## Abstracts

### 2020 Pressure Ulcers PIPELINE HIGHLIGHTS

Pressure Ulcers is one of the widely researched conditions during 2020 with 6 companies actively focusing on realizing pipeline's potential. Development of Pressure Ulcers medicines is identified as integral to the strategy of the majority of companies operating in the industry.

Global Pressure Ulcers market presents promising new product pipeline with NME Projects, pivotal trials, and rapidly phase-advancing therapeutic candidates. Increasing number of companies are assessing the feasibility of developing treatment options for Pressure Ulcers.

Good progress is anticipated during 2020 and 2021 with Pressure Ulcers pipeline molecules advancing from pre-clinical investigation to completion of advanced Phase clinical trials. Pressure Ulcers pipeline continues to expand and progress with novel mechanisms and diverse routes of administration being tested by companies.

### Pressure Ulcers DRUG DEVELOPMENT PIPELINE OVERVIEW

The "Pressure Ulcers pipeline Research Monitor, 2020" report is an analytical research study on the progress achieved by pipeline companies during the year along with its historical development, current status, and outlook.

This Pressure Ulcers pipeline review explores high-potential early to late-stage pipeline projects with a continued focus on new insights, accelerated processes, and pipeline progression.

The competitive intelligence report on Pressure Ulcers presents detailed insights into therapeutic drug pipeline development, industry news, deals, and analysis across the length and breadth of the Pressure Ulcers pipeline. Information on R&D pipeline

updates, results of key clinical trials are also included in the report.

## Pressure Ulcers DRUG PROFILES

Pressure Ulcers development pipeline including projects in early- and late-stage development are detailed in the report. Details of clinical trial data and submissions to regulatory authorities are also provided. For the drug candidates included in the report, the following information is provided-

Current Status of Development including phase advancements, regulatory approvals of phases, acquisitions, licensing and technology transfers, product launches in various markets, and others.

Phase of development

Mechanism of Action

Route of Administration

Companies involved including originator, licensing companies, developer, investors, and others

New molecular entity details

Orphan drug designation and other special status provided by regulators

## Pressure Ulcers COMPANY PROFILES

Both small size and large size pharmaceutical companies are investing their resources in Pressure Ulcers drug development operations. Further, financial institutions are extending support to small pharmaceutical companies, universities, and other researchers for the development of treatment of Pressure Ulcers. Partnerships and acquisitions are also increasingly observed in the pipeline.

This research report presents an analysis of 6 Pressure Ulcers companies including company overview, key snapshot, contact information, and their strategies on accelerating Pressure Ulcers pipeline development. Mid-stage and early portfolios of these companies are analyzed in detail in the report.

Companies analyzed in the report include- EyeGene Inc, MimeTech Srl, NovaLead

Pharma Pvt Ltd, Obatala Sciences Inc, Shionogi & Co Ltd, Topadur Pharma AG

## REASONS TO BUY

The current market conditions are forcing companies and investors worldwide to prioritize their investments and accelerate pipeline candidates only through careful quantitative assessment.

This research work assists decision makers in pharmaceutical companies towards successful pipeline development through critically evaluated pipeline data

Buyers can identify most promising drug candidates for treatment of Pressure Ulcers

It allows users to strengthen their pipeline through acquisitions, licensing and collaborations

Users can estimate possible delays in the delivery of pipeline or launch of new products

Stay ahead of competition through understanding their pipeline progression, strategies and outlook

The report details all the pipeline candidates under investigation in various stages of development from Phase I through to Phase III to enable business development managers to understand the impact of new launches.

Optimize your licensing and technology transfer strategies through identification of prospect partners

## Contents

### **1. INTRODUCTION TO PRESSURE ULCERS**

- 1.1 Pressure Ulcers- Disease overview
- 1.2 Pressure Ulcers- Market Size
- 1.3 Pressure Ulcers- Companies Involved

### **2. PRESSURE ULCERS PIPELINE SNAPSHOT- 2020**

- 2.1 Pressure Ulcers Pipeline by Phase
- 2.2 Pressure Ulcers Pipeline by Mechanism of Action
- 2.3 Pressure Ulcers Pipeline by Route of Administration
- 2.4 Pressure Ulcers Pipeline- New Molecular Entities
- 2.5 Pressure Ulcers Pipeline- Orphan Drug Designation/ Special Designation

### **3. PRESSURE ULCERS DRUG PROFILES**

- 3.1 Current Status
- 3.2 Pressure Ulcers Drug Snapshot
- 3.3 Pressure Ulcers Therapeutic Candidates- Originator/Licensors
- 3.4 Route of Administration
- 3.5 Mechanism of Action
- 3.6 NME
- 4.1 EyeGene Inc Pressure Ulcers Pipeline Insights and Clinical Trials
- 4.2 MimeTech Srl Pressure Ulcers Pipeline Insights and Clinical Trials
- 4.3 NovaLead Pharma Pvt Ltd Pressure Ulcers Pipeline Insights and Clinical Trials
- 4.4 Obatala Sciences Inc Pressure Ulcers Pipeline Insights and Clinical Trials
- 4.5 Shionogi & Co Ltd Pressure Ulcers Pipeline Insights and Clinical Trials
- 4.6 Topadur Pharma AG Pressure Ulcers Pipeline Insights and Clinical Trials

### **5. PRESSURE ULCERS MARKET NEWS AND UPDATES**

### **6. APPENDIX**

- 6.1 Sources and Methodology
- 6.2 Contact Information

## I would like to order

Product name: Pressure Ulcers pipeline Research Monitor, 2020- Drugs, Companies, Clinical Trials, R&D pipeline updates, status and outlook

Product link: <https://marketpublishers.com/r/P59CDEC1CB7EEN.html>

Price: US\$ 1,599.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:
