The Malaysian Skin Care Industry Report Description

This report presents an overview of the Malaysian skin care industry for the period 2020-2024, the effect of recent high-impact world events on it, and a forecast for the industry development in the medium term (2025F-2030F). It is a comprehensive industry report, analyzing multiple products within the skin care industry, segmented into several main categories.

This research report provides a strategic analysis of the Malaysian skin care industry and describes the industry size, main market participants, growth and demand drivers, challenges, and other factors that influence the development of the industry. This analysis includes information about the market value, import, export, foreign trade, and pricing of the main product groups within the industry.

This report covers skin care - including facial skin care products (face creams, eye creams, face scrubs and lip balms), body care products (body lotions and body creams, body butters, massage oils, hand care products and foot care products), sun protection products (adult sunscreen products, sun sprays and after sun cosmetics), baby and child skin care products (baby lotions, baby oils, baby powders and sunscreen for babies and children) and natural skincare products (facial skin care products with natural ingredients, natural body lotion, natural sun protection products), and is broken down by:

Product groups: Facial skin care products; Body care products; Sun protection products; Baby and child skin care products; Natural skin care products

Price segments: Mass; Mid-priced; Premium

Distribution channels (online vs. offline): Online; Offline

Distribution channels (professional vs. traditional): Professional (e.g. salons and dermatologists); Traditional (retail)

Retail distribution channels: Perfume and cosmetic shops; Supermarkets and hypermarkets; Pharmacies; Convenience stores; Independent retailers

You will receive the industry research report within five working days after order confirmation. Contact us to learn if a shorter delivery time would be possible. After the delivery, you can study the report thoroughly and ask questions within the following three months.

We also offer similar market research reports and special terms for bundle purchases. Within the same industry, we also provide feasibility studies, business plans, due diligence reports, market entry, market development, product launch and product development studies, direct access to millions of potential new consumers, partner search and selection, and more. Contact us for more information.

What are the size and dynamics of the Malaysian skin care industry in value terms?

How has the Malaysian skin care industry been segmented by product groups in value terms over the past five years?

How is the industry broken down by segments?

What are the major trends affecting the industry?

Which are the major companies on the Malaysian skin care industry and what are their main characteristics?

How fragmented is the competitive landscape?

What is the degree of competition, based on Porter's five forces?

What are the drivers and challenges affecting the industry development?

Malaysian Skin Care Prices

The price section of the industry research report answers:

How is the industry value chain formed?

What is the structure of price formation?

What are the average retail prices of skin care in Malaysia and how have they changed over the last five years?

What are the average retail prices of the main product groups within the industry?

Foreign Trade Operations of Skin Care in Malaysia

The foreign trade operations section of the industry report answers:

How has the trade balance developed over the last five years?

Does Malaysia import more skin care than it exports within each of the main product groups in the industry?

Imports of Skin Care to Malaysia

The import section of the industry research report answers:

How has the value of skin care imports to Malaysia changed over the past five years?

How are the Malaysian skin care imports segmented by main product groups?

Which are the major countries that export skin care to Malaysia?

What are the average prices of skin care imported to Malaysia and how have they changed over the last five years?

Exports of Skin Care from Malaysia

The export section of the industry report answers:

How has the value of skin care exports from Malaysia changed over the past five years?

How are the Malaysian skin care exports segmented by main product groups?

Which are the main recipient countries of the Malaysian exports of skin care?

What are the average prices of skin care exported from Malaysia and how have they changed over the last five years?

Consumption of Skin Care in Malaysia

This section of the report answers:

What is the per capita consumption of skin care in Malaysia in value terms? How has it changed over the past five years?

Malaysian Skin Care Industry Forecast

The final section of the industry report presents a forecast for the industry development in the medium term, based on three scenarios - base, pessimistic, and optimistic. The forecast section answers:

How will the skin care industry in Malaysia develop over the next six years for each scenario?

What are the forecasted market dynamics of the main product groups within the industry under the base scenario?

Short Methodology

The industry research report is prepared using WMStrategy's proven research methodology. It includes a blend of qualitative and quantitative data. The information comes from official sources and includes insights from market experts (representatives of the main market participants), gathered through semi-structured interviews. For this particular industry report, at least 10 interviews have been conducted with market experts from the leading companies (producers, distributors, retailers, suppliers, etc.). A detailed methodology is available upon request.

Customization

The report will be updated as of the current month of purchase and will be dispatched within five working days after order confirmation. It can be amended to fit your specific data needs and preferences to cover your individual goals. Contact us to share your particular requirements!

Report Benefits

Discover how the skin care industry in Malaysia performed in the past (in the last five years) and how it will perform in the future (in the next six years);

Track and identify key industry trends and insights behind recent industry changes;

Understand the overall local demand for the main skin care product groups;

Discover which are the most promising markets and segments;

Strategically assess the competitive position of the main industry players;

Evaluate how diversified the industry is in terms of competitive intensity, fragmentation, and environment in order to understand competitive threats;
