What are the values of key global economic indicators (GDP, inflation, unemployment,

government debt, etc.)?)

What are the values of key global demographic indicators (population, growth rate, life expectancy, age and gender, etc.)?)

### Analysis of the Global Furniture Industry

This section of the report provides an overview of the size and dynamics of the furniture industry, segmented by the main product groups in value terms for the period 2020-2024. It answers the following questions:

What are the size and dynamics of the global furniture industry in value terms?

How has the global furniture industry been segmented by region and country over the past five years?

How has the global furniture industry been structured by product groups over the past five years?

How is the industry broken down by segments?

What are the major trends affecting the industry?

Which are the major companies in the global furniture industry and what are their main characteristics?

How fragmented is the competitive landscape?

What is the degree of competition based on Porter's five forces?

What are the drivers and challenges affecting industry development?

### Global Furniture Prices

The price section of the industry research report answers:

How is the industry value chain formed?

What is the structure of price formation?

What are the average global retail prices of the main product groups within the industry?

How have the global retail prices of furniture developed in each of the analyzed regions and countries over the last five years?

### Global Foreign Trade Operations of Furniture

The foreign trade section of the industry report answers:

How has the trade balance for each main product group within the industry developed over the past five years?

Which regions and countries are net importers and which - net exporters of beer?

### Global Imports of Furniture

The import section of the industry research report answers:

How has the value of furniture imports changed over the past five years?

How are the global furniture imports segmented by main product groups?

Which are the major regions and countries importing furniture?

What are the average import prices of furniture to each region and country and how have they changed over the last five years?

### Global Exports of Furniture

The export section of the industry report answers:

How has the value of furniture exports changed over the past five years?

How are the global furniture exports segmented by main product groups?

Which are the major regions and countries exporting furniture?

What are the average export prices of furniture from each region and country and how have they changed over the last five years?

### Global Consumption of Furniture

This section of the report answers:

What is the per capita consumption of furniture in each region and country in value terms? How has it changed over the past five years?

### Global Furniture Industry Forecast

The final section of the industry report presents a forecast for the industry development in the medium term (2025F-2030F) based on three scenarios - base, pessimistic, and optimistic. The forecast section answers:

How will the global furniture industry develop over the next six years for each scenario?

What are the forecasted industry dynamics for each region and country under the base scenario?

What are the forecasted industry dynamics of the main product groups under the base scenario?

### Short Methodology

The industry research report is prepared using WMStrategy's proven research methodology. It includes a blend of qualitative and quantitative data. The information comes from official sources and includes insights from market experts (representatives of the main market participants), gathered through semi-structured interviews.

For this particular industry report, at least 30 interviews have been conducted with market experts from the leading companies (producers, distributors, retailers, suppliers, etc.). A detailed methodology is available upon request.

#### Customization

The industry research report will be updated as of the current month of purchase and will be dispatched within five working days after order confirmation. It can be amended to fit your specific data needs and preferences to cover your individual goals. Contact us to share your particular requirements!

#### Report Benefits

Discover how the global furniture industry performed in the past (in the last five years) and how it will perform in the future (in the next six years);

Track and identify industry trends and insights behind recent industry changes;

Understand the overall global demand for the main furniture product groups;

Discover which are the most promising markets and segments;

Strategically assess the competitive position of the main industry players;

Evaluate how diversified the industry is in terms of competitive intensity, fragmentation, and environment to understand competitive threats;

Assess growth potential, opportunities, demand drivers, and challenges on the industry;

Quickly and cost-effectively receive a complete strategic analysis of the industry;

Improve your pitches and presentations by using verified industry data and expert insights;

Make important strategic decisions safely and with confidence;

Receive professional expertise on the industry and its development;

Empower your marketing, branding, strategy, product and business development with valuable industry insights;

Build your investment strategy by assessing industry attractiveness or company attractiveness;

Evaluate the key macroeconomic indicators to get insight into the general trends within the economy and demographics;

Acquire data your competitors might already have and be acting upon.

#### Report Users

This research report is ideal for people who want to gain a comprehensive understanding of the global furniture industry. It is also tailored to help people who need a clear and fact-based analysis of the industry size and dynamics, import, export, foreign trade, and pricing of the main product groups, regional and country markets within the industry. Most often, these people are professionals actively working in the market as:

C-suite executives;  
Directors;  
Industry strategists;  
Marketing professionals;  
Business development professionals;  
Product developers;  
Product marketers and strategists;  
Product managers;

Management consultants;  
Investment managers;  
Financial professionals;  
Bank managers;  
M&A managers;  
Auditors.

#### Report Data - Unlock Strategic Decisions

The industry research report presents reliable and verified market data. It provides valuable support to make important strategic decisions regarding:

Strategic planning;  
Marketing and sales;  
Market and industry evaluation;  
Evaluation of market opportunities, risks, and challenges;  
Regional evaluation and opportunity analysis;  
Market entry;  
Market growth;  
Pricing and promotion;  
New product development;  
Distribution;  
Sourcing and supply chain management;  
Company evaluation;  
Mergers and acquisitions.
