## Abstracts

### 2020 Oral Mucositis PIPELINE HIGHLIGHTS

Oral Mucositis is one of the widely researched conditions during 2020 with 16 companies actively focusing on realizing pipeline's potential. Development of Oral Mucositis medicines is identified as integral to the strategy of the majority of companies operating in the industry.

Global Oral Mucositis market presents promising new product pipeline with NME Projects, pivotal trials, and rapidly phase-advancing therapeutic candidates. Increasing number of companies are assessing the feasibility of developing treatment options for Oral Mucositis.

Good progress is anticipated during 2020 and 2021 with Oral Mucositis pipeline molecules advancing from pre-clinical investigation to completion of advanced Phase clinical trials. Oral Mucositis pipeline continues to expand and progress with novel mechanisms and diverse routes of administration being tested by companies.

### Oral Mucositis DRUG DEVELOPMENT PIPELINE OVERVIEW

The "Oral Mucositis pipeline Research Monitor, 2020" report is an analytical research study on the progress achieved by pipeline companies during the year along with its historical development, current status, and outlook.

This Oral Mucositis pipeline review explores high-potential early to late-stage pipeline projects with a continued focus on new insights, accelerated processes, and pipeline progression.

The competitive intelligence report on Oral Mucositis presents detailed insights into therapeutic drug pipeline development, industry news, deals, and analysis across the length and breadth of the Oral Mucositis pipeline. Information on R&D pipeline updates,

results of key clinical trials are also included in the report.

### Oral Mucositis DRUG PROFILES

Oral Mucositis development pipeline including projects in early- and late-stage development are detailed in the report. Details of clinical trial data and submissions to regulatory authorities are also provided. For the drug candidates included in the report, the following information is provided-

Current Status of Development including phase advancements, regulatory approvals of phases, acquisitions, licensing and technology transfers, product launches in various markets, and others.

Phase of development

Mechanism of Action

Route of Administration

Companies involved including originator, licensing companies, developer, investors, and others

New molecular entity details

Orphan drug designation and other special status provided by regulators

### Oral Mucositis COMPANY PROFILES

Both small size and large size pharmaceutical companies are investing their resources in Oral Mucositis drug development operations. Further, financial institutions are extending support to small pharmaceutical companies, universities, and other researchers for the development of treatment of Oral Mucositis. Partnerships and acquisitions are also increasingly observed in the pipeline.

This research report presents an analysis of 16 Oral Mucositis companies including company overview, key snapshot, contact information, and their strategies on accelerating Oral Mucositis pipeline development. Mid-stage and early portfolios of these companies are analyzed in detail in the report.

Companies analyzed in the report include- Allander Biotechnologies LLC, BIOCND Inc,

## **REASONS TO BUY**

The current market conditions are forcing companies and investors worldwide to prioritize their investments and accelerate pipeline candidates only through careful quantitative assessment.

This research work assists decision makers in pharmaceutical companies towards successful pipeline development through critically evaluated pipeline data

Buyers can identify most promising drug candidates for treatment of Oral Mucositis

It allows users to strengthen their pipeline through acquisitions, licensing and collaborations

Users can estimate possible delays in the delivery of pipeline or launch of new products

Stay ahead of competition through understanding their pipeline progression, strategies and outlook

The report details all the pipeline candidates under investigation in various stages of development from Phase I through to Phase III to enable business development managers to understand the impact of new launches.

Optimize your licensing and technology transfer strategies through identification of prospect partners

- 1.2 Oral Mucositis- Market Size
- 1.3 Oral Mucositis- Companies Involved

### **2. ORAL MUCOSITIS PIPELINE SNAPSHOT- 2020**

- 2.1 Oral Mucositis Pipeline by Phase
- 2.2 Oral Mucositis Pipeline by Mechanism of Action
- 2.3 Oral Mucositis Pipeline by Route of Administration
- 2.4 Oral Mucositis Pipeline- New Molecular Entities
- 2.5 Oral Mucositis Pipeline- Orphan Drug Designation/ Special Designation

### **3. ORAL MUCOSITIS DRUG PROFILES**

- 3.1 Current Status
- 3.2 Oral Mucositis Drug Snapshot
- 3.3 Oral Mucositis Therapeutic Candidates- Originator/Licensors
- 3.4 Route of Administration
- 3.5 Mechanism of Action
- 3.6 NME
- 4.1 Allander Biotechnologies LLC Oral Mucositis Pipeline Insights and Clinical Trials
- 4.2 BIOCND Inc Oral Mucositis Pipeline Insights and Clinical Trials
- 4.3 Clevexel Pharma SAS Oral Mucositis Pipeline Insights and Clinical Trials
- 4.4 Enzychem Lifesciences Corporation Oral Mucositis Pipeline Insights and Clinical Trials
- 4.5 Galera Therapeutics Inc Oral Mucositis Pipeline Insights and Clinical Trials
- 4.6 GlycoMira Therapeutics Inc Oral Mucositis Pipeline Insights and Clinical Trials
- 4.7 Humanetics Corp Oral Mucositis Pipeline Insights and Clinical Trials
- 4.8 Innovation Pharmaceuticals Oral Mucositis Pipeline Insights and Clinical Trials
- 4.9 Lakewood-Amedex Inc Oral Mucositis Pipeline Insights and Clinical Trials
- 4.10 Matrix Biomed Inc Oral Mucositis Pipeline Insights and Clinical Trials
- 4.11 Monopar Therapeutics Inc Oral Mucositis Pipeline Insights and Clinical Trials
- 4.12 Oragenics Inc Oral Mucositis Pipeline Insights and Clinical Trials
- 4.13 Soligenix Inc Oral Mucositis Pipeline Insights and Clinical Trials
- 4.14 Spectrum Pharmaceuticals Inc Oral Mucositis Pipeline Insights and Clinical Trials

4.15 Spherium Biomed SL Oral Mucositis Pipeline Insights and Clinical Trials

4.16 Sunny Pharmtech Inc Oral Mucositis Pipeline Insights and Clinical Trials
