## **Abstracts**

### **Flexible Display Market Outlook**

The Flexible Display Market size is expected to register a growth rate of 32.7% during the forecast period from \$19.4 Billion in 2025 to \$140.6 Billion in 2032. The Flexible Display market is a thriving business that is poised to keep growing and presents potential growth opportunities for companies across the industry value chain.

The comprehensive market research report presents 12-year historic and forecast data on Flexible Display segments across 22 countries from 2021 to 2032. Key segments in the report include By Application (Wearable Electronics, Mobile Phone Displays, Tablet and Notebook Displays, TV Panels, Others), By Substrate (Plastic Foils, Metal Foils, Flexible Glass), By Technology (OLEDs, LCDs, LEDs, EPD), By Distribution Channel (Online, Offline). Over 70 tables and charts showcase findings from our latest survey report on Flexible Display markets.

### **Flexible Display Market Insights, 2025**

The flexible display market is booming as OLED and micro-LED technologies enable bendable, rollable, and foldable screens for next-generation consumer electronics.

Industry leaders like Samsung, LG Display, and BOE Technology are investing in flexible AMOLED panels for smartphones, tablets, and laptops, revolutionizing portable device design. The automotive sector is also adopting flexible displays for curved dashboard screens and heads-up displays (HUDs), enhancing vehicle interior aesthetics and functionality. Meanwhile, the healthcare industry is exploring wearable flexible displays for smart medical patches and AR-assisted surgery. Challenges remain in terms of durability and cost, but ongoing material innovations such as ultra-thin glass and polymer-based substrates are improving resilience and reducing manufacturing costs.

### Five Trends that will define global Flexible Display market in 2025 and Beyond

A closer look at the multi-million market for Flexible Display identifies rapidly shifting consumer preferences across categories. By focusing on growth and resilience, leading Flexible Display companies are prioritizing their investments across categories, markets, and geographies. The report analyses the most important market trends shaping the new landscape to support better decisions for the long and short-term future. The impact of tariffs by the US administration also significantly impact the profitability of Flexible Display vendors.

### What are the biggest opportunities for growth in the Flexible Display industry?

The Flexible Display sector demonstrated remarkable resilience over the past year across developed and developing economies. Further, the market presents significant opportunities to leverage the existing momentum towards actions by 2032. On the other hand, recent macroeconomic developments including rising inflation and supply chain disruptions are putting pressure on companies. The chapter assists users to identify growth avenues and address business challenges to make informed commercial decisions with unique insights, data forecasts, and in-depth market analyses.

### Flexible Display Market Segment Insights

The Flexible Display industry presents strong offers across categories. The analytical report offers forecasts of Flexible Display industry performance across segments and countries. Key segments in the industry include%li%By Application (Wearable Electronics, Mobile Phone Displays, Tablet and Notebook Displays, TV Panels, Others), By Substrate (Plastic Foils, Metal Foils, Flexible Glass), By Technology (OLEDs, LCDs, LEDs, EPD), By Distribution Channel (Online, Offline). The largest types, applications, and sales channels, fastest growing segments, and the key factors driving each of the

categories are included in the report.

Forecasts of each segment across five regions are provided from 2021 through 2032 for Asia Pacific, North America, Europe, South America, Middle East, and African regions. In addition, Flexible Display market size outlook is provided for 22 countries across these regions.

### Market Value Chain

The chapter identifies potential companies and their operations across the global Flexible Display industry ecosystem. It assists decision-makers in evaluating global Flexible Display market fundamentals, market dynamics, and disruptive trends across the value chain segments.

### Scenario Analysis and Forecasts

Strategic decision-making in the Flexible Display industry is multi-faceted with the increased need for planning across scenarios. The report provides forecasts across three case scenarios%li%low growth, reference case, and high growth cases.

### Asia Pacific Flexible Display Market Analysis%li%A Promising Growth Arena for Business Expansion

As companies increasingly expand across promising Asia Pacific markets with over 4.5 billion population, the medium-to-long-term future remains robust. The presence of the fastest-growing economies such as China, India, Thailand, Indonesia, and Vietnam coupled with strengthening middle-class populations and rising disposable incomes drive the market. In particular, China and India are witnessing rapid shifts in consumer purchasing behavior. China is recovering steadily with optimistic forecasts for 2025. Further, Japanese and South Korean markets remain stable with most companies focusing on new product launches and diversification of sales channels.

### The State of Europe Flexible Display Industry 2025%li%Focus on Accelerating Competitiveness

As companies opt for an integrated agenda for competitiveness, the year 2025 presents optimistic scenarios for companies across the ecosystem. With signs of economic recovery across markets, companies are increasing their investments. Europe is one of the largest markets for Flexible Display with demand from both Western Europe and

Eastern European regions increasing over the medium to long-term future. Increasing omnichannel shopping amidst robust consumer demand for value purchases shapes the market outlook. The report analyses the key Flexible Display market drivers and opportunities across Germany, France, the United Kingdom, Spain, Italy, Russia, and other Europe.

The US Flexible Display market Insights%li%Vendors are exploring new opportunities within the US Flexible Display industry.

