## **Abstracts**

Key insights from the Global Non-woven Abrasives Market-

The Global Non-woven Abrasives market is valued at \$5 billion in 2020

Transportation is the largest end-user for Non-woven Abrasives

Phenolic resins are the largest types of Non-woven Abrasives

Asia Pacific is the largest market for Non-woven Abrasives

Nylon is the leading material used for Non-Woven Abrasives

The \$5 billion Non-woven Abrasives industry presents strong investment and growth opportunities over the near to long term outlook period. The 2020 edition of the market report presents a comprehensive analysis of the global Non-woven Abrasives market from 2020 to 2028. The Non-woven Abrasives market research report presents detailed Non-woven Abrasives market analysis, and forecasts to 2028. Detailed insights into global and regional Non-woven Abrasives market statistics, Non-woven Abrasives

companies and growth prospects across verticals are included.

### Non-woven Abrasives Market Overview and Developments in 2020

The report presents a snapshot of recent market trends in the Non-woven Abrasives industry. Further, potential market drivers, major challenges, opportunities, major developments, competitive strategies, porter's five forces analysis, and other analysis are included in the research.

### Impact of COVID-19 on Global Non-woven Abrasives market revenue

The worldwide crisis of COVID-19 is leading to calls for action from a wide range of stakeholders including manufacturers, vendors, distributors, and consumers. Decline in business for at least three months during 2020 coupled with lower demand from a few major markets has put pressure on the profitability of Non-woven Abrasives manufacturers and vendors. However, we expect the negative impact of COVID-19 on Non-woven Abrasives to be compensated over the medium to long term future.

### Non-woven Abrasives Market Size and Outlook by Resin Type to 2028

This chapter presents an insight into different Non-woven Abrasives types and their contribution to global market growth. The growth in global Non-woven Abrasives market size is forecast to continue despite the economic challenges. The report forecasts the Non-woven Abrasives market revenue across different Resin Types, which include- Phenolic, Nylon, Epoxy, Others. Of these, Phenolic resins dominate the global Non-woven Abrasives market.

### Non-woven Abrasives Market Size and Outlook by Material Type to 2028

A long-term perspective indicates that Nylon dominates the Non-woven Abrasives market. The industry is classified into different Material Types including Nylon, Cloth, Polyester, Paper, Others.

### Non-woven Abrasives Market Share and Outlook by End-User Industry to 2028

The research suggests that there is a strong case for the development of new applications of Non-woven Abrasives worldwide. Different application segments analyzed in the report are Automotive and Transportation, Building and Construction, Household, Others. The study identifies that Transportation application has the most substantial value-creation potential.

### Global Non-woven Abrasives Company Profiles

The report presents business profiles of major companies operating in the industry including The 3M Company, Compagnie de Saint-Gobain S.A., Dewalt, KWH Mirka, Ltd,

Osborn International, Inc.

The business overview, SWOT profile and product information are provided for all the companies.

The report identifies that the development of new applications and product portfolio is one of the key strategies to overcome identified challenges and for supporting continued growth. Manufacturing companies can also benefit from rising domestic demand in chemical end-use sectors. The majority of the companies are realigning their strategies to orient their business operations to changing market volatility, regulatory policy changes, geopolitical issues, changing end-user preferences, and others.

#### Sources and Methodology

The data and analysis presented in this report are sourced from a wide range of sources such as associations, manufacturers, suppliers, distributors, consumer companies, and government sources.

#### Scope of the research

Global and regional Non-woven Abrasives Market Size estimates in revenue terms from 2019 to 2028

Segmentation analysis across types, applications, and geographies

Strategic analysis through trends, drivers, challenges, opportunities, porter's five forces analysis

Market Developments including M&A, new product development, and competitive analysis

Potential strategies of leading companies
