State of the Global Demographics and Economy

This section of the report presents you with historical and forecast data about key macroeconomic indicators of the global demographics and economy:

What are the values of key global economic indicators (GDP, inflation, unemployment, government debt, etc.)?

What are the values of key global demographic indicators (population, growth rate, life expectancy, age and gender, etc.)?

Analysis of the CIS Beer and Cider Industry

This section of the report provides an overview of the market size and dynamics of the beer and cider industry in the CIS Countries, segmented by the main product groups in volume and value terms for the period 2020-2024. It answers the following questions:

What are the size and dynamics of the CIS beer and cider industry in volume and value terms?

How has the CIS beer and cider industry been segmented by country in volume and value terms over the past five years?

How has the CIS beer and cider industry been segmented by product groups in volume and value terms over the past five years?

How is the industry broken down by segments?

What are the major trends affecting the industry?

Which are the major companies on the CIS beer and cider industry and what are their main characteristics?

How fragmented is the competitive landscape?

What is the degree of competition, based on Porter's five forces?
What are the drivers and challenges affecting the industry development?

CIS Beer and Cider Prices

The price section of the industry research report answers:

How is the industry value chain formed?
What is the structure of price formation?
What are the average retail prices of beer and cider in the CIS Countries and how have they changed over the last five years?
What are the average retail prices of the main product groups within the industry?
How have the beer and cider retail prices in the CIS Countries developed in each of the analyzed countries over the last five years?

Foreign Trade Operations of Beer and Cider in the CIS Countries

The foreign trade operations section of the industry report answers:

How has the trade balance developed over the last five years?
Does the CIS Countries import more beer and cider than it exports within each of the main product groups in the industry?
Which CIS countries are net importers and which - net exporters of beer and cider?

Imports of Beer and Cider to the CIS Countries

The import section of the industry research report answers:

How has the volume and value of beer and cider imports to the CIS Countries changed over the past five years?
How are the CIS beer and cider imports segmented by main product groups?
Which are the major CIS countries importing beer and cider?
Which are the major countries that export beer and cider to the CIS Countries?
What are the average prices of beer and cider imported to each CIS country and how have they changed over the last five years?

Exports of Beer and Cider from the CIS Countries

The export section of the industry report answers:

How has the volume and value of beer and cider exports from the CIS Countries changed over the past five years?
How are the CIS beer and cider exports segmented by main product groups?

Which are the major CIS countries exporting beer and cider?

Which are the main recipient countries of the CIS exports of beer and cider?

What are the average prices of beer and cider exported from each CIS country and how have they changed over the last five years?

Consumption of Beer and Cider in the CIS Countries

This section of the report answers:

What is the per capita consumption of beer and cider in each CIS country in volume and value terms? How has it changed over the past five years?

CIS Beer and Cider Industry Forecast

The final section of the industry report presents a forecast for the industry development in the medium term, based on three scenarios - base, pessimistic, and optimistic. The forecast section answers:

How will the beer and cider industry in the CIS Countries develop over the next six years for each scenario?

What are the forecasted market dynamics of the main product groups within the industry under the base scenario?

Short Methodology

The industry research report is prepared using WMStrategy's proven research methodology. It includes a blend of qualitative and quantitative data. The information comes from official sources and includes insights from market experts (representatives of the main market participants), gathered through semi-structured interviews.

For this particular industry report, at least 20 interviews have been conducted with market experts from the leading companies (producers, distributors, retailers, suppliers, etc.). A detailed methodology is available upon request.

Customization

The report will be updated as of the current month of purchase and will be dispatched within five working days after order confirmation. It can be amended to fit your specific data needs and preferences to cover your individual goals. Contact us to share your particular requirements!

Report Benefits

Discover how the beer and cider industry in the CIS Countries performed in the past (in the last five years) and how it will perform in the future (in the next six years);

Track and identify key industry trends and insights behind recent industry changes;

Understand the overall local demand for the main beer and cider product groups;
Discover which are the most promising markets and segments;
Strategically assess the competitive position of the main industry players;
Evaluate how diversified the industry is in terms of competitive intensity, fragmentation, and environment in order to understand competitive threats;
Assess growth potential, opportunities, demand drivers, and challenges in the industry;
Quickly and cost-effectively receive a complete strategic analysis of the industry;
Improve your pitches and presentations by using verified industry data and expert insights;
Make important strategic decisions safely and with confidence;
Receive professional expertise on the industry and its development;
Empower your marketing, branding, strategy, product and business development with valuable industry insights;
Build your investment strategy by assessing industry attractiveness or company attractiveness;
Evaluate the key macroeconomic indicators to get insight into the general trends within the economy and demographics;
Acquire data your competitors might already have and be acting upon.

Report Users

This industry research report is ideal for people who want to gain a comprehensive understanding of the beer and cider industry in the CIS Countries. It is also tailored to help people who need a clear and fact-based analysis of the market size and dynamics, import, export, foreign trade, and pricing of the main product groups and country markets within the industry. Most often, these people are professionals actively working in the industry as:

C-suite executives;
Directors;
Industry strategists;
Marketing professionals;
Business development professionals;
Product developers;
Product marketers and strategists;
Product managers;
Project managers;
Suppliers;
Traders.

This report can also bring value to professionals, not actively involved in the industry, such as:

Management consultants;
Investment managers;
Financial professionals;
Bank managers;
M&A managers;
Auditors.

Report Data - Unlock Strategic Decisions

The industry research report presents reliable and verified market data. It provides valuable support to make important strategic decisions regarding:

Strategic planning;
Marketing and sales;
Market and industry evaluation;
Evaluation of market opportunities, risks, and challenges;
Regional evaluation and opportunity analysis;
Market entry;
Market growth;
Pricing and promotion;
New product development;
Distribution;
Sourcing and supply chain management;
Company evaluation;
Mergers and acquisitions.
