## **Abstracts**

The global Liraglutide market size is poised to register 9.7% growth from 2024 to 2032, presenting significant growth prospects for companies operating in the industry. The industry study analyzes the global Liraglutide market across By Brand (Victoza, Saxenda), By Application (Diabetes, Obesity)

The liraglutide market is witnessing significant growth driven by the increasing prevalence of type 2 diabetes and obesity worldwide, as well as the growing demand for injectable GLP-1 receptor agonists that offer effective glycemic control, weight management benefits, and cardiovascular risk reduction in diabetic patients. With advancements in drug delivery technologies and clinical evidence supporting the cardioprotective effects of liraglutide, there is a rising opportunity for liraglutide manufacturers to expand market penetration and explore new indications, such as non-alcoholic steatohepatitis (NASH) and chronic kidney disease (CKD), that address the unmet medical needs of diabetic and high-risk patient populations. Further, the expanding applications of liraglutide in combination therapy, early intervention, and preventive medicine are driving market expansion further.
