Abstracts

Yellow Fever Drug Development Pipeline Study, H2 2018 is the latest infectious disease publication with comprehensive information of Yellow Fever pipeline products.

DISEASE OVERVIEW

Yellow fever is a mosquito-borne infection that ranges from causing mild fever in infected person to aches and pains and can also progress to serious liver damage and jaundice.

A single dose of vaccine is administered to immunize against yellow fever

United Nations (UN) plans to eradicate yellow fever completely in Africa by 2026 through mass vaccination campaigns.

African and South American population is most affected by yellow fever due to low vaccination levels. Around 90% of deaths worldwide are reported in African countries.

Worldwide, an estimated 0.2 million persons are infected with yellow fever annually. Of these, around 30,000 patients die due to progress in yellow fever. UNICEF currently has agreements with 4 drug companies and procures 30+ million vaccines annually for administering children and adults in African markets.

Accordingly, to gain from the huge market potential, 10 companies are currently investing their research and development efforts on developing vaccines and treatment options for yellow fever infection. Companies currently actively involved in the yellow fever infection pipeline include%li%BioCryst Pharmaceuticals Inc, Emergex Vaccines

Ltd, Ennaid Therapeutics LLC, GE Healthcare Life Sciences, Heat Biologics, Inc., iBio Inc, KinoPharma Inc, Najit Technologies, Sihuan Pharmaceutical Holdings Group Ltd and Takeda Pharmaceuticals.

REPORT DESCRIPTION

The Yellow Fever pipeline guide presents complete overview of drugs currently being developed for Yellow Fever. The pipeline review provides insights into different therapeutic candidates in preclinical, research, discovery, NDA/IND, pre registration, phase 1, phase 2, and phase 3 trials).

Drug development phase, current stage, mechanism of action, route of administration, orphan drug/ fast track/ other designations, drug class are provided for each of the Yellow Fever pipeline candidate.

Research and Development progress along with latest news related to each of the Yellow Fever pipeline candidates is included.

Major companies participating in therapeutic development of Yellow Fever are included in this pipeline report. Company wise pre-clinical and clinical products along with details of drug originator, co-developers/ licensors are provided.

Amid strong interest for cure of Yellow Fever from companies and institutes, the current research work serves as a reliable and comprehensive source of information of global Yellow Fever clinical and pre-clinical products.

The report assists in identifying potential upcoming companies and drugs in Yellow Fever pipeline market along with progress of each drug. It also enables users to formulate effective strategies to stay ahead of competition.

Information in the report is sourced from our proprietary platform, built through extensive primary and secondary research methodology. Data is presented in user friendly and ready to use format.

SCOPE OF YELLOW FEVER PIPELINE REPORT INCLUDES

Panorama of Yellow Fever pipeline markets including statistics on therapeutic drugs and companies involved

Yellow Fever Pipeline candidates across various development phases including both pre-clinical, discovery and clinical stages are covered

Yellow Fever pipeline candidates across various 'Mechanism of Actions' are also presented in the study

Overview of companies participating in Yellow Fever pipeline with short introduction to their businesses and pipeline projects

For each pipeline candidate, drug overview, details of mechanism of Action (MOA), originator, co-developer and licensee are provided.

Research and Development progress and trial details, results wherever available, are also included in the pipeline study

The pipeline study provides information on all ongoing and active projects and also presents the recent news associated with Yellow Fever pipeline therapeutics

REASONS TO BUY

Get clear understanding of the entire Yellow Fever pipeline, with details on active projects

Get in detail information of each product with updated information on each project along with key milestones

Know the list of companies participating in global Yellow Fever pipeline along with progress of each of the company's products and information on associations/collaborations/licensing data

Get trial information for each pipeline product under development

Understand the pipeline structure in terms of mechanism of Action, phase and company

Contents

I. KEY FINDINGS

1. Companies Investing in Yellow Fever Pipeline include-
 - Number of Companies with Yellow Fever projects in pre-clinical Development-
 - Number of Companies with Yellow Fever projects in Clinical Development-
 - Yellow Fever Pipeline Companies based in Americas
 - Yellow Fever Pipeline Companies based in Europe
 - Yellow Fever Pipeline Companies based in Asia Pacific
 - Yellow Fever Pipeline Companies based in Rest of the World
2. Pipeline Candidates include-
 - Yellow Fever Pipeline Agents in pre- clinical/Discovery stage of Development
 - Yellow Fever Pipeline Agents in Clinical Development stage
 - Yellow Fever Pipeline Therapeutic Compounds received special status
 - Mechanism of Action of most pipeline Drugs-
 - Small molecules among the Yellow Fever Pipeline agents

II. INSIGHTS INTO YELLOW FEVER PIPELINE

1. Disease Overview
 - Introduction to Yellow Fever
 - Symptoms and Causes of Yellow Fever
 - Treatment or Prevention Options for Yellow Fever
 - Other Details
2. Phase wise Pipeline Compounds
 - Yellow Fever Pipeline- Pre- Clinical/Discovery stage Drugs
 - Yellow Fever Pipeline- Phase 1 stage Drugs
 - Yellow Fever Pipeline- Phase 2 stage Drugs
 - Yellow Fever Pipeline- Phase 3 stage Drugs
 - Yellow Fever Pipeline- Pre-Registration stage Drugs
3. Company wise Yellow Fever Pipeline Compounds
4. Yellow Fever Pipeline by Mechanism of Action

III. YELLOW FEVER PIPELINE COMPOUND DETAILS

Galidesivir
EMX-001
anti-viral peptide for Yellow Fever

XRX

gp96-based vaccines

yellow fever vaccine

RNA virus Infections

Yellow fever vaccine

JK-05

Yellow Fever (YF-17D) Vaccine

Drug Details

1. Snapshot

Name of the Therapeutic Agent

Originator

Developing Company

Co-Developer/License Partner

Orphan Drug/Fast Track/Designation

Development Phase

2. Drug Overview

3. Mechanism of Action

4. Current Status

5. Clinical Trial Details

IV. YELLOW FEVER PIPELINE COMPANY BRIEFS

BioCryst Pharmaceuticals Inc

Emergex Vaccines Ltd

Ennaid Therapeutics LLC

GE Healthcare Life Sciences

Heat Biologics, Inc.

iBio Inc

KinoPharma Inc

Najit Technologies Inc

Sihuan Pharmaceutical Holdings Group Ltd

Takeda Pharmaceutical Company Ltd

V. LATEST NEWS AND DEVELOPMENTS IN GLOBAL YELLOW FEVER PIPELINE MARKET

VI. APPENDIX

1. Publisher's Expertise

2. Research Methodology

3. Contact Information

Some of the sections depicted above may be removed or modified on the basis of information availability

I would like to order

Product name: Yellow Fever Drug Development Pipeline Study, H2 2018

Product link: <https://marketpublishers.com/r/YE94F59EBCBEN.html>

Price: US\$ 1,200.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:
