Brazil, Argentina, Chile, and other South and Central American countries. Increased consumer spending has been reported since H2-2024 and the prospects remain strong for 2025. Aggressive ecosystem moves to create new sources of income are widely observed across markets in the region. Marketing activities focused on customer insights, operations, and support functions are quickly gaining business growth in the region.

Middle East and Africa Duck Meat Markets
New Opportunities for Companies
Harnessing Diversity

Rapid growth in burgeoning urban locations coupled with a young and fast-growing population base is attracting new investments in the Middle East and African Duck Meat markets. Designing expansion and marketing strategies to cater to the local consumer base supports the market prospects. In addition to Nigeria, Algeria, South Africa, and other markets, steady growth markets in Ethiopia, Rwanda, Ghana, Tanzania, the Democratic Republic of Congo, and others present significant prospects for companies. On the other hand, Middle Eastern Duck Meat markets including the UAE, Saudi Arabia, Qatar, and Oman continue to offer lucrative pockets of growth.

Competitive Landscape
How Duck Meat companies outcompete in 2025?

The ability to respond quickly to evolving consumer preferences and adapt businesses to niche consumer segments remains a key growth factor. The report identifies the leading companies in the industry and provides their revenue for 2024. The market shares of each company are also included in the report. Further, business profiles, SWOT analysis, and financial analysis of each company are provided in detail. Key

companies analyzed in the report include AJC International Inc., Charoen Pokphand Foods Public Company Limited, Maple Leaf Farms, Inc., Pepe's Ducks Pty Ltd, Shandong Newhope Liuhe Co., Ltd., Cooperative Foie Gras De Chalosse, Lu Canard, Luv-a-Duck, TCH Group, LLC, Courtin Hervouet, Delpeyrat SAS, Ferme Uhartia, Jean LARNAUDIE, Maple Leaf Farms, Inc.
