Abstracts

Key insights from the Global Betaine Market-

The Global Betaine market is valued at \$3.7 billion in 2020

Feed Industry remains the dominant end user vertical for Betaine

North America is the largest user of Betaine

The \$3.7 billion Betaine industry presents strong investment and growth opportunities over the near to long term outlook period. The 2020 edition of the market report presents a comprehensive analysis of the global Betaine market from 2020 to 2028. The Betaine market research report presents detailed Betaine market analysis, and forecasts to 2028. Detailed insights into global and regional Betaine market statistics, Betaine companies and growth prospects across verticals are included.

Betaine Market Overview and Developments in 2020

The report presents a snapshot of recent market trends in the Betaine industry. Further, potential market drivers, major challenges, opportunities, major developments, competitive strategies, porter's five forces analysis, and other analysis are included in the research.

Impact of COVID-19 on Global Betaine market revenue

The worldwide crisis of COVID-19 is leading to calls for action from a wide range of stakeholders including manufacturers, vendors, distributors, and consumers. Decline in

business for at least three months during 2020 coupled with lower demand from a few major markets has put pressure on the profitability of Betaine manufacturers and vendors. However, we expect the negative impact of COVID-19 on Betaine to be compensated over the medium to long term future.

Betaine Market Size and Outlook by type to 2028

This chapter presents an insight into different Betaine types and their contribution to global market growth. The growth in global Betaine market size is forecast to continue despite the economic challenges. The report forecasts the Betaine market revenue across different types, which include- Feed Industry, Food Industry, Others. Of these, Feed Industry dominates the global Betaine market.

Global Betaine Company Profiles

The report presents business profiles of major companies operating in the industry including American Crystal Sugar, BASF SE, Associated British Foods, DowDuPont, AMINO GmbH.

The business overview, SWOT profile and product information are provided for all the companies.

The report identifies that the development of new applications and product portfolio is one of the key strategies to overcome identified challenges and for supporting continued growth. Manufacturing companies can also benefit from rising domestic demand in chemical end-use sectors. The majority of the companies are realigning their strategies to orient their business operations to changing market volatility, regulatory policy changes, geopolitical issues, changing end-user preferences, and others.
