Abstracts

Key insights from the Global Titanium Dioxide Market-

The Global Titanium Dioxide market is valued at \$18 billion in 2020

Paints and coatings are the largest uses of Titanium Dioxide worldwide

Asia Pacific is the largest market for Titanium Dioxide

Chloride process is the dominant type

The \$18 billion Titanium Dioxide industry presents strong investment and growth opportunities over the near to long term outlook period. The 2020 edition of the market report presents a comprehensive analysis of the global Titanium Dioxide market from 2020 to 2028. The Titanium Dioxide market research report presents detailed Titanium Dioxide market analysis, and forecasts to 2028. Detailed insights into global and regional Titanium Dioxide market statistics, Titanium Dioxide companies and growth prospects across verticals are included.

Titanium Dioxide Market Overview and Developments in 2020

The report presents a snapshot of recent market trends in the Titanium Dioxide industry. Further, potential market drivers, major challenges, opportunities, major developments,

competitive strategies, porter's five forces analysis, and other analysis are included in the research.

Impact of COVID-19 on Global Titanium Dioxide market revenue

The worldwide crisis of COVID-19 is leading to calls for action from a wide range of stakeholders including manufacturers, vendors, distributors, and consumers. Decline in business for at least three months during 2020 coupled with lower demand from a few major markets has put pressure on the profitability of Titanium Dioxide manufacturers and vendors. However, we expect the negative impact of COVID-19 on Titanium Dioxide to be compensated over the medium to long term future.

Titanium Dioxide Market Size and Outlook by Type to 2028

This chapter presents an insight into different Titanium Dioxide types and their contribution to global market growth. The growth in global Titanium Dioxide market size is forecast to continue despite the economic challenges. The report forecasts the Titanium Dioxide market revenue across different Types, which include- Chloride process, sulfate process. Of these, Chloride process dominates the global Titanium Dioxide market.

Titanium Dioxide Market Share and Outlook by End-User Industry to 2028

The research suggests that there is a strong case for the development of new applications of Titanium Dioxide worldwide. Different application segments analyzed in the report are Paints and coatings, Plastics Industry, Paper Industry, Others. The study identifies that Paints and coatings application has the most substantial value-creation potential.

Global Titanium Dioxide Company Profiles

The report presents business profiles of major companies operating in the industry including DuPont, Huntsman International LLC, Kronos Worldwide Inc, Tronox Limited, The Chemours Company.

The business overview, SWOT profile and product information are provided for all the companies.

The report identifies that the development of new applications and product portfolio is one of the key strategies to overcome identified challenges and for supporting continued growth. Manufacturing companies can also benefit from rising domestic demand in chemical end-use sectors. The majority of the companies are realigning their strategies to orient their business operations to changing market volatility, regulatory policy changes, geopolitical issues, changing end-user preferences, and others.

Sources and Methodology

The data and analysis presented in this report are sourced from a wide range of sources such as associations, manufacturers, suppliers, distributors, consumer companies, and government sources.

Scope of the research

Global and regional Titanium Dioxide Market Size estimates in revenue terms from 2019 to 2028

Segmentation analysis across types, applications, and geographies

Strategic analysis through trends, drivers, challenges, opportunities, porter's five forces analysis

Market Developments including M&A, new product development, and competitive analysis

Potential strategies of leading companies
