## **Abstracts**

The global Plant-based Excipients market size is poised to register 4.83% growth from 2024 to 2030, presenting significant growth prospects for companies operating in the industry. The industry study analyzes the global Plant-based Excipients market across By Chemical Nature (Carbohydrates, Proteins, Polymers, Minerals, Glycoside & Waxes, Esters, Ethers & Carboxylic Acids, Others), By Application (Binders & Diluents, Glidants, Lubricants & Disintegrants, Film Forming & Coating Agents, Plasticizers, Suspending Agents, Preservatives & Antioxidants, Colorants & Flavoring Agents).

The Plant-based Excipients market is driven by the rising demand for natural and organic ingredients in pharmaceutical formulations. Plant-based excipients offer advantages such as improved biocompatibility, reduced allergic reactions, and enhanced patient compliance. Growing concerns about the safety and sustainability of synthetic excipients are fueling the adoption of plant-based alternatives.

Plant-based Excipients Market Drivers, Trends, Opportunities, and Growth Opportunities

This comprehensive study discusses the latest trends and the most pressing challenges for industry players and investors. The Plant-based Excipients market research analyses the global market trends, key drivers, challenges, and opportunities in the industry. In addition, the latest Future of Plant-based Excipients survey report provides the market size outlook across types, applications, and other segments across the world and regions. It provides data-driven insights and actionable recommendations for companies in the Plant-based Excipients industry.

### Key market trends defining the global Plant-based Excipients demand in 2024 and Beyond

The industry continues to remain an attractive hub for opportunities for both domestic and global vendors. As the market evolves, factors such as emerging market dynamics, demand from end-user sectors, a growing patient base, changes in consumption patterns, and widening distribution channels continue to play a major role.

### Plant-based Excipients Market Segmentation- Industry Share, Market Size, and Outlook to 2030

The Plant-based Excipients industry comprises a wide range of segments and sub-segments. The rising demand for these product types and applications is supporting companies to increase their investment levels across niche segments. Accordingly, leading companies plan to generate a large share of their future revenue growth from expansion into these niche segments. The report presents the market size outlook across segments to support Plant-based Excipients companies scaling up production in these sub-segments with a focus on expanding into emerging countries.

### Key strategies adopted by companies within the Plant-based Excipients industry

Leading Plant-based Excipients companies are boosting investments to capitalize on untapped potential and future possibilities across niche market segments and surging demand conditions in key regions. Further, companies are leveraging advanced technologies to unlock opportunities and achieve operational excellence. The report provides key strategies opted for by the top 10 Plant-based Excipients companies.

### Plant-based Excipients Market Study- Strategic Analysis Review

The Plant-based Excipients market research report dives deep into the qualitative

factors shaping the market, empowering you to make informed decisions-

**Industry Dynamics:** Porter's Five Forces analysis to understand bargaining power, competitive rivalry, and threats that impact long-term strategy formulation.

**Strategic Insights:** Provides valuable perspectives on key players and their approaches based on comprehensive strategy analysis.

**Internal Strengths and Weaknesses:** Develop targeted strategies to leverage strengths, address weaknesses, and capitalize on market opportunities.

**Future Possibilities:** Prepare for diverse outcomes with in-depth scenario analysis. Explore potential market disruptions, technology advancements, and economic changes.

## Plant-based Excipients Market Size Outlook- Historic and Forecast Revenue in Three Cases

The Plant-based Excipients industry report provides a detailed analysis and outlook of revenue generated by companies from 2018 to 2023. Further, with actual data for 2023, the report forecasts the market size outlook from 2024 to 2030 in three case scenarios- low case, reference case, and high case scenarios.

## Plant-based Excipients Country Analysis and Revenue Outlook to 2030

The report analyses 22 countries worldwide including the key driving forces and market size outlook from 2021 to 2030. In addition, region analysis across Asia Pacific, Europe, the Middle East, Africa, North America, and South America is included in the study. For each of the six regions, the market size outlook by segments is forecast for 2030.

## North America Plant-based Excipients Market Size Outlook- Companies plan for focused investments in a changing environment

The US continues to remain the market leader in North America, driven by a large consumer base, the presence of well-established providers, and a strong end-user industry demand. Leading companies focus on new product launches in the changing environment. The US economy is expected to grow in 2024 (around 2.2% growth in

2024), potentially driving demand for various Plant-based Excipients market segments. Similarly, Strong end-user demand is encouraging Canadian Plant-based Excipients companies to invest in niche segments. Further, as Mexico continues to strengthen its trade relations and invest in technological advancements, the Mexico Plant-based Excipients market is expected to experience significant expansion, offering lucrative opportunities for both domestic and international stakeholders.

