## Abstracts

### 2020 Functional Dyspepsia (Non Ulcer Dyspepsia) PIPELINE HIGHLIGHTS

Functional Dyspepsia (Non Ulcer Dyspepsia) is one of the widely researched conditions during 2020 with 4 companies actively focusing on realizing pipeline's potential.

Development of Functional Dyspepsia (Non Ulcer Dyspepsia) medicines is identified as integral to the strategy of the majority of companies operating in the industry.

Global Functional Dyspepsia (Non Ulcer Dyspepsia) market presents promising new product pipeline with NME Projects, pivotal trials, and rapidly phase-advancing therapeutic candidates. Increasing number of companies are assessing the feasibility of developing treatment options for Functional Dyspepsia (Non Ulcer Dyspepsia).

Good progress is anticipated during 2020 and 2021 with Functional Dyspepsia (Non Ulcer Dyspepsia) pipeline molecules advancing from pre-clinical investigation to completion of advanced Phase clinical trials. Functional Dyspepsia (Non Ulcer Dyspepsia) pipeline continues to expand and progress with novel mechanisms and diverse routes of administration being tested by companies.

### Functional Dyspepsia (Non Ulcer Dyspepsia) DRUG DEVELOPMENT PIPELINE OVERVIEW

The "Functional Dyspepsia (Non Ulcer Dyspepsia) pipeline Research Monitor, 2020" report is an analytical research study on the progress achieved by pipeline companies during the year along with its historical development, current status, and outlook. This Functional Dyspepsia (Non Ulcer Dyspepsia) pipeline review explores high-potential early to late-stage pipeline projects with a continued focus on new insights, accelerated processes, and pipeline progression.

The competitive intelligence report on Functional Dyspepsia (Non Ulcer Dyspepsia)

presents detailed insights into therapeutic drug pipeline development, industry news, deals, and analysis across the length and breadth of the Functional Dyspepsia (Non Ulcer Dyspepsia) pipeline. Information on R&D pipeline updates, results of key clinical trials are also included in the report.

#### Functional Dyspepsia (Non Ulcer Dyspepsia) DRUG PROFILES

Functional Dyspepsia (Non Ulcer Dyspepsia) development pipeline including projects in early- and late-stage development are detailed in the report. Details of clinical trial data and submissions to regulatory authorities are also provided. For the drug candidates included in the report, the following information is provided-

Current Status of Development including phase advancements, regulatory approvals of phases, acquisitions, licensing and technology transfers, product launches in various markets, and others.

Phase of development

Mechanism of Action

Route of Administration

Companies involved including originator, licensing companies, developer, investors, and others

New molecular entity details

Orphan drug designation and other special status provided by regulators

#### Functional Dyspepsia (Non Ulcer Dyspepsia) COMPANY PROFILES

Both small size and large size pharmaceutical companies are investing their resources in Functional Dyspepsia (Non Ulcer Dyspepsia) drug development operations. Further, financial institutions are extending support to small pharmaceutical companies, universities, and other researchers for the development of treatment of Functional Dyspepsia (Non Ulcer Dyspepsia). Partnerships and acquisitions are also increasingly observed in the pipeline.

This research report presents an analysis of 4 Functional Dyspepsia (Non Ulcer Dyspepsia) companies including company overview, key snapshot, contact information,

and their strategies on accelerating Functional Dyspepsia (Non Ulcer Dyspepsia) pipeline development. Mid-stage and early portfolios of these companies are analyzed in detail in the report.

Companies analyzed in the report include- Daewoong Pharmaceutical Co Ltd, RaQualia Pharma Inc, Renexxion LLC , Zeria Pharmaceutical Co Ltd

## **REASONS TO BUY**

The current market conditions are forcing companies and investors worldwide to prioritize their investments and accelerate pipeline candidates only through careful quantitative assessment.

This research work assists decision makers in pharmaceutical companies towards successful pipeline development through critically evaluated pipeline data

Buyers can identify most promising drug candidates for treatment of Functional Dyspepsia (Non Ulcer Dyspepsia)

It allows users to strengthen their pipeline through acquisitions, licensing and collaborations

Users can estimate possible delays in the delivery of pipeline or launch of new products

Stay ahead of competition through understanding their pipeline progression, strategies and outlook

The report details all the pipeline candidates under investigation in various stages of development from Phase I through to Phase III to enable business development managers to understand the impact of new launches.

Optimize your licensing and technology transfer strategies through identification of prospect partners

## Contents

### **1. INTRODUCTION TO FUNCTIONAL DYSPEPSIA (NON ULCER DYSPEPSIA)**

- 1.1 Functional Dyspepsia (Non Ulcer Dyspepsia)- Disease overview
- 1.2 Functional Dyspepsia (Non Ulcer Dyspepsia)- Market Size
- 1.3 Functional Dyspepsia (Non Ulcer Dyspepsia)- Companies Involved

### **2. FUNCTIONAL DYSPEPSIA (NON ULCER DYSPEPSIA) PIPELINE SNAPSHOT-2020**

- 2.1 Functional Dyspepsia (Non Ulcer Dyspepsia) Pipeline by Phase
- 2.2 Functional Dyspepsia (Non Ulcer Dyspepsia) Pipeline by Mechanism of Action
- 2.3 Functional Dyspepsia (Non Ulcer Dyspepsia) Pipeline by Route of Administration
- 2.4 Functional Dyspepsia (Non Ulcer Dyspepsia) Pipeline- New Molecular Entities
- 2.5 Functional Dyspepsia (Non Ulcer Dyspepsia) Pipeline- Orphan Drug Designation/ Special Designation

### **3. FUNCTIONAL DYSPEPSIA (NON ULCER DYSPEPSIA) DRUG PROFILES**

- 3.1 Current Status
- 3.2 Functional Dyspepsia (Non Ulcer Dyspepsia) Drug Snapshot
- 3.3 Functional Dyspepsia (Non Ulcer Dyspepsia) Therapeutic Candidates- Originator/Licensor
- 3.4 Route of Administration
- 3.5 Mechanism of Action
- 3.6 NME
- 4.1 Daewoong Pharmaceutical Co Ltd Functional Dyspepsia (Non Ulcer Dyspepsia) Pipeline Insights and Clinical Trials
- 4.2 RaQualia Pharma Inc Functional Dyspepsia (Non Ulcer Dyspepsia) Pipeline Insights and Clinical Trials
- 4.3 Renexxion LLC Functional Dyspepsia (Non Ulcer Dyspepsia) Pipeline Insights and Clinical Trials
- 4.4 Zeria Pharmaceutical Co Ltd Functional Dyspepsia (Non Ulcer Dyspepsia) Pipeline Insights and Clinical Trials

### **5. FUNCTIONAL DYSPEPSIA (NON ULCER DYSPEPSIA) MARKET NEWS AND UPDATES**

## **6. APPENDIX**

6.1 Sources and Methodology

6.2 Contact Information

## I would like to order

Product name: Functional Dyspepsia (Non Ulcer Dyspepsia) pipeline Research Monitor, 2020- Drugs, Companies, Clinical Trials, R&D pipeline updates, status and outlook

Product link: <https://marketpublishers.com/r/F6AF746CFF06EN.html>

Price: US\$ 1,599.00 (Single User License / Electronic Delivery)
