2020 Otitis Media PIPELINE HIGHLIGHTS

Otitis Media is one of the widely researched conditions during 2020 with 12 companies actively focusing on realizing pipeline's potential. Development of Otitis Media medicines is identified as integral to the strategy of the majority of companies operating in the industry.

Global Otitis Media market presents promising new product pipeline with NME Projects, pivotal trials, and rapidly phase-advancing therapeutic candidates. Increasing number of companies are assessing the feasibility of developing treatment options for Otitis Media.

Good progress is anticipated during 2020 and 2021 with Otitis Media pipeline molecules advancing from pre-clinical investigation to completion of advanced Phase clinical trials. Otitis Media pipeline continues to expand and progress with novel mechanisms and diverse routes of administration being tested by companies.

Otitis Media DRUG DEVELOPMENT PIPELINE OVERVIEW

The "Otitis Media pipeline Research Monitor, 2020" report is an analytical research study on the progress achieved by pipeline companies during the year along with its historical development, current status, and outlook.

This Otitis Media pipeline review explores high-potential early to late-stage pipeline projects with a continued focus on new insights, accelerated processes, and pipeline progression.

The competitive intelligence report on Otitis Media presents detailed insights into therapeutic drug pipeline development, industry news, deals, and analysis across the length and breadth of the Otitis Media pipeline. Information on R&D pipeline updates, results of key clinical trials are also included in the report.

Otitis Media DRUG PROFILES

Otitis Media development pipeline including projects in early- and late-stage development are detailed in the report. Details of clinical trial data and submissions to regulatory authorities are also provided. For the drug candidates included in the report, the following information is provided-

Current Status of Development including phase advancements, regulatory approvals of phases, acquisitions, licensing and technology transfers, product launches in various markets, and others.

Phase of development

Mechanism of Action

Route of Administration

Companies involved including originator, licensing companies, developer, investors, and others

New molecular entity details

Orphan drug designation and other special status provided by regulators

Otitis Media COMPANY PROFILES

Both small size and large size pharmaceutical companies are investing their resources in Otitis Media drug development operations. Further, financial institutions are extending support to small pharmaceutical companies, universities, and other researchers for the development of treatment of Otitis Media. Partnerships and acquisitions are also increasingly observed in the pipeline.

This research report presents an analysis of 12 Otitis Media companies including company overview, key snapshot, contact information, and their strategies on accelerating Otitis Media pipeline development. Mid-stage and early portfolios of these companies are analyzed in detail in the report.

Companies analyzed in the report include- Blue Water Vaccines Inc, Ceolia Pharma Co Ltd, Earnano LLC, Lee's Pharmaceutical Holdings Ltd, Merck & Co Inc, MerLion

Pharmaceuticals Pte Ltd, Novus Therapeutics Inc, Olymvax Biopharmaceuticals Inc, O-Ray Pharma Inc, ProclRx LLC, Vaxcyte Inc, Yuhan Corp

REASONS TO BUY

The current market conditions are forcing companies and investors worldwide to prioritize their investments and accelerate pipeline candidates only through careful quantitative assessment.

This research work assists decision makers in pharmaceutical companies towards successful pipeline development through critically evaluated pipeline data

Buyers can identify most promising drug candidates for treatment of Otitis Media

It allows users to strengthen their pipeline through acquisitions, licensing and collaborations

Users can estimate possible delays in the delivery of pipeline or launch of new products

Stay ahead of competition through understanding their pipeline progression, strategies and outlook

The report details all the pipeline candidates under investigation in various stages of development from Phase I through to Phase III to enable business development managers to understand the impact of new launches.

Optimize your licensing and technology transfer strategies through identification of prospect partners

Contents

1. INTRODUCTION TO OTITIS MEDIA

- 1.1 Otitis Media- Disease overview
- 1.2 Otitis Media- Market Size
- 1.3 Otitis Media- Companies Involved

2. OTITIS MEDIA PIPELINE SNAPSHOT- 2020

- 2.1 Otitis Media Pipeline by Phase
- 2.2 Otitis Media Pipeline by Mechanism of Action
- 2.3 Otitis Media Pipeline by Route of Administration
- 2.4 Otitis Media Pipeline- New Molecular Entities
- 2.5 Otitis Media Pipeline- Orphan Drug Designation/ Special Designation

3. OTITIS MEDIA DRUG PROFILES

- 3.1 Current Status
- 3.2 Otitis Media Drug Snapshot
- 3.3 Otitis Media Therapeutic Candidates- Originator/Licensors
- 3.4 Route of Administration
- 3.5 Mechanism of Action
- 3.6 NME
- 4.1 Blue Water Vaccines Inc Otitis Media Pipeline Insights and Clinical Trials
- 4.2 Ceolia Pharma Co Ltd Otitis Media Pipeline Insights and Clinical Trials
- 4.3 Earnano LLC Otitis Media Pipeline Insights and Clinical Trials
- 4.4 Lee's Pharmaceutical Holdings Ltd Otitis Media Pipeline Insights and Clinical Trials
- 4.5 Merck & Co Inc Otitis Media Pipeline Insights and Clinical Trials
- 4.6 MerLion Pharmaceuticals Pte Ltd Otitis Media Pipeline Insights and Clinical Trials
- 4.7 Novus Therapeutics Inc Otitis Media Pipeline Insights and Clinical Trials
- 4.8 Olymvax Biopharmaceuticals Inc Otitis Media Pipeline Insights and Clinical Trials
- 4.9 O-Ray Pharma Inc Otitis Media Pipeline Insights and Clinical Trials
- 4.10 ProclaRx LLC Otitis Media Pipeline Insights and Clinical Trials
- 4.11 Vaxcyte Inc Otitis Media Pipeline Insights and Clinical Trials
- 4.12 Yuhan Corp Otitis Media Pipeline Insights and Clinical Trials

5. OTITIS MEDIA MARKET NEWS AND UPDATES

6. APPENDIX

6.1 Sources and Methodology