Europe Plant-based Excipients Market Size Outlook-Companies investing in assessing consumers, categories, competitors, and capabilities

The German industry remains the major market for companies in the European Plant-based Excipients industry with consumers in Germany, France, the UK, Spain, Italy, and others anticipated to register a steady demand throughout the forecast period, driving the overall market prospects. In addition, the proactive approach of businesses in identifying and leveraging new growth prospects positions the European Plant-based Excipients market for an upward trajectory, fostering both domestic and international interest. Leading brands operating in the industry are emphasizing effective marketing strategies, innovative product offerings, and a keen understanding of consumer preferences.

Asia Pacific Plant-based Excipients Market Size Outlook- an attractive hub for opportunities for both local and global companies

The increasing prevalence of indications, robust healthcare expenditure, and increasing investments in healthcare infrastructure drive the demand for Plant-based Excipients in Asia Pacific. In particular, China, India, and South East Asian Plant-based Excipients markets present a compelling outlook for 2030, acting as a magnet for both domestic and multinational manufacturers seeking growth opportunities. Similarly, with a burgeoning population and a rising middle class, India offers a vast consumer market. Japanese and Korean companies are quickly aligning their strategies to navigate changes, explore new markets, and enhance their competitive edge. Our report utilizes in-depth interviews with industry experts and comprehensive data analysis to provide a comprehensive outlook of 6 major markets in the region.

Latin America Plant-based Excipients Market Size Outlook- Continued urbanization and rising income levels

Rising income levels contribute to greater purchasing power among consumers, spurring consumption and creating opportunities for market expansion. Continued

urbanization and rising income levels are expected to sustainably drive consumption growth in the medium to long term.

Middle East and Africa Plant-based Excipients Market Size Outlook- continues its upward trajectory across segments

Robust demand from Middle Eastern countries including Saudi Arabia, the UAE, Qatar, Kuwait, and other GCC countries supports the overall Middle East Plant-based Excipients market potential. Fueled by increasing healthcare expenditure of individuals, growing population, and high prevalence across a few markets drives the demand for Plant-based Excipients.

Plant-based Excipients Market Company Profiles

The global Plant-based Excipients market is characterized by intense competitive conditions with leading companies opting for aggressive marketing to gain market shares. The report presents business descriptions, SWOT analysis, growth strategies, and financial profiles. Leading companies included in the study are ADC, BASF Corp, Cristalco, DFE Pharma, Evonik, Henan Fumei Bio-Technology Co. Ltd, JRS PHARMA, Lonza, Micro Powders Inc, Roquette Freres, SpecializedRx

Recent Plant-based Excipients Market Developments

The global Plant-based Excipients market study presents recent market news and developments including new product launches, mergers, acquisitions, expansions, product approvals, and other updates in the industry.

### 1. EXECUTIVE SUMMARY

- 1.1 Plant-based Excipients Market Overview and Key Findings, 2024
- 1.2 Plant-based Excipients Market Size and Growth Outlook, 2021- 2030
- 1.3 Plant-based Excipients Market Growth Opportunities to 2030
- 1.4 Key Plant-based Excipients Market Trends and Challenges
  - 1.4.1 Plant-based Excipients Market Drivers and Trends
  - 1.4.2 Plant-based Excipients Market Challenges
- 1.5 Competitive Landscape and Key Players
- 1.6 Competitive Analysis- Growth Strategies Adopted by Leading Plant-based Excipients Companies

### 2. PLANT-BASED EXCIPIENTS MARKET SIZE OUTLOOK TO 2030

- 2.1 Plant-based Excipients Market Size Outlook, USD Million, 2021- 2030
- 2.2 Plant-based Excipients Incremental Market Growth Outlook, %, 2021- 2030
- 2.3 Segment Snapshot, 2024

### 3. PLANT-BASED EXCIPIENTS MARKET- STRATEGIC ANALYSIS REVIEW

- 3.1 Porter's Five Forces Analysis
  - \* Threat of New Entrants
  - \* Threat of Substitutes
  - \* Intensity of Competitive Rivalry
  - \* Bargaining Power of Buyers
  - \* Bargaining Power of Suppliers
- 3.2 Value Chain Analysis
- 3.3 SWOT Analysis

### 4. PLANT-BASED EXCIPIENTS MARKET SEGMENTATION ANALYSIS AND OUTLOOK
