

# 2013 Global Fungicides Market: Strategic Assessments of Leading Suppliers

<https://marketpublishers.com/r/GCC27E969BEEN.html>

Date: December 2012

Pages: 378

Price: US\$ 5,920.00 (Single User License)

ID: GCC27E969BEEN

## Abstracts

This new report from Venture Planning Group analyzes marketing strategies of the world's leading agrochemical companies.

The report contains 378 pages, 43 tables and provides agrochemical industry executives with strategically significant competitor information, analysis and insight, critical to the development and implementation of effective marketing and R&D programs. In a highly dynamic and fragmented fungicides market, besieged by intense competition, the ability to anticipate new product introductions and marketing strategies is particularly important and spells the difference between success and failure.

The companies analyzed in the report include Bayer, FMC, Makhteshim-Agan, Monsanto, Nufarm, Sumitomo and Syngenta.

## Report Objectives

To establish comprehensive, factual and cost-effective information base on performance, capabilities, goals and strategies of the world's leading fungicides companies.

To help current suppliers realistically assess their technological and marketing capabilities vis-a-vis leading competitors.

To assist potential market entrants in evaluating prospective acquisitions and joint venture candidates.

To complement organizations' internal competitor information gathering efforts

with strategic analysis, data interpretation and insight.

To identify least competitive market niches with significant growth potential.

The report is based on a combination of primary and secondary information sources, including Venture Planning Group's proprietary database, developed during the firm's continuous monitoring of the agrochemical industry, as well as over 100 syndicated studies and numerous consulting assignments. The database contains current information on major agrochemical companies, technologies, products and executives worldwide.
