Abstracts

Key insights from the Global Molded Plastics Market-

The Global Molded Plastics market is valued at \$390 billion in 2020

Injection Molded Plastics is the dominant application of Molded Plastics

Molded PE is the largest raw material used of Molded Plastics

Packaging is the largest use for molded plastics

Asia Pacific is the largest market for Molded Plastics

The \$390 billion Molded Plastics industry presents strong investment and growth opportunities over the near to long term outlook period. The 2020 edition of the market report presents a comprehensive analysis of the global Molded Plastics market from 2020 to 2028. The Molded Plastics market research report presents detailed Molded Plastics market analysis, and forecasts to 2028. Detailed insights into global and regional Molded Plastics market statistics, Molded Plastics companies and growth prospects across verticals are included.

Molded Plastics Market Overview and Developments in 2020

The report presents a snapshot of recent market trends in the Molded Plastics industry. Further, potential market drivers, major challenges, opportunities, major developments, competitive strategies, porter's five forces analysis, and other analysis are included in the research.

Impact of COVID-19 on Global Molded Plastics market revenue

The worldwide crisis of COVID-19 is leading to calls for action from a wide range of stakeholders including manufacturers, vendors, distributors, and consumers. Decline in business for at least three months during 2020 coupled with lower demand from a few major markets has put pressure on the profitability of Molded Plastics manufacturers and vendors. However, we expect the negative impact of COVID-19 on Molded Plastics to be compensated over the medium to long term future.

Molded Plastics Market Size and Outlook by Type to 2028

This chapter presents an insight into different Molded Plastics types and their contribution to global market growth. The growth in global Molded Plastics market size is forecast to continue despite the economic challenges. The report forecasts the Molded Plastics market revenue across different Types, which include- Molded PE, Molded PP, Molded Polystyrene, Molded PVC, others. Of these, Molded PE dominates the global Molded Plastics market.

Molded Plastics Market Size and Outlook by Technology to 2028

A long-term perspective indicates that Injection Molded Plastics dominates the Molded Plastics market. The industry is classified into different technologies including Injection Molded Plastics, Others.

Molded Plastics Market Share and Outlook by End-User Industry to 2028

The research suggests that there is a strong case for the development of new applications of Molded Plastics worldwide. Different application segments analyzed in the report are Packaging Industry, Semiconductors and Electronics, Automotive, others. The study identifies that Packaging Industry application has the most substantial value-creation potential.

Global Molded Plastics Company Profiles

The report presents business profiles of major companies operating in the industry including BASF SE, The Dow Chemical Company, INEOS Group, Reliance Industries Ltd., SABIC Corp.

The business overview, SWOT profile and product information are provided for all the companies.

The report identifies that the development of new applications and product portfolio is one of the key strategies to overcome identified challenges and for supporting continued growth. Manufacturing companies can also benefit from rising domestic demand in chemical end-use sectors. The majority of the companies are realigning their strategies to orient their business operations to changing market volatility, regulatory policy changes, geopolitical issues, changing end-user preferences, and others.

Sources and Methodology

The data and analysis presented in this report are sourced from a wide range of sources such as associations, manufacturers, suppliers, distributors, consumer companies, and government sources.

Scope of the research

Global and regional Molded Plastics Market Size estimates in revenue terms from 2019 to 2028

Segmentation analysis across types, applications, and geographies

Strategic analysis through trends, drivers, challenges, opportunities, porter's five forces analysis

Market Developments including M&A, new product development, and competitive analysis

Potential strategies of leading companies

Contents

1 TABLE OF CONTENTS

- 1.1 List of Tables
- 1.2 List of Figures

2. RESEARCH FRAMEWORK

- 2.1 Report Guidance
- 2.2 Market Segmentation
- 2.3 Research Methodology
 - 2.3.1 Assumptions of the Study
 - 2.3.2 Primary and Secondary Research
 - 2.3.2 Market Breakdown and Data Triangulation

3 INTRODUCTION TO MOLDED PLASTICS MARKET, 2020

- 3.1 Market Panorama
- 3.2 Overview

4 MOLDED PLASTICS INDUSTRY INSIGHTS

- 4.1 Drivers
- 4.2 Challenges
- 4.3 Opportunities
- 4.4 Porter's Five Forces Analysis
- 4.5 Leading Companies

5. EXECUTIVE SUMMARY

- 5.1 Injection Molded Plastics is the dominant application of Molded Plastics
- 5.2 Molded PE is the largest raw material used of Molded Plastics
- 5.3 Packaging is the largest use for molded plastics
- 5.4 Asia Pacific is the largest market for Molded Plastics

6 MOLDED PLASTICS MARKET SIZE AND OUTLOOK BY TECHNOLOGY, 2019-2028

- 6.1 Premium Insights
- 6.2 Injection Molded Plastics
- 6.3 Others

7 MOLDED PLASTICS MARKET SIZE AND OUTLOOK BY TYPE, 2019- 2028

- 7.1 Premium Insights
- 7.2 Molded PE
- 7.3 Molded PP
- 7.4 Molded Polystyrene
- 7.5 Molded PVC
- 7.6 Others

8 MOLDED PLASTICS MARKET SIZE AND OUTLOOK BY APPLICATION, 2019-2028

- 8.1 Premium Insights
- 8.2 Packaging Industry
- 8.3 Semiconductors and Electronics
- 8.4 Automotive
- 8.5 Others

9 MOLDED PLASTICS MARKET SIZE AND OUTLOOK BY REGION, 2019- 2028

- 9.1 Premium Insights
- 9.2 Asia Pacific Molded Plastics Market Outlook
- 9.3 Europe Molded Plastics Market Outlook
- 9.4 North America Molded Plastics Market Outlook
- 9.5 Middle East and Africa Molded Plastics Market Outlook
- 9.6 South and Central America Molded Plastics Market Outlook

10 COMPANY PROFILES

- 10.1 BASF SE
- 10.2 The Dow Chemical Company
- 10.3 INEOS Group
- 10.4 Reliance Industries Ltd.
- 10.5 SABIC

11. APPENDIX

11.1 About Publisher

11.2 Sources and Methodology
