Abstracts

The Global Hops market outlook report presents a roadmap of the Hops industry with information on key market opportunities, potential market trends, key strategies, and leading companies. It also presents the annual outlook of Hops markets across different types and applications across 19 countries worldwide.

The growing global demand for Hops is attracting interest from a large number of industry stakeholders. After the pandemic period, the coming years present new opportunities for companies with a deep value chain presence, a clear understanding of consumer trends, expanding into emerging markets, and building operational capabilities.

The state of Hops industry in 2022 and beyond

The Hops market intelligence report presents insights into the global Hops industry in 2022. An introduction to the market conditions in 2022 and the outlook for 2030 are provided in the research. Current and future prospects of the market from 2020 to 2030 are included in the research. Key Hops types, applications, companies, and markets to focus on during 2022 are included in the study.

Hops Market - Strategic Perspectives to 2030

The Hops market presents significant growth opportunities for companies operating in the industry. Leading Hops companies on average tend to demonstrate higher returns to shareholders.

The report presents key Hops market dynamics shaping the future outlook to 2030. Key Hops market trends, drivers, and challenges facing the Hops companies are analyzed in the report.

The Hops market study also presents the emerging macro-environment including the GDP outlook and population growth across leading countries from 2010 to 2030.

Post-COVID Recovery - Hops market Implications and Outlook Scenarios

The global Hops industry forecasts are provided across three recovery scenarios - low growth case, reference case, and high growth cases. With varying health impacts, slower to rapid growth, and time for recovery, the scenarios present multiple outlook cases for Hops market size to 2030.

Hops market share analysis and outlook across segments

The global Hops market size is forecast across Hops types from 2020 to 2030. Further, Hops applications are forecast from 2020 to 2030. The market size outlook is forecast across regions including Asia Pacific, Europe, Middle East, Africa, North America, and Latin America.

Hops market outlook by country - Focus on emerging countries

The global Hops market is poised to witness healthy growth over the next ten years. The market outlook is forecast across 19 countries including the United States, Canada, Mexico, Germany, France, United Kingdom, Spain, Italy, Russia, China, India, Japan, South Korea, Brazil, Argentina, Chile, Saudi Arabia, United Arab Emirates, South Africa, and others.

Emerging Hops competitive landscape

The Hops competitive landscape continues to emerge with prospects for new players flooding the market over the forecast period. The Hops sector has demonstrated strong performance in the recent past and presents robust growth opportunities through 2030. Greater consumer emphasis on quality, together with plans for sustainability, and technological upgrades tend to remain key success factors.

Five leading companies, including their business profiles, SWOT analysis, financial overview, product details, and others are included in the research.
