Northeast Asia - China, Hong Kong, Taiwan, Japan, South Korea.

South and Central America - Argentina, Bahamas, Bolivia, Brazil, Chile, Colombia, Costa Rica, Cuba, Dominican Republic, Ecuador, El Salvador, Guatemala, Honduras, Jamaica, Nicaragua, Panama, Paraguay, Peru, Trinidad, Uruguay, Venezuela.

You will receive the industry research report within five working days after order confirmation. Contact us to learn if a shorter delivery time would be possible. After the delivery, you can study the report thoroughly and ask questions within the following three months.

We also offer similar market research reports and special terms for bundle purchases. Within the same industry, we also provide feasibility studies, business plans, due diligence reports, market entry, market development, product launch and product development studies, direct access to millions of potential new consumers, partner search and selection, and more. Feel free to contact us for more information.

State of the Global Demographics and Economy

This section of the industry report presents you with historical and forecast data about key macroeconomic indicators of the global demographics and economy:

What are the values of key global economic indicators (GDP, inflation, unemployment, government debt, etc.)?

What are the values of key global demographic indicators (population, growth rate, life expectancy, age and gender, etc.)?

Analysis of the Global Still Wine Industry

This section of the report provides an overview of the size and dynamics of the still wine industry, segmented by the main product groups in volume and value terms for the period 2020-2024. It answers the following questions:

What are the size and dynamics of the global still wine industry in volume and value terms?

How has the global still wine industry been segmented by region and country over the past five years?

How has the global still wine industry been structured by product groups over the past five years?

How is the industry broken down by segments?

What are the major trends affecting the industry?

Which are the major companies in the global still wine industry and what are their main characteristics?

How fragmented is the competitive landscape?

What is the degree of competition based on Porter's five forces?

What are the drivers and challenges affecting industry development?

Global Still Wine Prices

The price section of the industry research report answers:

How is the industry value chain formed?

What is the structure of price formation?

What are the average global retail prices of the main product groups within the industry?

How have the global retail prices of still wine developed in each of the analyzed regions and countries over the last five years?

Global Foreign Trade Operations of Still Wine

The foreign trade section of the industry report answers:

How has the trade balance for each main product group within the industry developed over the past five years?

Which regions and countries are net importers and which - net exporters of beer?

Global Imports of Still Wine

The import section of the industry research report answers:

How has the volume and value of still wine imports changed over the past five years?

How are the global still wine imports segmented by main product groups?

Which are the major regions and countries importing still wine?

What are the average import prices of still wine to each region and country and how have they changed over the last five years?

Global Exports of Still Wine

The export section of the industry report answers:

How has the volume and value of still wine exports changed over the past five years?

How are the global still wine exports segmented by main product groups?

Which are the major regions and countries exporting still wine?

What are the average export prices of still wine from each region and country and how have they changed over the last five years?

Global Consumption of Still Wine

This section of the report answers:

What is the per capita consumption of still wine in each region and country in volume and value terms? How has it changed over the past five years?

Global Still Wine Industry Forecast

The final section of the industry report presents a forecast for the industry development in the medium term (2025F-2030F) based on three scenarios - base, pessimistic, and optimistic. The forecast section answers:

How will the global still wine industry develop over the next six years for each scenario?

What are the forecasted industry dynamics for each region and country under the base scenario?

What are the forecasted industry dynamics of the main product groups under the base scenario?

Short Methodology

The industry research report is prepared using WMStrategy's proven research methodology. It includes a blend of qualitative and quantitative data. The information comes from official sources and includes insights from market experts (representatives of the main market participants), gathered through semi-structured interviews.

For this particular industry report, at least 30 interviews have been conducted with market experts from the leading companies (producers, distributors, retailers, suppliers, etc.). A detailed methodology is available upon request.

Customization

The industry research report will be updated as of the current month of purchase and will be dispatched within five working days after order confirmation. It can be amended to fit your specific data needs and preferences to cover your individual goals. Contact us to share your particular requirements!

Report Benefits

Discover how the global still wine industry performed in the past (in the last five years) and how it will perform in the future (in the next six years);

Track and identify industry trends and insights behind recent industry changes;

Understand the overall global demand for the main still wine product groups;

Discover which are the most promising markets and segments;

Strategically assess the competitive position of the main industry players;

Evaluate how diversified the industry is in terms of competitive intensity, fragmentation, and environment to understand competitive threats;

Assess growth potential, opportunities, demand drivers, and challenges on the industry;

Quickly and cost-effectively receive a complete strategic analysis of the industry;

Improve your pitches and presentations by using verified industry data and expert insights;

Make important strategic decisions safely and with confidence;

Receive professional expertise on the industry and its development;

Empower your marketing, branding, strategy, product and business development with valuable industry insights;

Build your investment strategy by assessing industry attractiveness or company attractiveness;

Evaluate the key macroeconomic indicators to get insight into the general trends within the economy and demographics;

Acquire data your competitors might already have and be acting upon.

Report Users

This research report is ideal for people who want to gain a comprehensive

understanding of the global still wine industry. It is also tailored to help people who need a clear and fact-based analysis of the industry size and dynamics, import, export, foreign trade, and pricing of the main product groups, regional and country markets within the industry. Most often, these people are professionals actively working in the market as:

- C-suite executives;
- Directors;
- Industry strategists;
- Marketing professionals;
- Business development professionals;
- Product developers;
- Product marketers and strategists;
- Product managers;
- Project managers;
- Suppliers;
- Traders.

This report can also bring value to professionals, not actively involved in the industry, such as:

- Management consultants;
- Investment managers;
- Financial professionals;
- Bank managers;
- M&A managers;
- Auditors.

Report Data - Unlock Strategic Decisions

The industry research report presents reliable and verified market data. It provides valuable support to make important strategic decisions regarding:

- Strategic planning;
- Marketing and sales;
- Market and industry evaluation;
- Evaluation of market opportunities, risks, and challenges;
- Regional evaluation and opportunity analysis;
- Market entry;
- Market growth;
- Pricing and promotion;

New product development;
Distribution;
Sourcing and supply chain management;
Company evaluation;
Mergers and acquisitions.
