Abstracts

IoT – Driving the Digital Connected World: Adoption Trends and Forecast 2015-2020 report provides an overview of the IoT adoption and deployment trend based on survey conducted. The report also includes forecasts on IoT spending and deployment across regions and various categories.

Salient Features of the Report and Key Finding includes:

1. The report provides an overview and brief summary of the current scenario of IoT deployment based on the inputs received from the survey conducted across 25+ companies. The survey inputs were received from more than 70+ respondents.
2. The report includes the summarized version of the key findings from the survey which addressed key questions like External/Internal factors for IoT implementations, success evaluation criteria, Major barriers, Implementation challenges etc.
3. Nearly 60% of the respondents remain in the Planning and Discussion stages, whereas 35% of the respondents claim IoT to be Proof Conceptualization and trial/initial deployment stage in their companies.
4. Nearly 40% of the respondents, have IoT deployments strategies and offerings in less than or upto 6 vertical industries.
5. The overall global IoT services spending is estimated to reach \$41.3 billion, with IoT installed base estimated to reach 30.4 billion by year-end 2020.
6. It also includes forecast data for IoT installed base, IoT spending, IoT installed base for upto 2020.

Contents

1. INTRODUCTION

Overview

IoT Topology and Architecture

Hype Cycle for IoT

Hype Cycle for IoT Standards and Protocols

2. ? SURVEY RESULTS

How Significant will be the impact of IoT on your industry

Internal factors for the implementation of IoT solutions

External factors for the implementation of IoT solutions

Factors for measuring the success-rate of IoT deployment

Major barriers for implementation of IoT solutions

Which vendors impact decision for IoT products and solutions

Major IoT integration challenges

IoT deployment and its adoption stage across various companies

IoT deployment penetration by vendors across industries

Major investment opportunities in IoT

3. FORECASTS

Global IoT installed base by Region forecast, 2015-2020

IoT installed base by Smart City Category forecast, 2015-2020

Global IoT spending by category forecast, 2015-2020

IoT services spending by region forecast, 2015-2020

IoT connected devices forecast, 2016 v/s 2022

I would like to order

Product name: IoT – Driving the Digital Connected World: Adoption Trends and Forecast, 2015-2020

Product link: <https://marketpublishers.com/r/IC88C22EE32EN.html>

Price: US\$ 500.00 (Single User License / Electronic Delivery)
