Abstracts

Global Potash Market Overview- 2021

The global Potash market outlook report presents an in-depth analysis of the market size forecasts, potential growth opportunities, market share analysis, key trends, drivers, and challenges facing companies in the industry, along with market developments and post-COVID pandemic analysis.

The Potash industry is one of the potential growth markets worldwide with high growth prospects over the forecast period. A large number of opportunities are identified across Potash market segments in the market study.

Revenue Impact and Post COVID Analysis to 2028

The global impact of the COVID-19 pandemic on Potash markets and companies is analyzed. The revenue impact on the global market size is assessed in the report. Further, the recovery across countries is analyzed in three scenarios.

Low growth scenario (Delayed PMI index recovery, slow pace of vaccine rollout, significant third wave impact, and supply chain disruptions extend into long term future)

Reference case scenario (Quick PMI index recovery, good pace of vaccine rollout, low third wave impact, and supply chain disruptions can be handled in short term)

High growth scenario (Rapid PMI index growth, vaccine rollout at good pace, low third wave impact, and limited impact of supply chain disruptions in 2022)
