## **Abstracts**

Global Food and Beverage Stevia Market Size is valued at \$941.2 Million in 2024 and is forecast to register a growth rate (CAGR) of 9.3% to reach \$1917.1 Million by 2032.

The food and beverage stevia market is expected to thrive as consumers increasingly seek natural sweetener alternatives to sugar. Over the forecast period, the rising awareness of health issues related to excessive sugar consumption will drive demand for stevia, known for its zero-calorie properties and natural origin. The trend towards clean-label and organic products will further enhance market dynamics, as consumers prioritize sweeteners that are free from artificial additives. Additionally, innovations in stevia formulation and taste enhancement will cater to food and beverage manufacturers looking to create better-tasting products without compromising on health.