Easing inflation coupled with strengthening consumer sentiment is encouraging aggressive actions from the US Flexible Display companies. Market players consistently focusing on innovation and pursuing new ways to create value are set to excel in 2025. In addition, the Canadian and Mexican markets offer lucrative growth pockets for manufacturers and vendors. Focus on private-brand offerings and promotions, diversified sales channels, expansion into niche segments, adoption of advanced technologies, and sustainability are widely observed across the North American Flexible Display market.

Latin American Flexible Display market outlook rebounds in line with economic growth.

Underlying demand remains higher among urban consumers with an optimistic economic outlook across Brazil, Argentina, Chile, and other South and Central American countries. Increased consumer spending has been reported in Q1 -2025 and the prospects remain strong for rest of 2025. Aggressive ecosystem moves to create new sources of income are widely observed across markets in the region. Marketing activities focused on customer insights, operations, and support functions are quickly gaining business growth in the region.

Middle East and Africa Flexible Display Markets%li%New Opportunities for Companies Harnessing Diversity

Rapid growth in burgeoning urban locations coupled with a young and fast-growing population base is attracting new investments in the Middle East and African Flexible Display markets. Designing expansion and marketing strategies to cater to the local consumer base supports the market prospects. In addition to Nigeria, Algeria, South Africa, and other markets, steady growth markets in Ethiopia, Rwanda, Ghana, Tanzania, the Democratic Republic of Congo, and others present significant prospects for companies. On the other hand, Middle Eastern Flexible Display markets including the UAE, Saudi Arabia, Qatar, and Oman continue to offer lucrative pockets of growth.

## Competitive Landscape%li%How Flexible Display companies outcompete in 2025?

The ability to respond quickly to evolving consumer preferences and adapt businesses to niche consumer segments remains a key growth factor. The report identifies the leading companies in the industry and provides their revenue for 2024. The market shares of each company are also included in the report. Further, business profiles, SWOT analysis, and financial analysis of each company are provided in detail. Key companies analyzed in the report include Atmel Corp, Corning Inc, Dupont Display, Koninklijke Philips N.V., LG display, Nokia, Panasonic Corp, Samsung Electronics Co. Ltd, Sony Corp, Universal Display Corp.

Reasons to Buy the report

Make informed decisions through long and short-term forecasts across 22 countries and segments.

Evaluate market fundamentals, dynamics, and disrupting trends set to shape

2025 and beyond.

Gain a clear understanding of the competitive landscape, with product portfolio and growth strategies.

Get an integrated understanding of the entire market ecosystem and companies.

Stay ahead of the competition through plans for growth in a changing environment for your geographic expansion.

Assess the impact of advanced technologies and identify growth opportunities based on actionable data and insights.

Get free Excel spreadsheet and PPT versions along with the report PDF.

## Contents

### 1. TABLE OF CONTENTS

List of Figures and Tables

### 2. EXECUTIVE SUMMARY

#### 2.1 Key Highlights

2.1.1 Flexible Display Market Size Outlook, 2018-2024 and 2025-2032

2.1.2 Largest Flexible Display Market Types and Applications

2.1.3 Fastest Growing Segments

2.1.4 Potential Markets

2.1.5 Market Concentration

#### 2.2 Market Scope and Segmentation

2.2.1 Market Scope- Segments

2.2.2 Market Scope- Countries

2.2.3 Macroeconomic and Demographic Outlook

2.2.4 Abbreviations

2.2.5 Units and Currency Conversions

### 3. RESEARCH METHODOLOGY

#### 3.1 Primary Research Surveys

#### 3.2 Secondary Data Sources

#### 3.3 Data Triangulation

#### 3.4 Forecast Methodology

#### 3.5 Assumptions and Limitations

### 4. INTRODUCTION TO GLOBAL FLEXIBLE DISPLAY MARKET IN 2025

#### 4.1 Industry Panorama

#### 4.2 Leading Companies Profiled in the Study

#### 4.3 Asia Pacific Markets offer Robust Market Prospects for New Entrants

#### 4.4 Market Dynamics

4.4.1 Market Dynamics- Trends and Drivers

4.4.2 Market Dynamics- Opportunities and Challenges

#### 4.5 Regional Analysis

#### 4.6 Porter's Five Force Analysis

- 4.6.1 Intensity of Competitive Rivalry
- 4.6.2 Threat of New Entrants
- 4.6.3 Threat of Substitutes
- 4.6.4 Bargaining Power of Buyers
- 4.6.5 Bargaining Power of Suppliers
- 4.7 Flexible Display Industry Value Chain Analysis
  - 4.7.1 Stage of Value Chain
  - 4.7.2 Key Activities of Companies
  - 4.7.3 Companies Included in Each Stage
  - 4.7.4 Key Insights

## **5. FLEXIBLE DISPLAY MARKET OUTLOOK TO 2032**

- 5.1 Market Size Forecast by Type, 2021-2024 and 2025-2032
- 5.2 Market Size Forecast by Application, 2021-2024 and 2024-2032
- 5.3 Market Size Forecast by Geography, 2021-2024 and 2024-2032
