Impact of COVID-19 on Global Abrasives market revenue

The worldwide crisis of COVID-19 is leading to calls for action from a wide range of stakeholders including manufacturers, vendors, distributors, and consumers. Decline in business for at least three months during 2020 coupled with lower demand from a few major markets has put pressure on the profitability of Abrasives manufacturers and vendors. However, we expect the negative impact of COVID-19 on Abrasives to be compensated over the medium to long term future.

Abrasives Market Size and Outlook by Type to 2028

This chapter presents an insight into different Abrasives types and their contribution to global market growth. The growth in global Abrasives market size is forecast to continue despite the economic challenges. The report forecasts the Abrasives market revenue across different types, which include- Coated, Bonded and Super Abrasives. Of these, coated abrasives dominate the global market.

Abrasives Market Share and Outlook by End-User Industry to 2028

The research suggests that there is a strong case for the development of new applications of Abrasives worldwide. Different application segments analyzed in the report are Engineering and Tools Manufacturing, Fabrication, Automotive, Semiconductors and Electronics and Others.
