Abstracts

Key insights from the Global Acrylic Resin Market-

The Global Acrylic Resin market is valued at \$1.2 billion in 2020

Methacrylate based Acrylic Resin dominates the market

Paints and Coatings dominate the market

Asia Pacific is the largest user of Acrylic Resin

The \$1.2 billion Acrylic Resin industry presents strong investment and growth opportunities over the near to long term outlook period. The 2020 edition of the market report presents a comprehensive analysis of the global Acrylic Resin market from 2020 to 2028. The Acrylic Resin market research report presents detailed Acrylic Resin market analysis, and forecasts to 2028. Detailed insights into global and regional Acrylic Resin market statistics, Acrylic Resin companies and growth prospects across verticals are included.

Acrylic Resin Market Overview and Developments in 2020

The report presents a snapshot of recent market trends in the Acrylic Resin industry. Further, potential market drivers, major challenges, opportunities, major developments, competitive strategies, porter's five forces analysis, and other analysis are included in the research.

Impact of COVID-19 on Global Acrylic Resin market revenue

The worldwide crisis of COVID-19 is leading to calls for action from a wide range of stakeholders including manufacturers, vendors, distributors, and consumers. Decline in business for at least three months during 2020 coupled with lower demand from a few major markets has put pressure on the profitability of Acrylic Resin manufacturers and vendors. However, we expect the negative impact of COVID-19 on Acrylic Resin to be compensated over the medium to long term future.

Acrylic Resin Market Size and Outlook by raw material to 2028

This chapter presents an insight into different Acrylic Resin types and their contribution to global market growth. The growth in global Acrylic Resin market size is forecast to continue despite the economic challenges. The report forecasts the Acrylic Resin market revenue across different raw material types, which include- Methacrylate based Acrylic Resin, Acrylate based Acrylic Resin, and Hybrids based Acrylic Resin. Of these, Methacrylate dominates the global Acrylic Resin market.

Acrylic Resin Market Share and Outlook by End-User Industry to 2028

The research suggests that there is a strong case for the development of new applications of Acrylic Resin worldwide. Different application segments analyzed in the report are Paints and Coatings, Industrial, Commercial, and Others. The study identifies that Paints and Coatings application has the most substantial value-creation potential.

Global Acrylic Resin Company Profiles

The report presents business profiles of major companies operating in the industry including Arkema S.A., Air Products and Chemicals, Inc., BASF SE, Nippon Shokubai Co., Ltd, The Dow Chemical Company, Formosa Plastics Corporation and Mitsubishi Chemical Holdings Corp.

The business overview, SWOT profile and product information are provided for all the companies.

The report identifies that the development of new applications and product portfolio is one of the key strategies to overcome identified challenges and for supporting continued growth. Manufacturing companies can also benefit from rising domestic demand in chemical end-use sectors. The majority of the companies are realigning their strategies

to orient their business operations to changing market volatility, regulatory policy changes, geopolitical issues, changing end-user preferences, and others.

Sources and Methodology

The data and analysis presented in this report are sourced from a wide range of sources such as associations, manufacturers, suppliers, distributors, consumer companies, and government sources.

Scope of the research

Global and regional Acrylic Resin Market Size estimates in revenue terms from 2019 to 2028

Segmentation analysis across types, applications, and geographies

Strategic analysis through trends, drivers, challenges, opportunities, porter's five forces analysis

Market Developments including M&A, new product development, and competitive analysis

Potential strategies of leading companies
