### Hard Soda Market Insights, 2025

The hard soda market is thriving due to growing millennial and Gen Z interest in flavored alcoholic beverages that blur the lines between traditional beer, spirits, and soft drinks. These consumers favor easy-drinking, low-ABV options with fun flavors like root beer, orange cream, and cherry cola—products that cater to social drinking without the heaviness of beer or the burn of hard liquor. Hard soda also benefits from nostalgia marketing and branding strategies that play on familiar childhood flavors repurposed for adult experiences. Companies such as Not Your Father's, Henry's Hard Soda, and

Sprecher have capitalized on this, offering seasonal and limited-edition launches to keep consumer interest high. The demand for variety and novelty in alcoholic formats ensures that hard soda continues to hold a niche in the broader ready-to-drink (RTD) alcoholic beverage space.
