Abstracts

Over-the-top Companies are revising their long-term strategies to emerge stronger in the post-COVID pandemic scenario. After facing series of challenges such as supply chain disruption, demand fluctuations, other pressing concerns during 2020, companies are revising their strategies through modifying the composition of product portfolios, investing in capital expenditures, R&D strategies, mergers and acquisitions, and other growth strategies.

The report analyzes multiple recovery scenarios considering evolving Over-the-top market demand, economic recovery conditions, and other global and regional changes. The impact of the COVID-19 crisis on long-term Over-the-top markets, growth outlook across types and application segments, strategies for emerging from the crisis are detailed in the report. The global semiconductors and electronics industry witnessed diverse trends over the past two years with manufacturing and other heavy industries facing operational challenges due to restricted cash flow during the pandemic. On the other hand, data center services, cloud computing, and other online supporting sectors gained significantly from the market trends. End-user spending of Over-the-top market is expected to rebound significantly over the near term future.

Key Strategies set to impact the global Over-the-top companies beyond 2021

To emerge strongly from the COVID-19 crisis, Over-the-top companies are likely to develop effective crisis-management strategies including emphasis on next-generation products, and solutions, Modestly reducing Over-the-top R&D budgets, Constant monitoring on Over-the-top market trends, Systematic approaches to investment/divestment, Carefully launching marketing strategies, Strengthening long

term contracts, Others

The global semiconductors, electronics, information, communication, and technology industry witnessed diverse trends over the past two years with manufacturing and other heavy industries facing operational challenges. On the other hand, data center services, cloud computing, and other online supporting sectors gained significantly from the market trends.

Report Description

Introduction to Over-the-top market research, 2021

The global Over-the-top market report presents comprehensive coverage of Over-the-top market trends, drivers, opportunities, and presents unique market opportunities for companies operating and expanding in the Over-the-top industry. It is a focused research study on Over-the-top markets and presents the outlook for global and regional markets over the eight years to 2028.
