The Indonesian Coffee Industry Report Description

This report presents an overview of the Indonesian coffee industry for the period 2020-2024, the effect of recent high-impact world events on it, and a forecast for the industry development in the medium term (2025F-2030F). It is a comprehensive industry report, analyzing multiple products within the beer industry, segmented into several main categories.

This research report provides a strategic analysis of the Indonesian coffee industry and describes the industry size, main market participants, growth and demand drivers, challenges, and other factors that influence the development of the industry. This analysis includes information about the market volume and value, import, export, foreign trade, and pricing of the main product groups within the industry.

This report covers coffee - including roast coffee (fresh coffee, marketed in the form of ground powder, whole coffee beans as well as single-serve coffee (pads and pods)) and instant coffee (soluble coffee products (both standard and specialty products like cappuccino)), and is broken down by:

Product groups: Roast coffee; Instant coffee

Price segments: Mass; Mid-priced; Premium

Distribution channels: HoReCa; Retail

Retail distribution channels: Supermarkets and hypermarkets; Convenience stores; Specialist retailers; Independent retailers

You will receive the industry research report within five working days after order confirmation. Contact us to learn if a shorter delivery time would be possible. After the delivery, you can study the report thoroughly and ask questions within the following three months.

We also offer similar market research reports and special terms for bundle purchases. Within the same industry, we also provide feasibility studies, business plans, due diligence reports, market entry, market development, product launch and product development studies, direct access to millions of potential new consumers, partner search and selection, and more. Contact us for more information.

What are the average retail prices of the main product groups within the industry?

Foreign Trade Operations of Coffee in Indonesia

The foreign trade operations section of the industry report answers:

How has the trade balance developed over the last five years?

Does Indonesia import more coffee than it exports within each of the main product groups in the industry?

Imports of Coffee to Indonesia

The import section of the industry research report answers:

How has the volume and value of coffee imports to Indonesia changed over the past five years?

How are the Indonesian coffee imports segmented by main product groups?

Which are the major countries that export coffee to Indonesia?

What are the average prices of coffee imported to Indonesia and how have they changed over the last five years?

Exports of Coffee from Indonesia

The export section of the industry report answers:

How has the volume and value of coffee exports from Indonesia changed over the past five years?

How are the Indonesian coffee exports segmented by main product groups?

Which are the main recipient countries of the Indonesian exports of coffee?

What are the average prices of coffee exported from Indonesia and how have they changed over the last five years?

Consumption of Coffee in Indonesia

This section of the report answers:

What is the per capita consumption of coffee in Indonesia in volume and value terms?

How has it changed over the past five years?

Indonesian Coffee Industry Forecast

The final section of the industry report presents a forecast for the industry development in the medium term, based on three scenarios - base, pessimistic, and optimistic. The forecast section answers:

How will the coffee industry in Indonesia develop over the next six years for each scenario?

What are the forecasted market dynamics of the main product groups within the industry under the base scenario?

Short Methodology

The industry research report is prepared using WMStrategy's proven research methodology. It includes a blend of qualitative and quantitative data. The information comes from official sources and includes insights from market experts (representatives of the main market participants), gathered through semi-structured interviews.

For this particular industry report, at least 10 interviews have been conducted with market experts from the leading companies (producers, distributors, retailers, suppliers, etc.). A detailed methodology is available upon request.

Customization

The report will be updated as of the current month of purchase and will be dispatched within five working days after order confirmation. It can be amended to fit your specific data needs and preferences to cover your individual goals. Contact us to share your particular requirements!

Report Benefits

Discover how the coffee industry in Indonesia performed in the past (in the last five years) and how it will perform in the future (in the next six years);

Track and identify key industry trends and insights behind recent industry changes;

Understand the overall local demand for the main coffee product groups;

Discover which are the most promising markets and segments;
