Abstracts

WinterGreen Impact Market Share Trends product is created using a methodology which includes conducting interviews, mining published data, tracking industry trends, and expert analysis. The combination of the different sources of information allow a unique look at each company's quarterly performance inside a given market segment. This analysis provides a view of the total market segment, where direct comparison between large and small companies is facilitated.

Interviews are conducted with vendors, former employees, distributors, users, and industry experts who inform senior staff of ongoing trends and events. Sufficient interviews are performed to insure understanding of the selected market segment. Published data sources included in market segment analysis are social media comments, blogs, SEC filings, and Internet searches. WinterGreen Research has a 30 year proven track record of accurately forecasting markets.

Now this experience and proprietary data is being used to break out each company's revenues inside a given market sector. The expertise in tracking technology trends is what has allowed accurate forecasting of many diverse markets.
